GROUP 9

119 questions

ABC categories · theory questions

1. When approaching a stopped vehicle with a flashing red beacon switched on, drivers of vehicles proceeding in that direction must:

1. Stop and continue only after receiving permission.
2. Reduce speed so that they can stop immediately if necessary.
3. Continue driving.

Answer: 1

---

2. When a vehicle with a flashing blue beacon and a special audible signal activated is approaching, drivers of vehicles must:

1. Continue driving.
2. Yield to ensure the unobstructed passage of that vehicle.
3. Reduce speed and yield to ensure the unobstructed passage of that vehicle.

Answer: 2

---

3. Is it mandatory to have the low-beam headlights switched on during daylight hours on mopeds?

1. Mandatory
2. Not mandatory

Answer: 1

---

4. In which case do the rules not require a warning signal to be given?

1. Before stopping at the edge of the roadway.
2. Before a curve in the road within the area of effect of a “Dangerous Turn” sign.
3. Before changing to an adjacent traffic lane.

Answer: 2

---

5. Before changing lanes, a warning signal must be given:

1. Immediately before beginning the maneuver.
2. Immediately after beginning the maneuver.
3. In advance, before beginning the maneuver.

Answer: 3

---

6. When performing a maneuver, a warning signal must be given:

1. Before changing the direction of traffic.
2. While changing the direction of traffic.
3. In advance, before changing the direction of traffic.

Answer: 3

---

7. A warning signal given by hand must be discontinued:

1. **Immediately before beginning the maneuver.**
2. Immediately after completing the maneuver.
3. While performing the maneuver.

Answer: 1

8. In which case must the driver give a warning signal before stopping?

1. If another vehicle is proceeding behind the driver.
2. Only in populated areas.
3. **In all cases.**

Answer: 3

9. If forced to stop on a railroad crossing, what general alarm signal must the driver give by repeated horn signals?

1. Three long and one short.
2. **One long and three short.**
3. One long and two short.

Answer: 2

10. If a turn signal is absent or malfunctioning, a warning signal given by hand must be discontinued:

1. **Immediately before beginning the maneuver.**
2. Immediately after completing the maneuver.
3. While performing the maneuver.

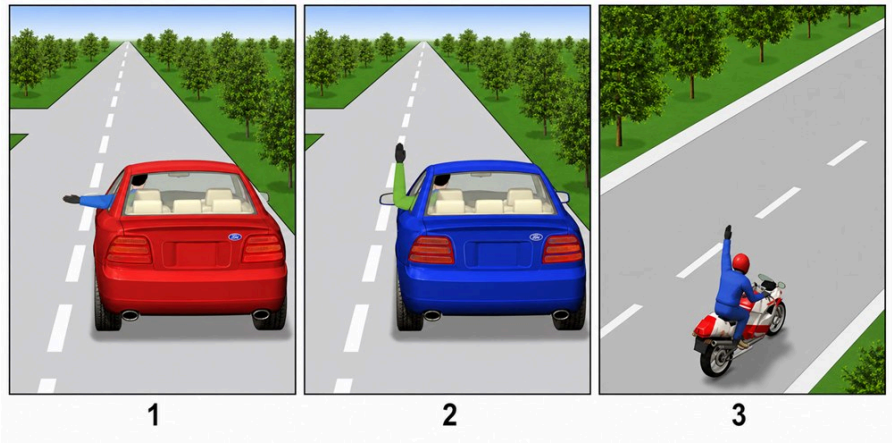

Answer: 1

11. The following combination of horn signals constitutes the general alarm signal given at a railroad crossing:

1. Two long and two short.
2. **One long and three short.**
3. Three long and three short.
4. Three long and one short.

Answer: 2

12. In which image is the driver giving a left-turn signal?

1. 1
2. 2
3. 3

Answer: 1

13. When approaching a stationary vehicle with a red flashing beacon activated, drivers proceeding in the same direction must:

1. Stop and continue only after receiving permission.
2. Reduce speed so that they can stop immediately if necessary.

Answer: 1

14. For what purpose are orange or yellow flashing beacons installed on vehicles?

1. To obtain right-of-way over other road users.
2. To warn other road users of danger.

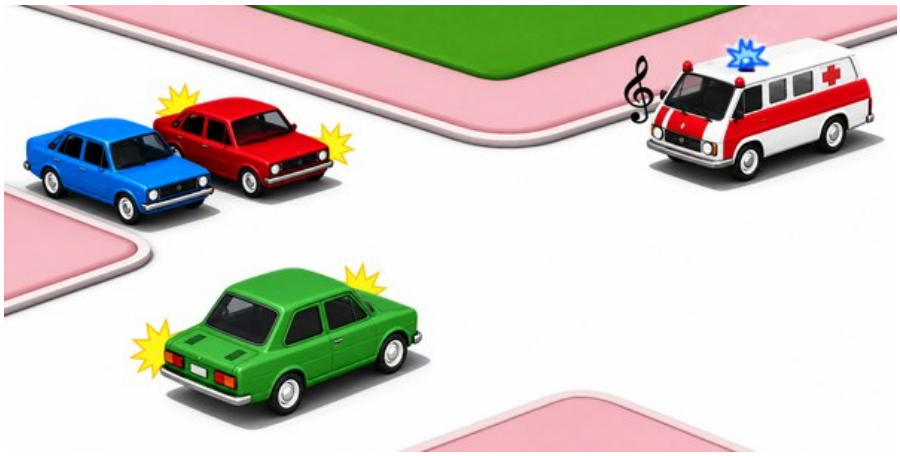

Answer: 2

15. When a vehicle with a blue flashing beacon and a special audible signal activated is approaching, drivers must:

1. Yield to ensure the unobstructed passage of that vehicle.
2. Reduce speed and yield to ensure the unobstructed passage of that vehicle.

Answer: 1

16. **The blue automobile will proceed through the intersection:**

1. First, simultaneously with the red automobile.
2. Second, simultaneously with the red automobile.
3. **Third, simultaneously with the red automobile.**

Answer: 3

---

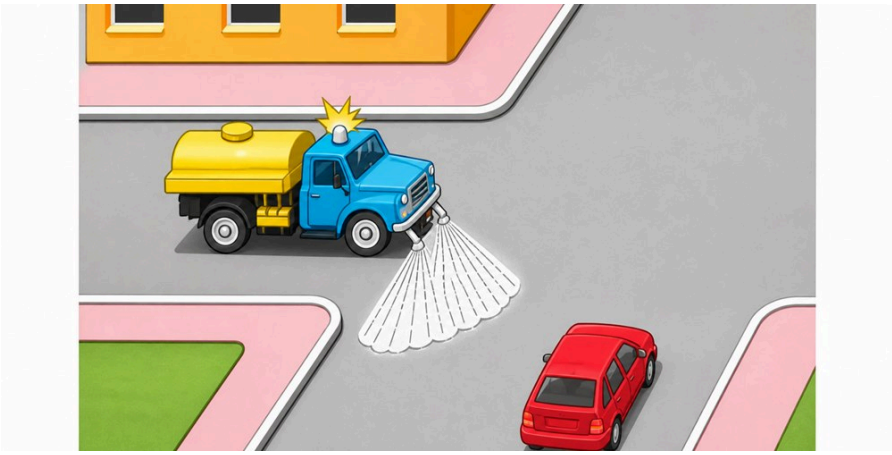

17. **When a vehicle with blue and red flashing beacons and a special audible signal activated is approaching, drivers must:**

1. Yield to ensure the unobstructed passage of that vehicle.
2. **Reduce speed and yield to ensure the unobstructed passage of that vehicle and the vehicles it is escorting.**

Answer: 2

---

18. **Which vehicle driver has the right-of-way?**

1. The driver of the road-cleaning vehicle.
2. **The passenger-car driver.**

Answer: 2

---

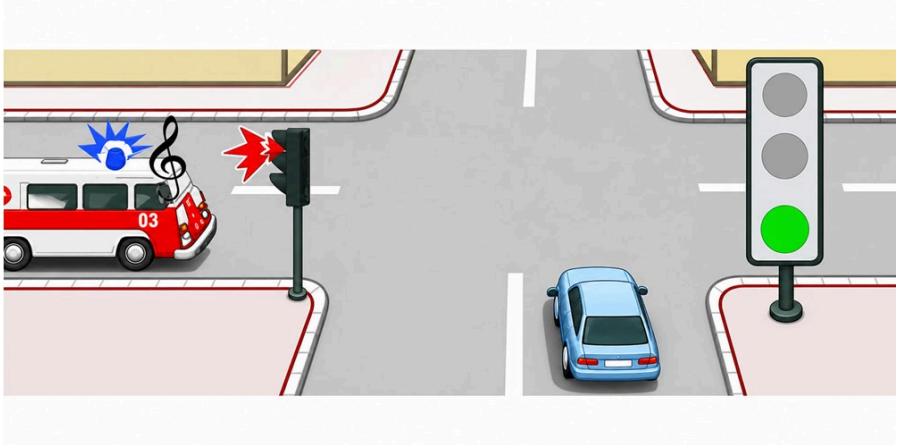

19. The black automobile will proceed through the intersection:

1. First.
2. **Second.**
3. Last.

Answer: 2

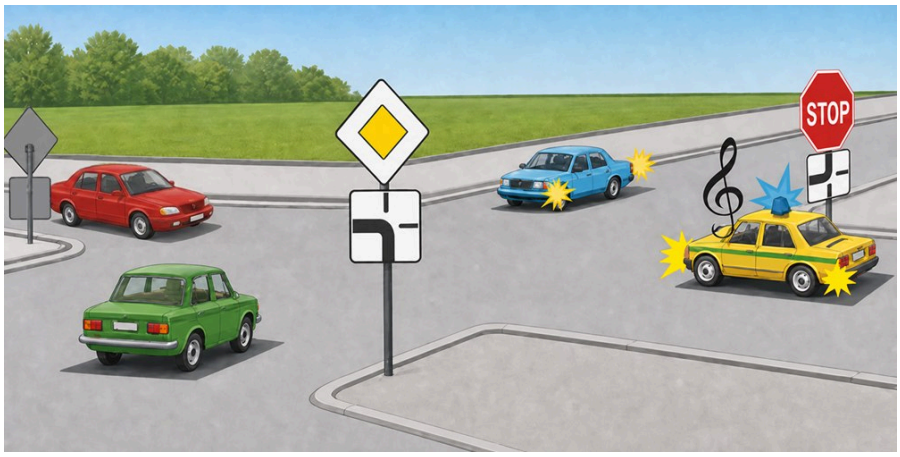

20. Which vehicle driver must yield?

1. The ambulance driver.
2. **The passenger-car driver.**

Answer: 2

21. The blue automobile will proceed through the intersection:

1. First.
2. Second.
3. Third.
4. **Last.**

Answer: 4

---

22. Does an activated yellow (orange) flashing beacon give a vehicle the right-of-way?

1. Yes.
2. **No.**

Answer: 2

---

23. The driver of a vehicle with white flashing beacons activated gives a special audible signal in order to:

1. Obtain right-of-way over other road users.
2. **Attract the attention of police officers and other persons.**

Answer: 2

---

24. The driver of a vehicle equipped with a blue flashing beacon has the right-of-way over other road users if the driver:

1. Has activated the flashing beacon.
2. Is giving a special audible signal.
3. **Has activated the blue flashing beacon and the special audible signal.**

Answer: 3

---

25. Within what distance before a railroad crossing is passing prohibited?

1. Within 50 m before the crossing.
2. **Within 100 m before the crossing.**
3. Within 150 m before the crossing.

Answer: 2

---

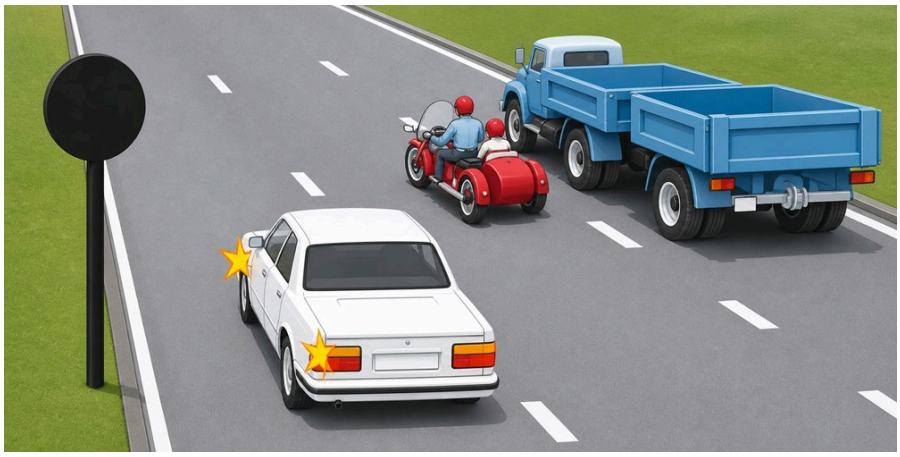

26. Is passing vehicles at an intersection permitted when proceeding on a road that is the priority road relative to the intersecting road?

1. Permitted.
2. **Prohibited.**

Answer: 2

---

27. Is the passenger-car driver permitted to pass in the indicated situation?

1. Permitted.
2. Permitted if the motorcycle's speed does not exceed 30 km/h.
3. **Prohibited.**

Answer: 3

28. Passing is prohibited:

1. **At intersections.**
2. Within 150 m before railroad crossings.
3. In both cases.

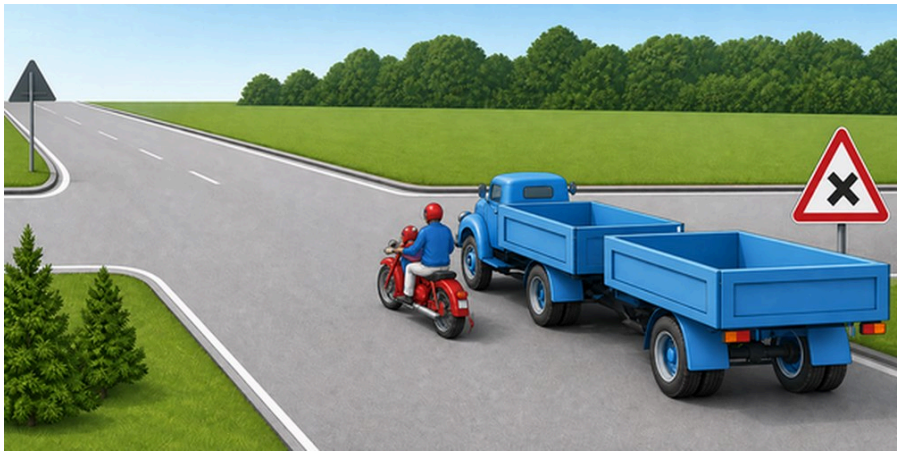

Answer: 1

29. Passing is prohibited:

1. At controlled intersections.
2. At uncontrolled intersections.
3. **In both cases.**

Answer: 3

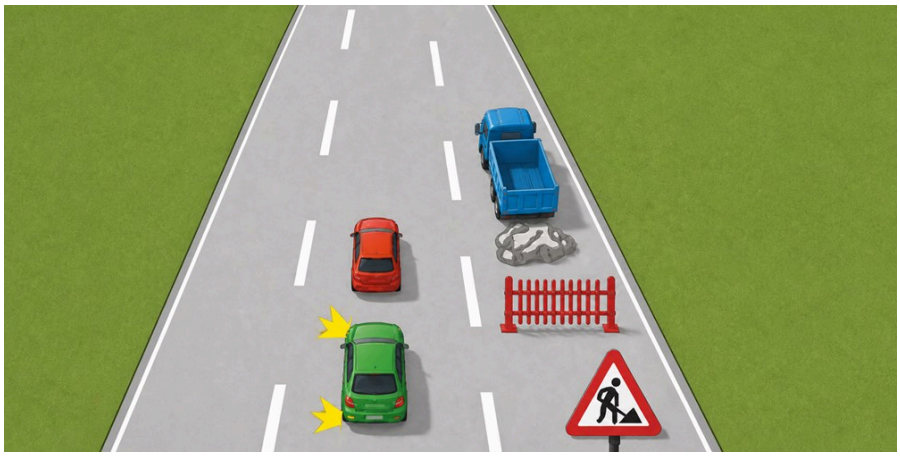

30. Is it permitted to pass the road train in this situation if its speed does not exceed 30 km/h?

1. **Prohibited.**
2. Permitted.

Answer: 1

31. **Is the driver of the green automobile permitted to pass?**

1. Permitted.
2. **Prohibited.**
3. Permitted if the red automobile is proceeding at a speed below 30 km/h.

Answer: 2

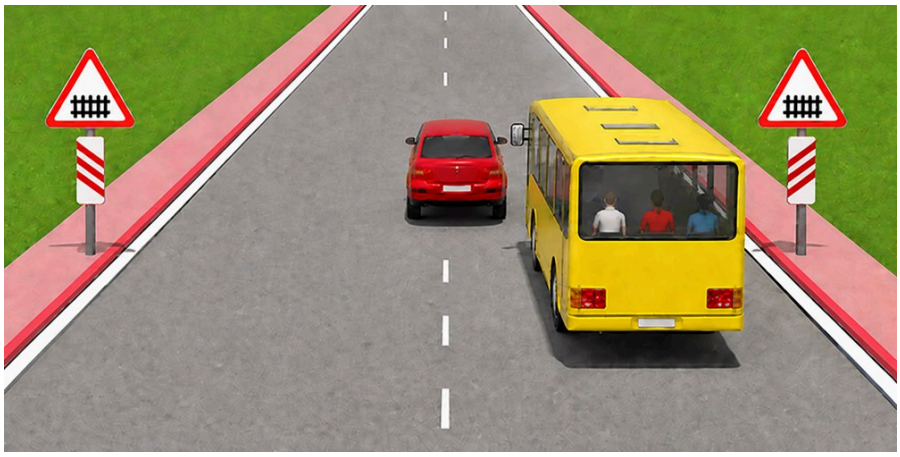

32. **Is the driver of the red automobile permitted to pass in this situation?**

1. Permitted.
2. **Prohibited.**
3. Permitted if the speed of the automobile being passed does not exceed 30 km/h.

Answer: 2

33. **Is it permitted to pass the bus at the indicated location?**

1. **Permitted.**
2. Prohibited.

Answer: 1

---

34. **Passing vehicles means:**

1. Proceeding ahead of one or more moving vehicles by leaving the occupied lane and entering the oncoming traffic lane.
2. **Proceeding ahead of one or more moving vehicles by leaving the occupied lane.**

Answer: 2

---

35. **At night and under conditions of insufficient visibility, regardless of road lighting, moving motor vehicles must have the following activated:**

1. High-beam headlights.
2. Low-beam headlights.
3. **High-beam or low-beam headlights.**

Answer: 3

---

36. **In which case must a motorcycle have its low-beam headlights activated during daylight?**

1. When proceeding under conditions of insufficient visibility.
2. When proceeding to a parking location on a motorcycle with a malfunction.
3. **In all cases while participating in traffic.**
4. When carrying an ill passenger.

Answer: 3

---

37. **What must the driver do first if dazzled by the headlights of an oncoming vehicle?**

1. Switch the high-beam headlights (if activated) to low beam.
2. **Activate the hazard warning lights.**
3. Give a horn signal consisting of one long and three short signals.
4. Give a horn signal consisting of one short and three long signals.

Answer: 2

---

38. Horn signals may be used only:

1. In populated areas, to warn other drivers of the intention to pass.
2. **When necessary to prevent a traffic accident.**
3. In both cases.

Answer: 2

39. At night, on unlit sections of road, a moving motor vehicle must have the following activated:

1. **High-beam or low-beam headlights.**
2. Low-beam headlights only.
3. High-beam headlights only.

Answer: 1

40. Rear fog lights may be used:

1. At night when proceeding as part of a convoy.
2. When proceeding through tunnels.
3. **Only under conditions of insufficient visibility.**
4. At night when unloading a vehicle.
5. In all of the listed cases.

Answer: 3

41. At what distance from an oncoming vehicle must high-beam headlights be switched to low beam?

1. At least 100 m.
2. **At least 150 m.**
3. At least 300 m.

Answer: 2

42. A searchlight may be used:

1. **Only outside populated areas when there are no oncoming or preceding vehicles.**
2. Only under conditions of insufficient visibility.
3. Anywhere, when necessary.
4. At night on all sections of road.

Answer: 1

43. **In populated areas, at what distance before the beginning of a hazardous section is this warning sign installed?**

1. 25–50 m.
2. **50–100 m.**
3. 100–150 m.

Answer: 2

---

44. **Is it permitted to transport agricultural, road-construction, construction, and other machines and mechanisms across a railroad crossing?**

1. Permitted if the crossing is not equipped with a barrier gate.
2. Permitted if they are in a non-transport position.
3. **Permitted if they are in a transport position.**

Answer: 3

---

45. **Where is it permitted to cross railroad tracks?**

1. At locations where visibility in both directions is at least 1,000 m.
2. At locations most convenient at the driver's discretion.
3. **At locations designated for crossing.**
4. At least 1,000 m from railroad stations.

Answer: 3

---

46. **While performing an official assignment, is it permitted to open or bypass a barrier gate without authorization?**

1. **Prohibited.**
2. Permitted.
3. Permitted at the driver's discretion if no train is approaching nearby.
4. Permitted if the railroad crossing attendant is absent.

Answer: 1

---

47. **Is it permitted to transport agricultural, road-construction, construction, and other machines and mechanisms across a railroad crossing?**

1. Permitted.
2. **Permitted if they are in a transport position.**
3. Prohibited.

Answer: 2

---

48. What must the driver follow when approaching a railroad crossing?

1. The position of the barrier gate and the traffic signals.
2. The requirements of traffic signs and pavement markings.
3. The instructions of the railroad crossing attendant.
4. **All of the listed requirements.**

Answer: 4

49. Are pedestrians permitted to proceed on a road marked with the "Freeway" sign?

1. **Prohibited.**
2. Permitted outside populated areas, against the direction of vehicle traffic.
3. Permitted outside populated areas, in the same direction as vehicle traffic.

Answer: 1

50. Vehicles whose speed, because of their technical characteristics or condition, does not exceed 40 km/h are:

1. Permitted on freeways only in the rightmost lane.
2. **Prohibited from proceeding on freeways.**
3. Permitted on freeways if there is no "Minimum Speed Limit" sign.

Answer: 2

51. The hazard warning lights on a vehicle must be activated:

1. In the event of a traffic accident.
2. In the event of a forced stop where stopping is prohibited.
3. **In both cases.**

Answer: 3

52. The hazard warning lights on a vehicle must be activated:

1. In the event of a traffic accident.
2. During towing, on the towed motor vehicle.
3. In the event of a forced stop where stopping is prohibited.
4. **In all of the listed cases.**

Answer: 4

53. At what distance from the vehicle must the emergency warning triangle be placed?

1. **At least 15 m in populated areas and at least 30 m outside populated areas.**
2. At least 10 m in populated areas and at least 20 m outside populated areas.
3. At least 5 m in populated areas and at least 10 m outside populated areas.

Answer: 1

54. The hazard warning lights on a vehicle must be activated:

1. If the driver is dazzled by headlights.
2. During towing, on the towed motor vehicle.
3. **In both cases.**

Answer: 3

55. **The hazard warning lights on a vehicle must be activated:**

1. In the event of a traffic accident.
2. During towing, on the towed motor vehicle.
3. **In both cases.**

Answer: 3

56. **In developed areas where the entrance and exit are marked by the "Residential Zone" and "End of Residential Zone" traffic signs, the following is not prohibited:**

1. **Pedestrians proceeding on the roadway.**
2. Through traffic of vehicles.
3. Driving instruction.

Answer: 1

57. **An intersection is considered controlled if the order of traffic is determined by:**

1. Traffic signals only.
2. Traffic controller signals only.
3. **Either of the above.**

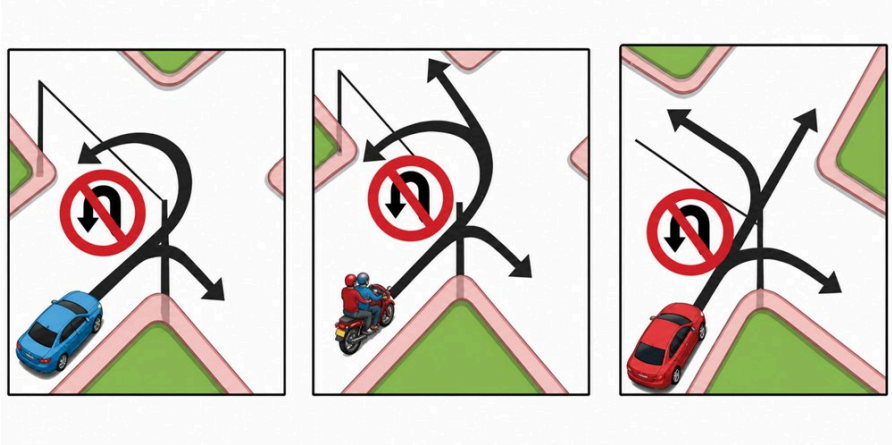

Answer: 3

58. **On an unpaved dirt road, does the presence of a paved section immediately before an intersection make that road equal in priority to the intersecting road?**

1. **No.**
2. Yes.

Answer: 1

59. **Which image shows the permitted directions of traffic?**

1. The left image.
2. The center image.
3. **The right image.**
4. The center and right images.

Answer: 3

60. **If the meanings of the traffic signals conflict with the requirements of the priority signs, drivers must follow:**

1. The requirements of the signs.
2. **The traffic signals.**

Answer: 2

---

61. **Is the driver permitted to continue when the yellow traffic signal turns on or the traffic controller raises an arm?**

1. Prohibited.
2. **Permitted if the driver cannot stop without sudden braking.**

Answer: 2

---

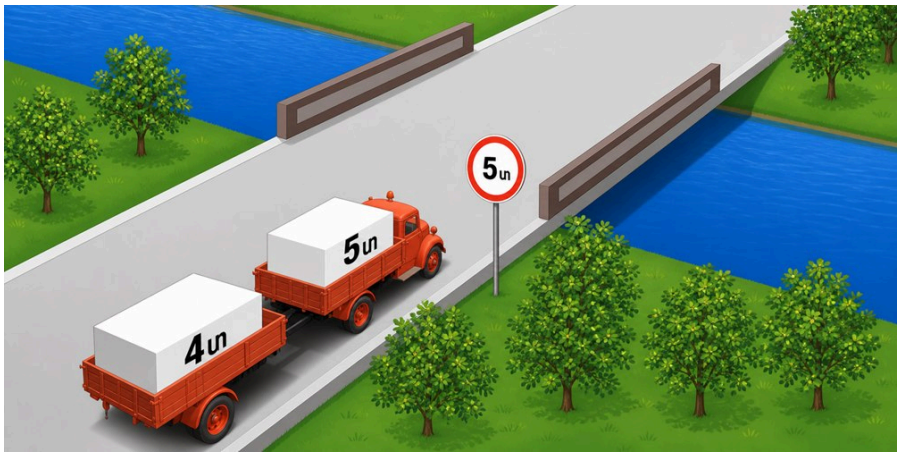

62. **A traffic controller gives a whistle signal:**

1. Only when requiring a vehicle to stop.
2. **To attract the attention of road users.**

Answer: 2

---

63. **In this situation, is the road train permitted to proceed across the bridge?**

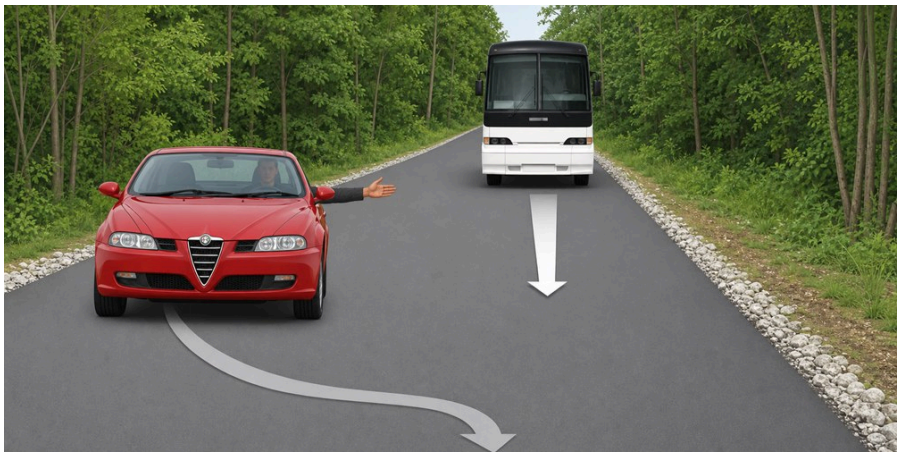

1. Permitted.
2. **Prohibited.**

Answer: 2

---

64. May a warning signal be given by hand in order to proceed along the indicated path?

1. **Yes, if the turn signal is malfunctioning.**
2. Yes, if the turn signal is malfunctioning during daylight hours.
3. Yes, in all cases.

Answer: 1

65. Must the driver activate the turn signal before starting to move in a residential zone?

1. No.
2. **Yes.**
3. Yes, if other vehicles are present.

Answer: 2

66. To obtain right-of-way over other road users, the driver of a patrol vehicle must activate:

1. The blue flashing beacon.
2. The blue and red flashing beacons.
3. **The blue flashing beacon and the special audible signal.**

Answer: 3

67. Passing is prohibited:

1. **At railroad crossings and within 100 m before them.**
2. At railroad crossings and within 150 m before them.
3. At railroad crossings and within 250 m before them.

Answer: 1

68. What does the hand signal given by the passenger-car driver indicate?

1. The driver is making a right turn.
2. The driver is continuing straight ahead.
3. **The driver is braking.**

Answer: 3

69. The hazard warning lights must be activated:

1. Before entering a tunnel.
2. **In the event of a traffic accident.**
3. When proceeding as part of an organized convoy.

Answer: 2

70. What does the hand signal given by the motorcycle operator indicate?

1. **The motorcycle will proceed to the left or make a U-turn.**
2. The motorcycle will proceed straight ahead or to the right.

Answer: 1

71. What does the hand signal given by the passenger-car driver indicate?

1. **The driver is making a right turn.**
2. The driver is continuing straight ahead.
3. The driver is braking in order to yield to the motorcycle.

Answer: 1

72. What does the hand signal given by the passenger-car driver indicate?

1. **The driver intends to make a left turn or a U-turn.**
2. The driver is braking in order to yield to the truck.

Answer: 1

73. In this case, must the driver activate the turn signal?

1. **Yes.**
2. No.

Answer: 1

74. Is the truck driver permitted to pass the bus that is proceeding at a speed of 60 km/h?

1. Prohibited.
2. **Permitted.**

Answer: 2

75. Is passing permitted in this situation?

1. **Prohibited.**
2. Permitted.
3. Permitted if the bus is proceeding at a speed below 30 km/h.

Answer: 1

76. Is it permitted to enter the railroad crossing in this situation?

1. Permitted.
2. **Prohibited.**

Answer: 2

77. **Is it permitted to enter the railroad crossing in this situation?**

1. Permitted if no train is approaching.
2. Permitted if the barrier gate is open.
3. **Prohibited.**

Answer: 3

78. **What should the driver do in this situation?**

1. If no train is approaching, go around the barrier gate and continue.
2. **Stop and wait for the barrier gate to open.**

Answer: 2

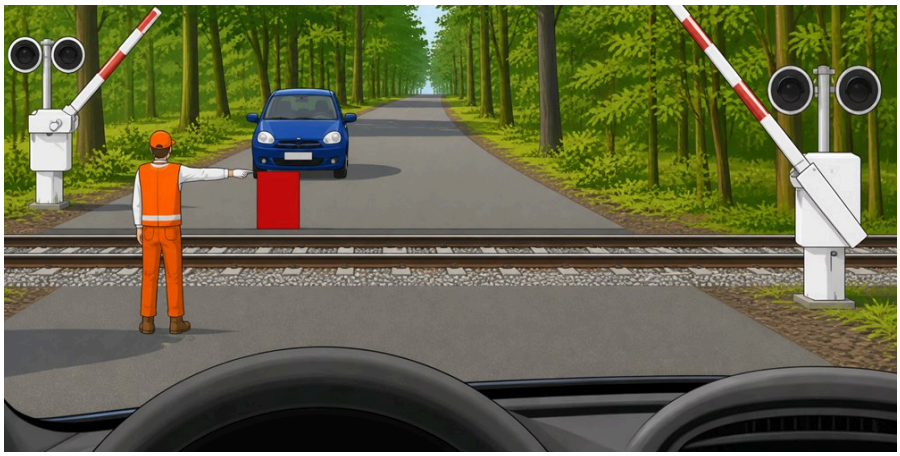

79. In this situation, is it permitted to cross the railroad crossing?

1. Permitted if no train is approaching.
2. Permitted.
3. **Prohibited.**

Answer: 3

80. In this situation, is it permitted to cross the railroad crossing?

1. **Prohibited.**
2. Permitted if no train is approaching.
3. Permitted because the railroad crossing attendant is prohibiting the oncoming vehicle from crossing.

Answer: 1

81. In this situation, where may passing be started?

1. At the railroad crossing.
2. **After crossing the railroad crossing.**
3. After proceeding 100 m beyond the railroad crossing.

Answer: 2

82. In this situation, is passing permitted?

1. Permitted because there is no oncoming vehicle.
2. **Prohibited.**
3. Permitted if the animal-drawn cart is moving at a speed below 30 km/h.

Answer: 2

83. What maneuver is the passenger-car driver performing?

1. Passing without leaving the lane.
2. **Passing.**
3. Driving around an obstruction.

Answer: 2

---

84. Is passing the motorcycle permitted?

1. Permitted.
2. **Prohibited.**

Answer: 2

---

85. On a road with one lane in each direction, when is passing in the oncoming traffic lane permitted?

1. Only when the oncoming traffic lane is clear for a sufficient distance.
2. Only when no vehicle is passing us.
3. **Both conditions must be met.**

Answer: 3

---

86. Is passing permitted in the indicated situation?

1. Prohibited.
2. Permitted if the maneuver can be completed within the visible section of the road.
3. **Permitted.**

Answer: 3

---

87. Is passing the truck permitted?

1. Yes.
2. **Yes, if the passing maneuver is completed before the intersection.**
3. No.

Answer: 2

---

88. What is required of the driver of the vehicle being passed?

1. The driver must yield to the passing vehicle.
2. **The driver must not interfere with the passing vehicle by increasing speed or by taking any other action.**

Answer: 2

---

89. Is passing permitted in this situation?

1. Prohibited.
2. Permitted if the truck is moving at less than 30 km/h.
3. Permitted.

Answer: 1

90. Is the driver of a truck with a maximum authorized mass of 3 metric tons permitted to pass the tractor?

1. Yes.
2. Yes, if the tractor is moving at less than 30 km/h.
3. No.

Answer: 1

91. If oncoming traffic is difficult in this situation, who must yield?

1. The truck driver.
2. The passenger-car driver.

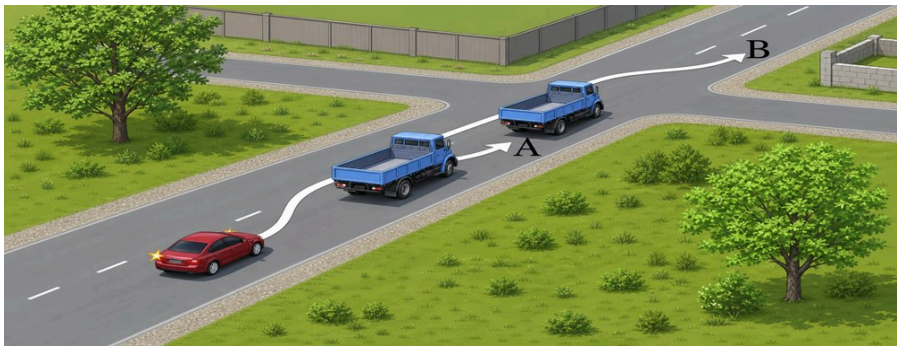

Answer: 1

92. **Passing at a pedestrian crossing is:**

1. Prohibited only when pedestrians are present.
2. **Prohibited.**
3. Permitted.

Answer: 2

93. **Along which path is passing permitted?**

1. Either path.
2. **Only A.**
3. Only B.

Answer: 2

94. **What does the traffic sign indicate?**

1. There is a fallen tree 500 meters ahead.
2. **There is a rest area 500 meters ahead.**
3. There is a rest area along the next 500 meters.

Answer: 2

95. In this situation, is the driver required to activate the turn signal?

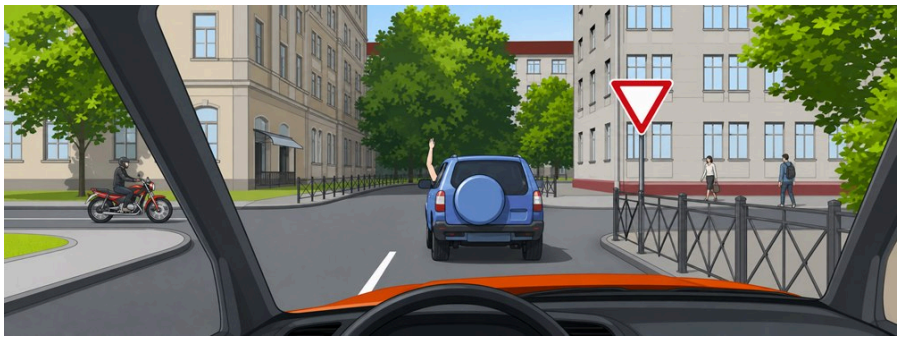

1. Yes.
2. Yes, if a vehicle is approaching from behind.
3. **No.**

Answer: 3

---

96. By raising an arm, the driver indicates:

1. An intention to make a left turn.
2. An intention to proceed straight ahead.
3. **An intention to slow down.**

Answer: 3

---

97. Giving a signal:

1. Gives the driver the right-of-way over other road users.
2. **Does not give the driver the right-of-way over other road users.**
3. Gives the driver the right-of-way only when starting to move.

Answer: 2

---

98. When making a right turn while following the priority road, giving a turn signal is:

1. **Required.**
2. Required only at night.
3. Not required.

Answer: 1

---

99. What is the driver of the motorcycle indicating?

1. An intention to continue straight ahead.
2. An intention to make a left turn.
3. **An intention to slow down in order to yield to the passenger car.**

Answer: 3

---

100. In this situation, when making a left turn, giving a turn signal is:

1. **Required.**
2. Not required.

Answer: 1

---

101. When passing, the left turn signal must be turned off:

1. **Immediately after changing to the left lane.**
2. Only after proceeding ahead of the vehicle in front.
3. At the driver's discretion.

Answer: 1

---

102. When making a U-turn at this intersection, which turn signal must be activated?

1. **Right.**
2. Left.
3. Neither.

Answer: 1

---

103. In the indicated situation, must you give a turn signal?

1. **Yes.**
2. No.
3. Yes, if there is a driver proceeding in the right lane.

Answer: 1

---

104. What is the driver of the motorcycle indicating?

1. An intention to continue straight ahead.
2. An intention to make a right turn.
3. **An intention to make a left turn or U-turn.**

Answer: 3

105. The turn signal must be canceled

1. Immediately before the maneuver.
2. **Immediately after the maneuver.**
3. During the maneuver.

Answer: 2

106. In the indicated situation, giving a turn signal is:

1. **Required.**
2. At the driver's discretion.

Answer: 1

107. **Which driver is giving a right-turn signal?**

1. Only the driver on the right.
2. **Both drivers.**
3. Only the driver on the left.

Answer: 2

---

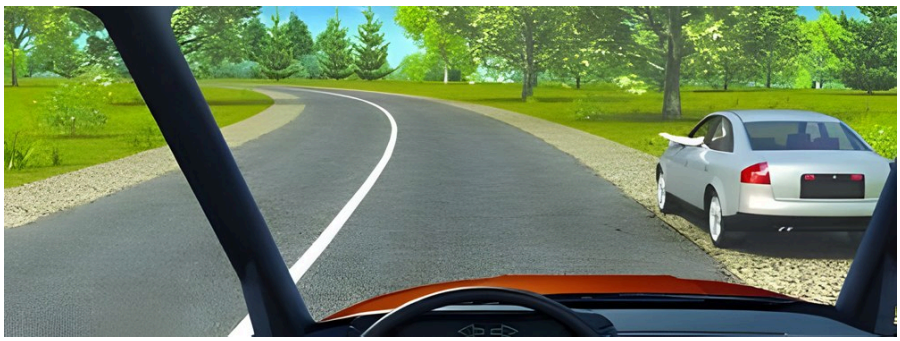

108. **When maneuvering in parking areas or at gas stations, you:**

1. **Must use the turn signal.**
2. Are not required to use the turn signal.

Answer: 1

---

109. **In this situation, what can the driver's outstretched arm indicate?**

1. **An intention to start moving.**
2. An intention to stop.
3. A general emergency signal.

Answer: 1

---

110. **Which turn signals must you use when making a U-turn along the indicated path?**

1. Right.
2. Left.
3. **First right, then left.**

Answer: 3

---

111. **If you intend to stop immediately after the intersection, when should you activate the right turn signal so as not to mislead other road users?**

1. In advance, before the intersection.
2. **After entering the intersection.**

Answer: 2

---

112. **When changing back into the lane proceeding in the same direction after completing a passing maneuver, does the driver have the right-of-way over a driver already proceeding in that lane?**

1. **No.**
2. Yes.

Answer: 1

---

113. **Must we yield to a driver exiting an adjacent area with flashing beacons and a special audible signal activated?**

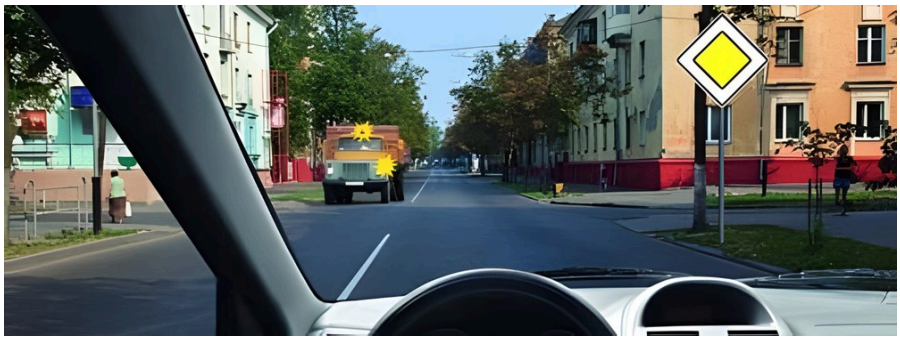

1. No.
2. **Yes.**

Answer: 2

---

114. **When proceeding straight through the intersection, must we yield to the driver of the truck with flashing yellow beacons activated?**

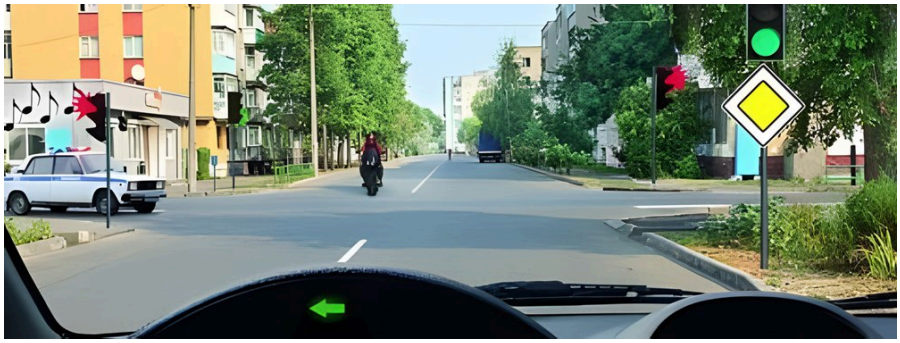

1. Yes.
2. **No.**

Answer: 2

---

115. **In this situation, to whom must you yield?**

1. The driver of the motorcycle.
2. The driver of the automobile with special light and audible signals activated.
3. **Both drivers.**

Answer: 3

---

116. We must yield to:

1. Both drivers.
2. The driver of the truck with a flashing yellow beacon.
3. **Only the bus driver.**

Answer: 3

---

117. In this situation:

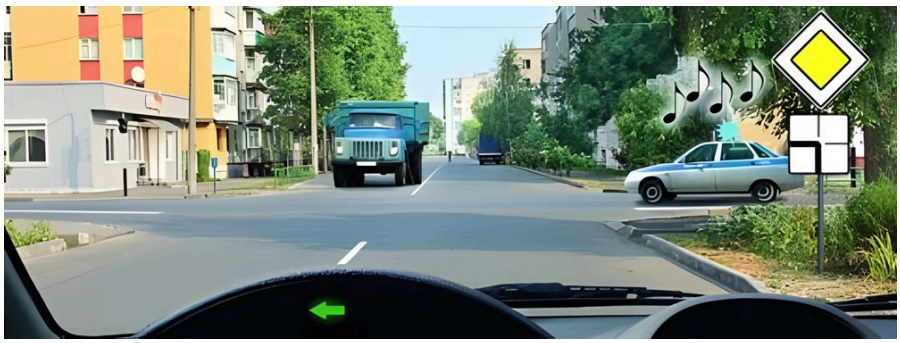

1. You will proceed through the intersection first.
2. **You must yield to the driver approaching from the left.**

Answer: 2

---

118. We must yield to:

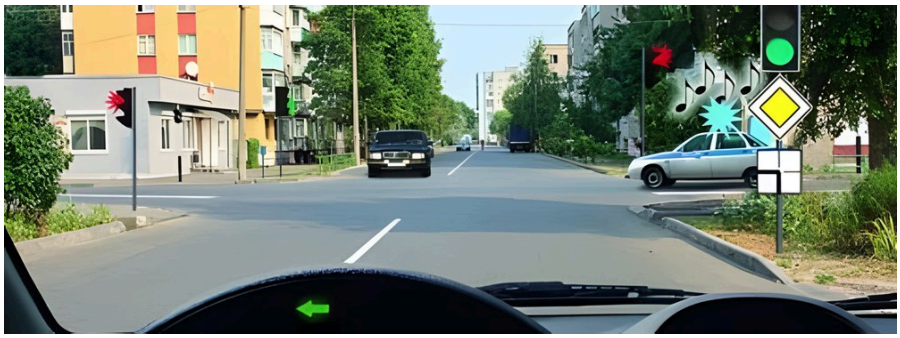

1. Everyone.
2. **The driver of the police automobile.**
3. No one.

Answer: 2

---

119. **When making a left turn:**

1. You will proceed through the intersection first.
2. You will yield only to the driver of the police automobile.
3. **You will yield to all drivers.**

Answer: 3
