206 questions

DT categories · theory questions

1. **In which order will the vehicles pass through the intersection?**

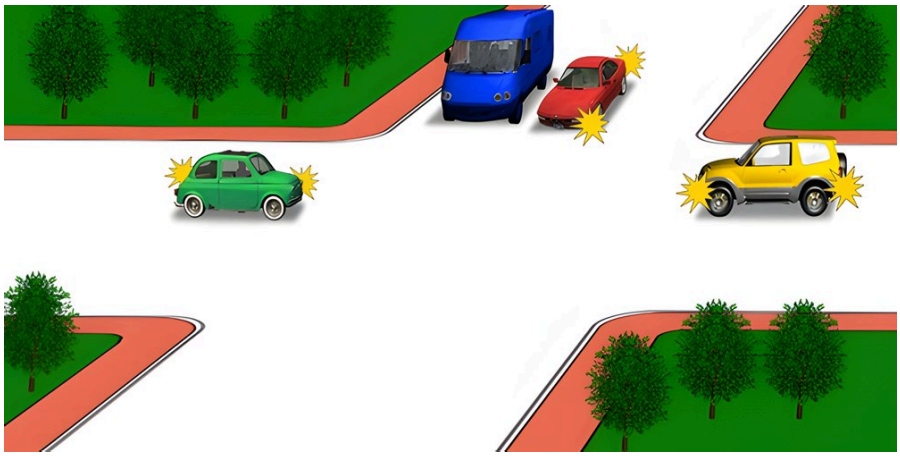

1. Passenger car, bus, trolleybus.
2. Trolleybus and bus, then passenger car.
3. **Trolleybus, passenger car, bus.**

Answer: 3

---

2. **Which car will be the first to pass through the intersection?**

1. The red car.
2. The blue car.
3. The yellow car.
4. **The green car.**

Answer: 4

---

3. Which car will be the last to pass through the intersection?

1. **The blue car.**
2. The green car.
3. The red car.

Answer: 1

4. When will the blue car pass through the intersection?

1. **First.**
2. Second.

Answer: 1

5. **Which answer gives the correct order in which the vehicles will pass through the intersection?**

1. The bus, the passenger car, the bicycle.
2. The passenger car, the bus, the bicycle.
3. **The bicycle, the bus, the passenger car.**

Answer: 3

---

6. **Which vehicle will be the second to pass through the intersection?**

1. **The tram.**
2. The red car.
3. The blue car.

Answer: 1

---

7. In which direction is driving prohibited?

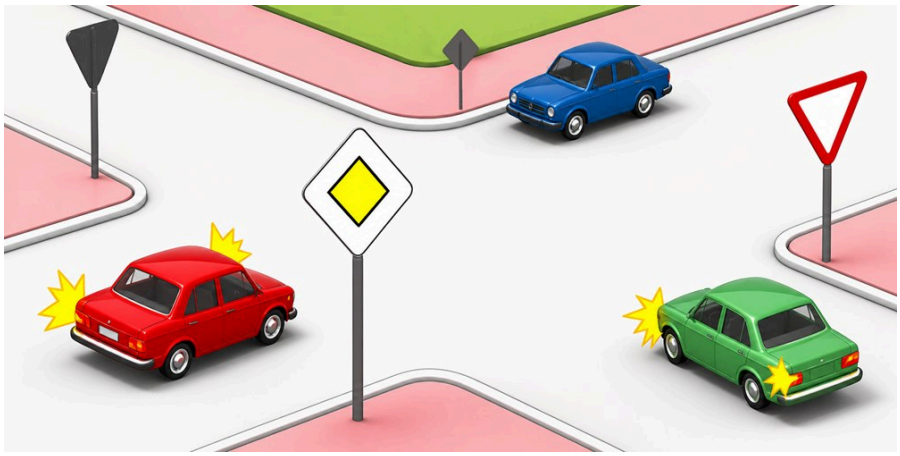

1. To the right at the first entrance.
2. **To the right at the second entrance.**
3. To the right at both the first and second entrances.

Answer: 2

---

8. Which car will be the second to pass through the intersection?

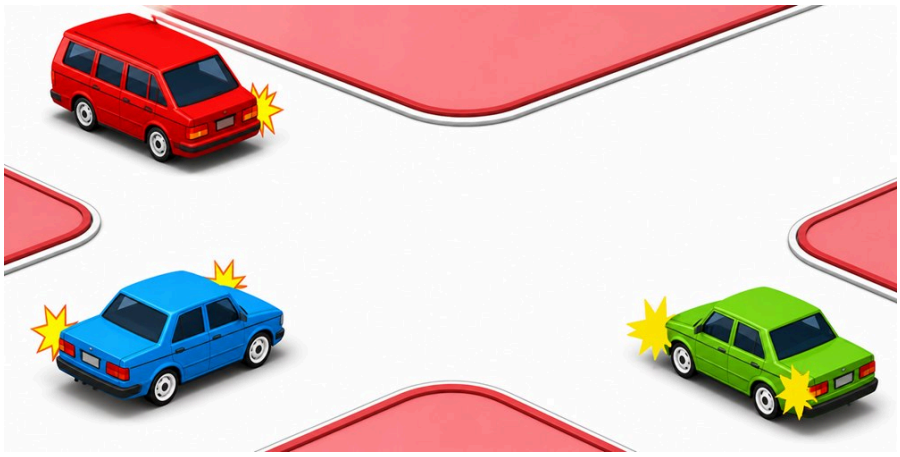

1. The green car.
2. **The red car.**
3. The blue car.

Answer: 2

---

9. **Which car will be the second to pass through the intersection?**

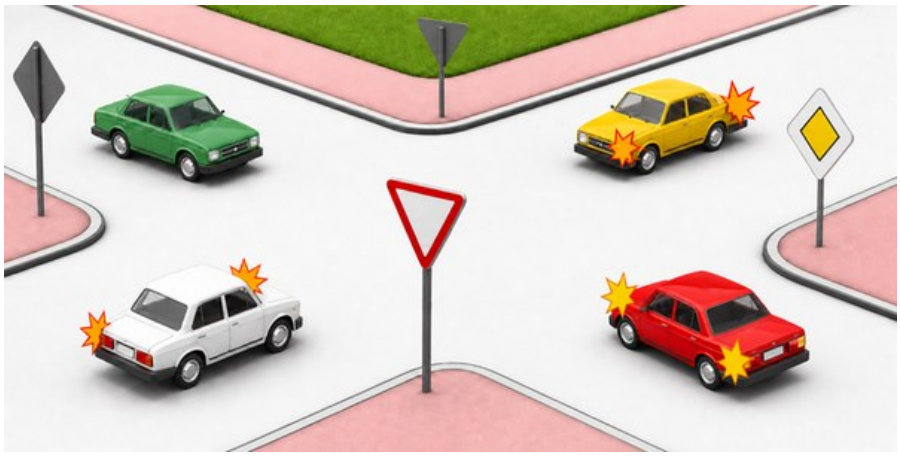

1. **The blue car.**
2. The green car.
3. The red car.

Answer: 1

---

10. **Which car will be the second to pass through the intersection?**

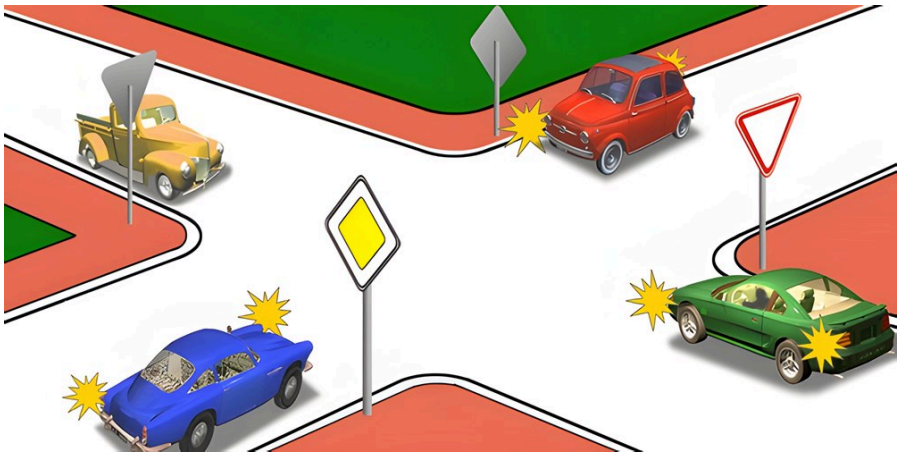

1. The white car, at the same time as the yellow car.
2. **The red car.**
3. The green car.

Answer: 2

---

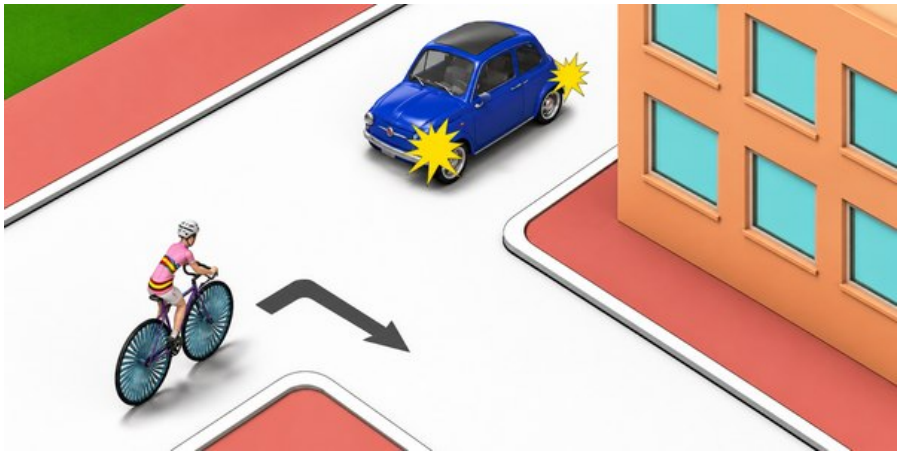

11. **Which car will be the last to pass through the intersection?**

1. The blue car.
2. The yellow car.
3. **The green car.**
4. The red car.

Answer: 3

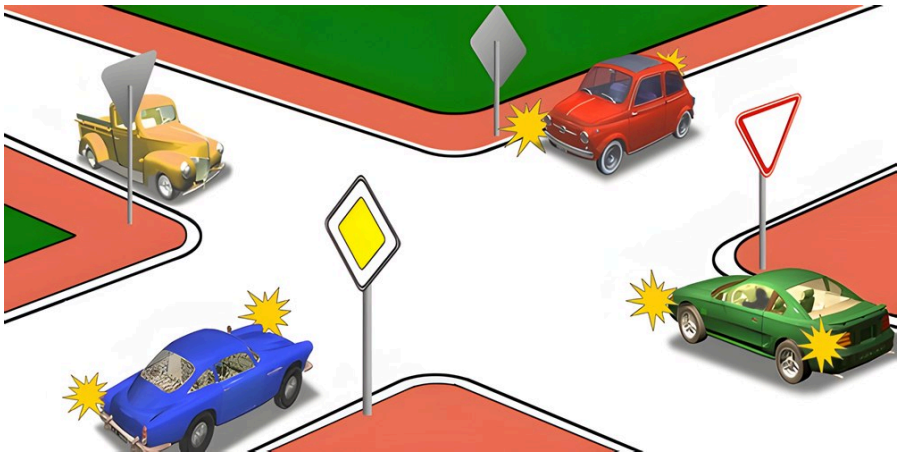

12. **Which road user must yield the right of way?**

1. The cyclist.
2. **The car driver.**

Answer: 2

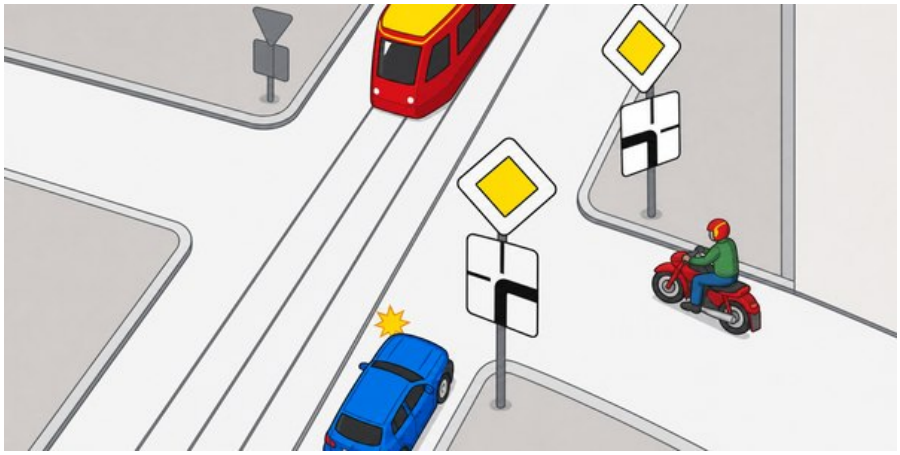

13. **Which car will be the first to pass through the intersection?**

1. The green car.
2. The blue car.
3. **The red car.**
4. The yellow car.

Answer: 3

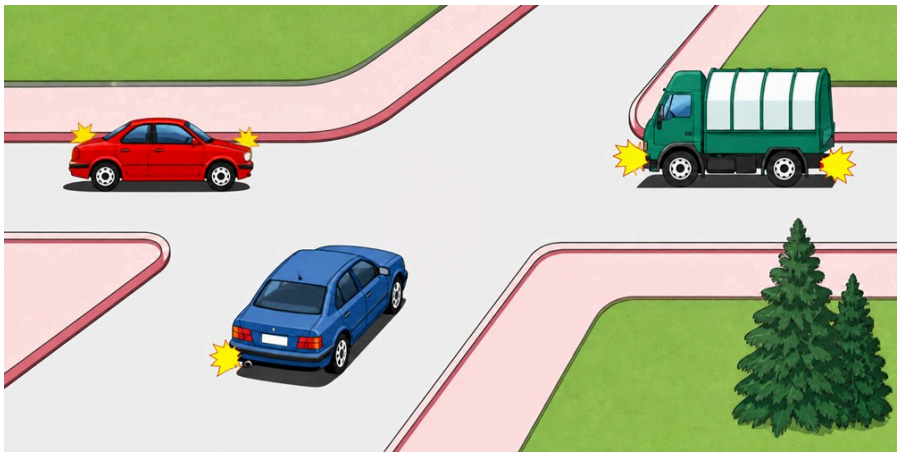

14. **In which order will the vehicles pass through the intersection?**

1. **The motorcycle, the car, the tram.**
2. The tram, the car, the motorcycle.
3. The tram, the motorcycle, the car.

Answer: 1

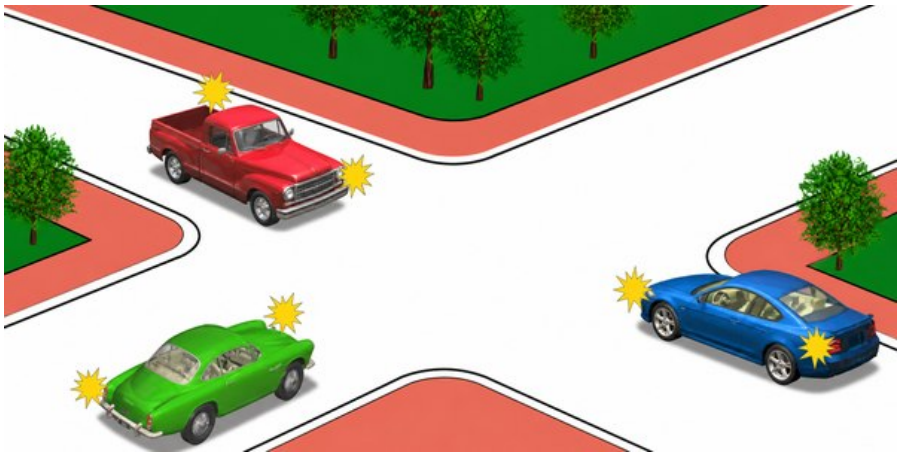

15. **Which car will be the second to pass through the intersection?**

1. The red car.
2. **The blue car.**
3. The green car.

Answer: 2

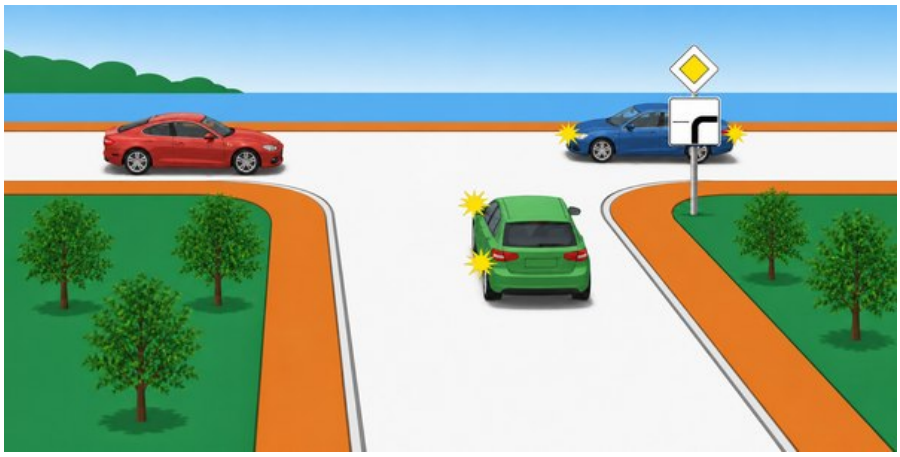

16. **Which car will be the last to pass through the intersection?**

1. The green car.
2. The blue car.
3. **The red car.**

Answer: 3

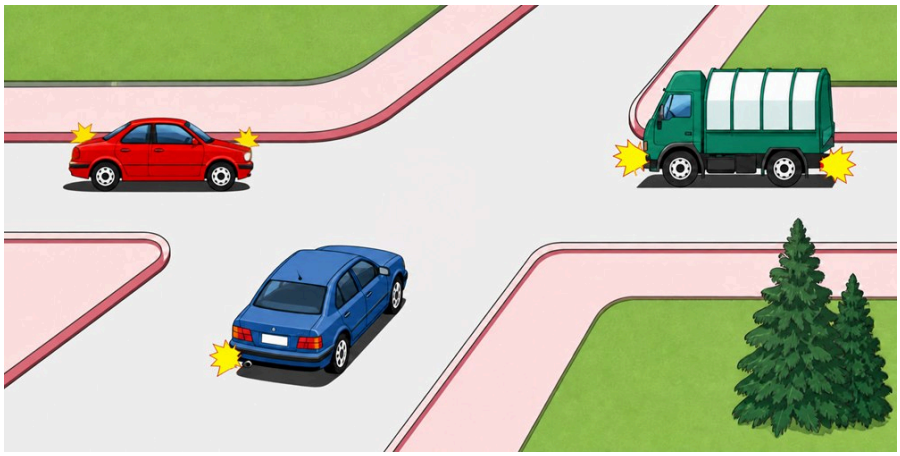

17. **Which car will be the last to pass through the intersection?**

1. The blue car.
2. **The red car.**
3. The green car.

Answer: 2

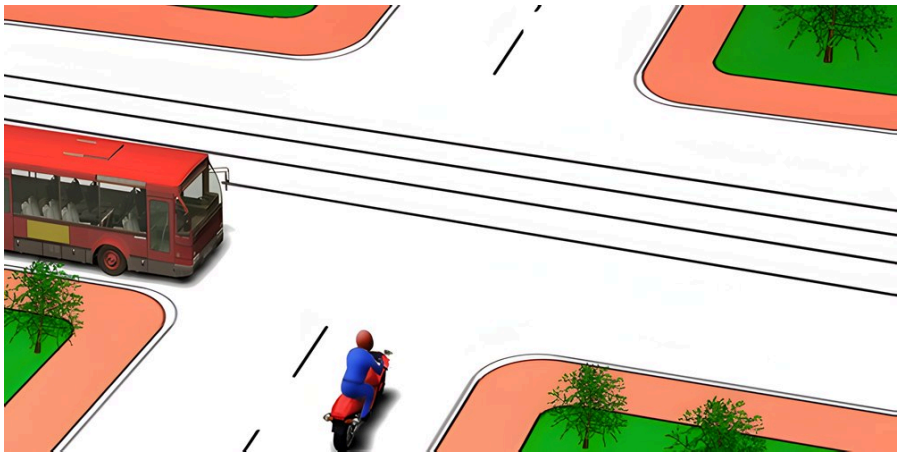

18. **Which car will be the first to pass through the intersection?**

1. **The green car.**
2. The red car.
3. The blue car.

Answer: 1

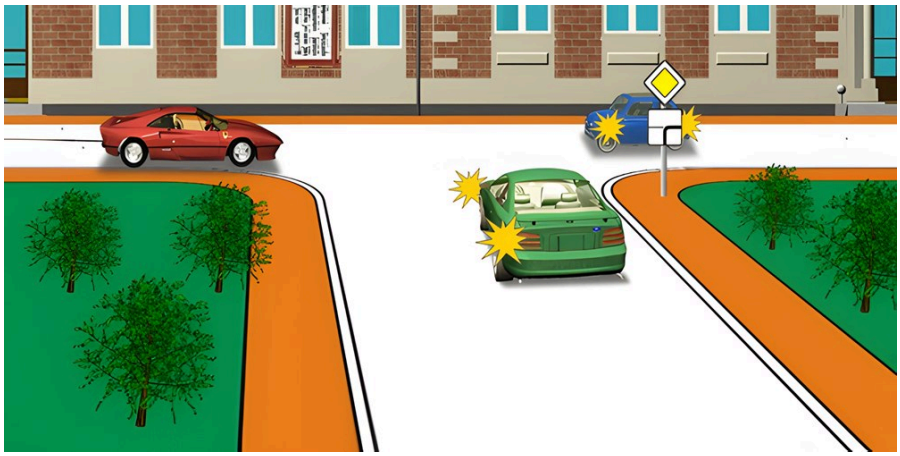

19. Which vehicle driver must yield the right of way?

1. **The bus driver.**
2. The motorcycle rider.

Answer: 1

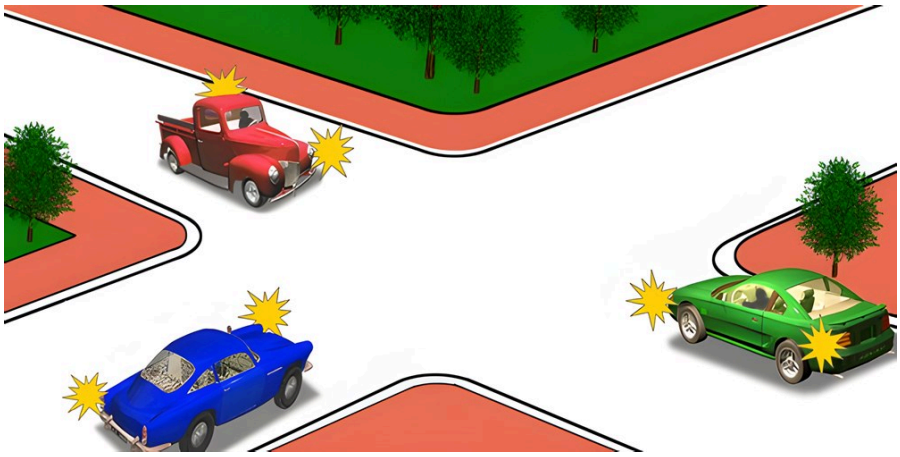

20. Which car will be the first to pass through the intersection?

1. The red car.
2. The green car.
3. **The blue car.**

Answer: 3

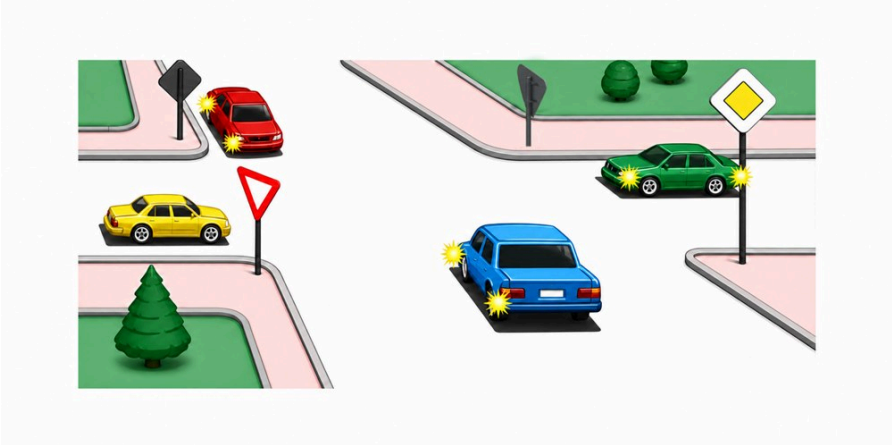

21. **Which car will be the second to pass through the intersection?**

1. **The blue car.**
2. The green car.
3. The red car.

Answer: 1

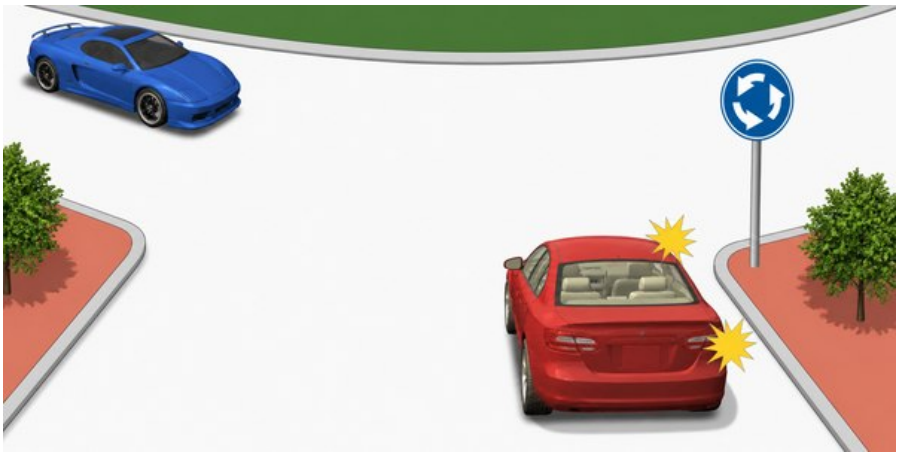

22. **Which car will be the third to pass through the intersection?**

1. The blue car.
2. **The yellow car.**
3. The green car.
4. The red car.

Answer: 2

23. The red car:

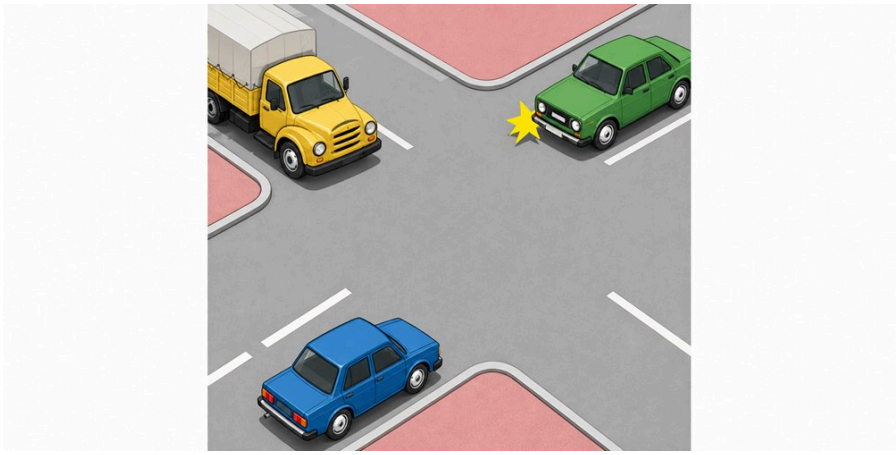

1. Has priority because it approaches the roundabout from the right of the blue car.
2. **Must yield the right of way to the blue car travelling around the roundabout.**

Answer: 2

---

24. In which order will the cars pass through the intersection?

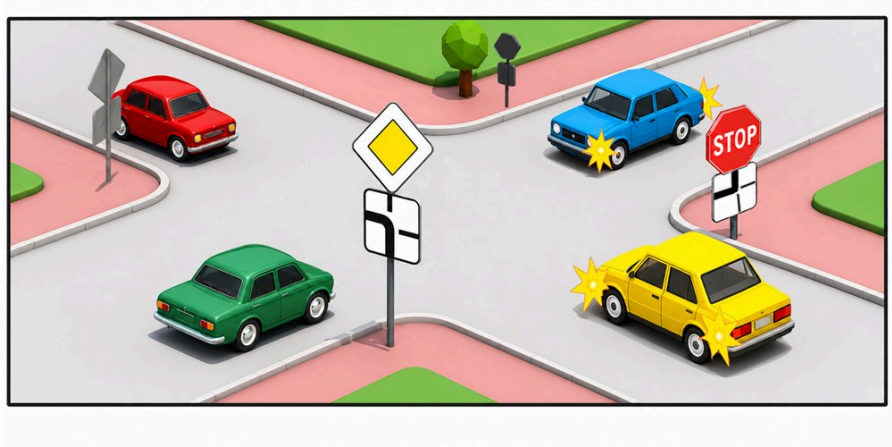

1. The yellow car, the green car, the blue car.
2. **The blue and green cars at the same time, followed by the yellow car.**

Answer: 2

---

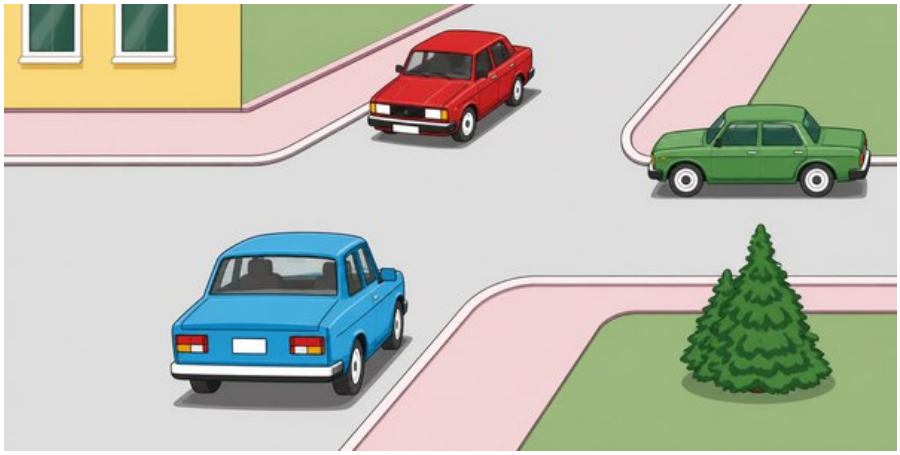

25. **Which car will be the third to pass through the intersection?**

1. The yellow car.
2. The red car.
3. **The blue car.**
4. The green car.

Answer: 3

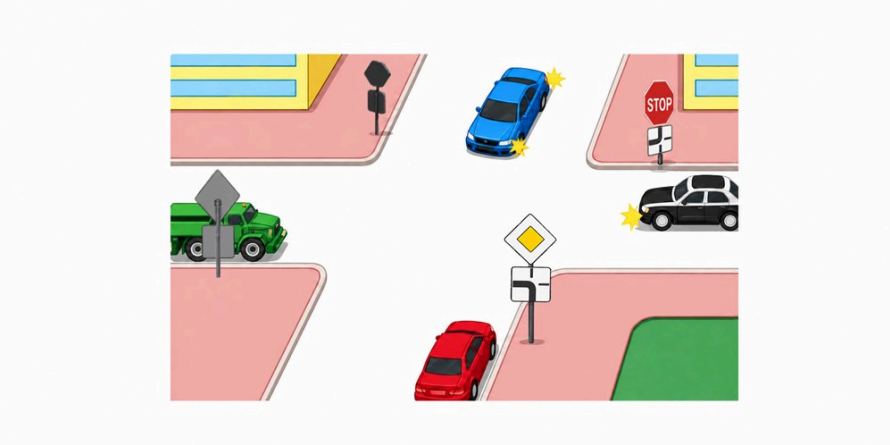

26. **Which car will be the first to pass through the intersection?**

1. The green car.
2. The blue car.
3. **The red car.**

Answer: 3

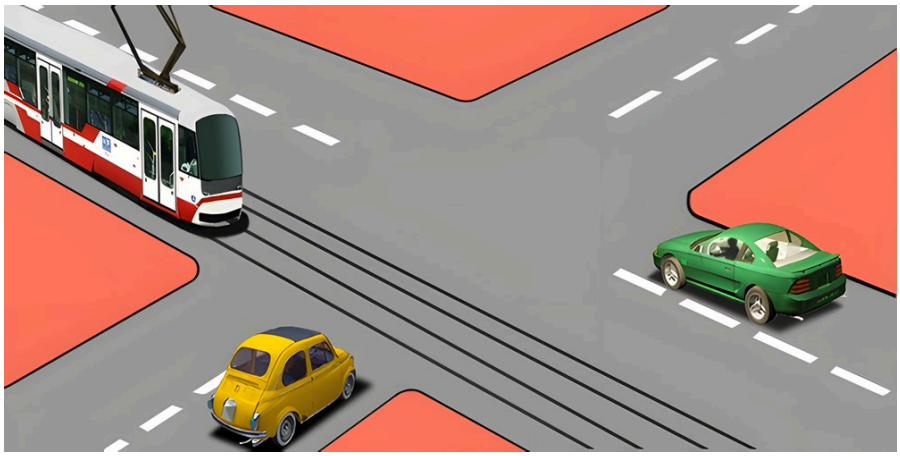

27. In which order will the vehicles pass through the intersection?

1. **The red car, the green car, the blue car, the black car.**
2. The green car, the red car, the black car, the blue car.
3. The green car, the red car, the blue car, the black car.

Answer: 1

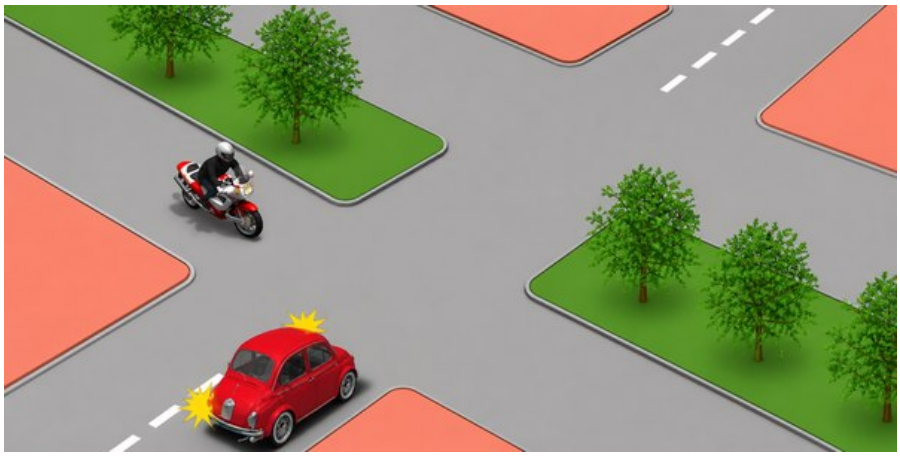

28. In which order will the vehicles pass through the intersection?

1. The tram, the yellow car, the green car.
2. **The tram and the green car, followed by the yellow car.**
3. The green car, the yellow car, the tram.

Answer: 2

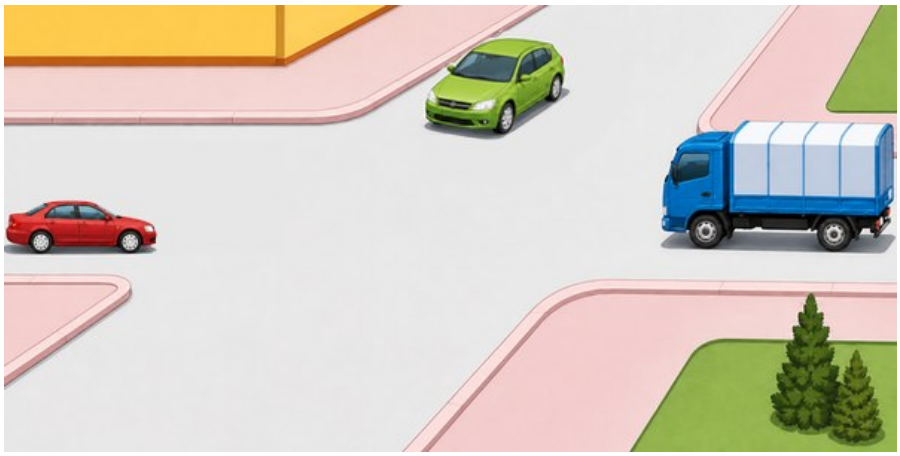

29. **Which driver has the right of way?**

1. The motorcycle rider.
2. **The car driver.**

Answer: 2

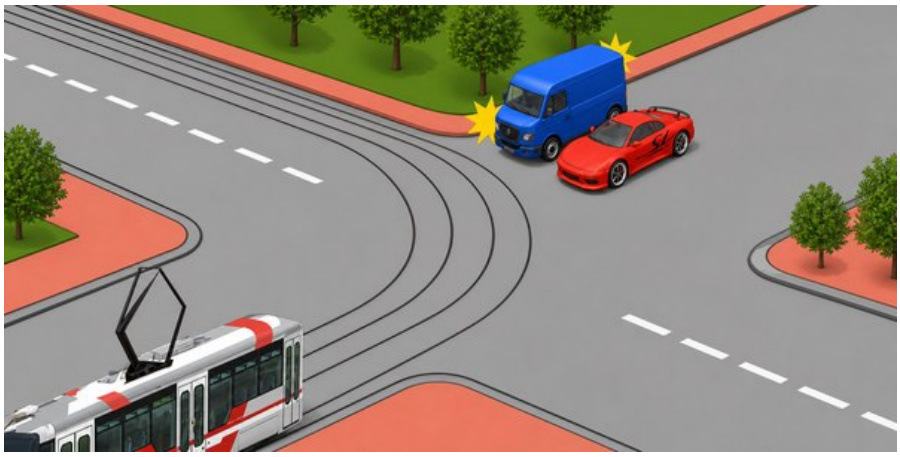

30. **Which car will be the second to pass through the intersection?**

1. The red car.
2. The blue car.
3. **The green car.**

Answer: 3

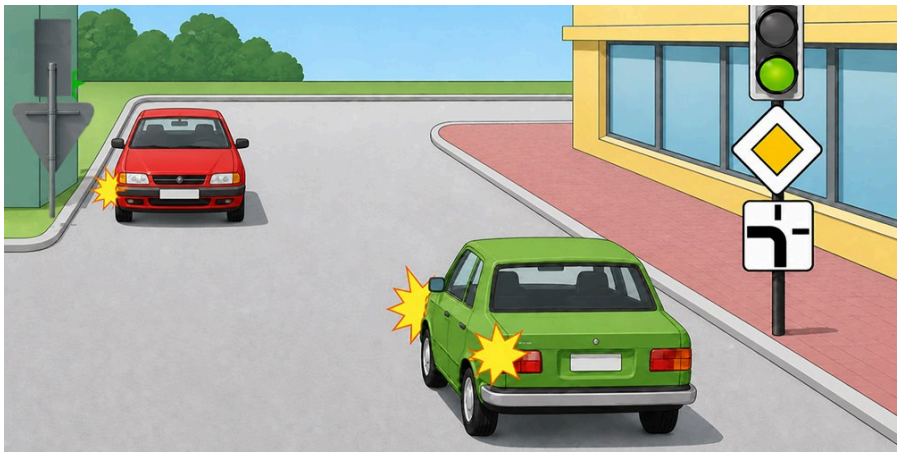

31. **Which vehicle driver must yield the right of way?**

1. The tram driver.
2. The truck driver.
3. **The car drivers.**

Answer: 3

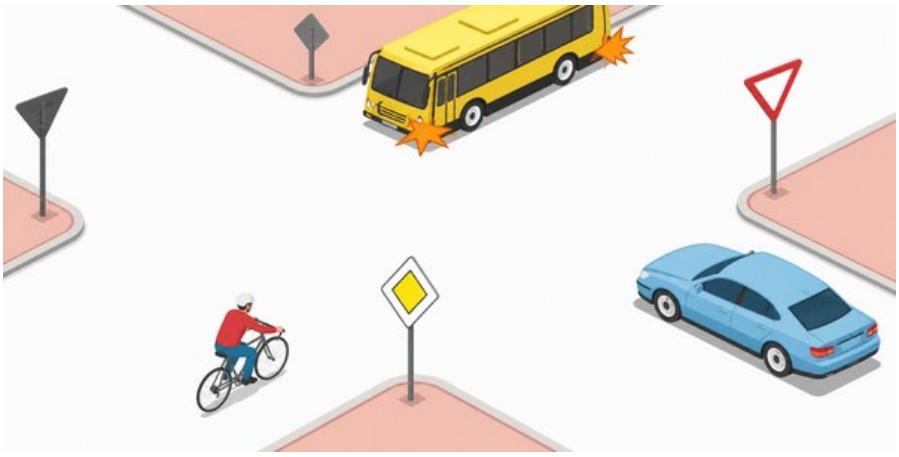

32. **When will the red car pass through the intersection?**

1. **First.**
2. Second.

Answer: 1

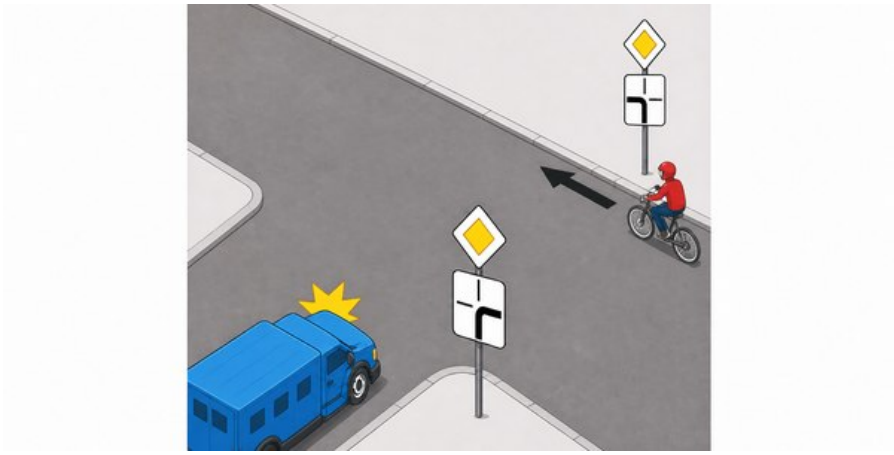

33. **In which order will the vehicles pass through the intersection?**

1. The passenger car, the bus, the bicycle.
2. The bus, the bicycle, the passenger car.
3. The bus, the passenger car, the bicycle.
4. **The bicycle, the bus, the passenger car.**

Answer: 4

34. **Which road user has the right of way?**

1. The car driver.
2. **The cyclist.**

Answer: 2

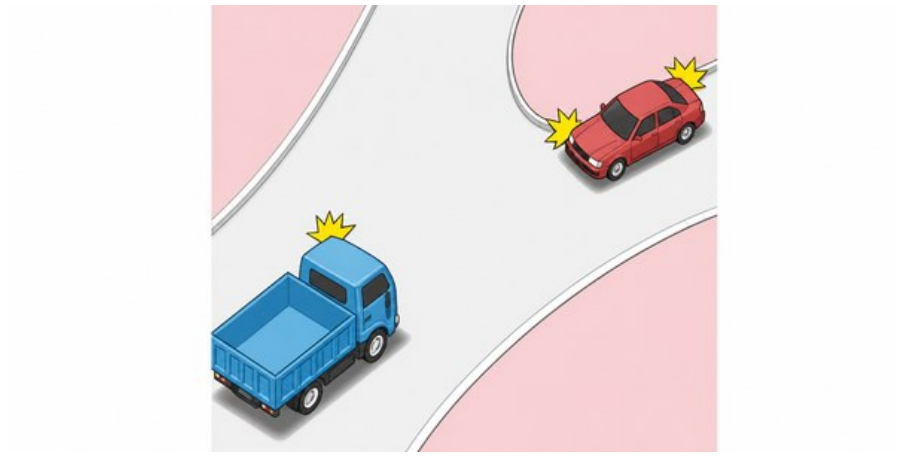

35. In which order will the vehicles pass through the intersection?

1. **The tram, followed by the car and bus at the same time.**
2. The tram, the bus, the car.
3. The bus, the tram, the car.

Answer: 1

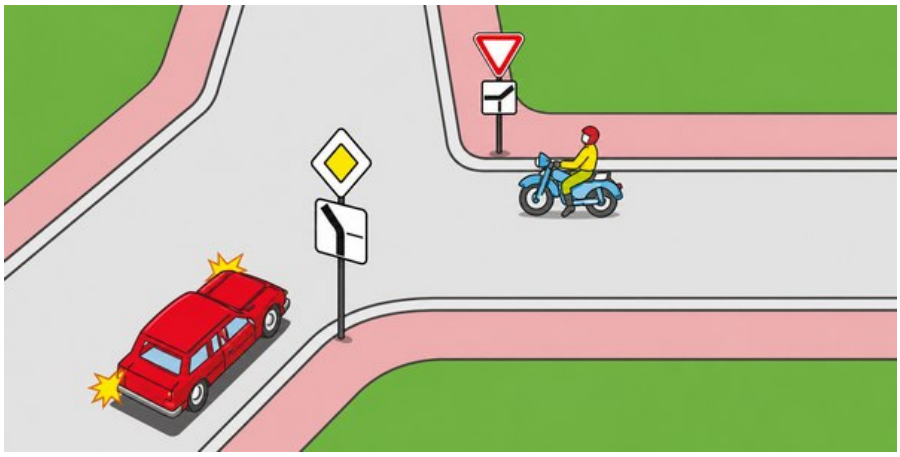

36. Which vehicle driver must yield the right of way?

1. **The driver of the blue car.**
2. The driver of the red car.

Answer: 1

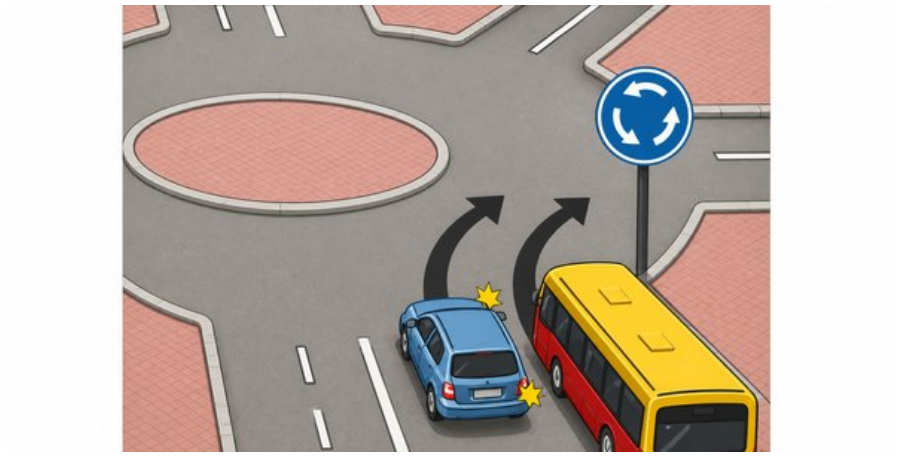

37. **Which vehicle driver must yield the right of way?**

1. The car driver.
2. **The motorcycle rider.**

Answer: 2

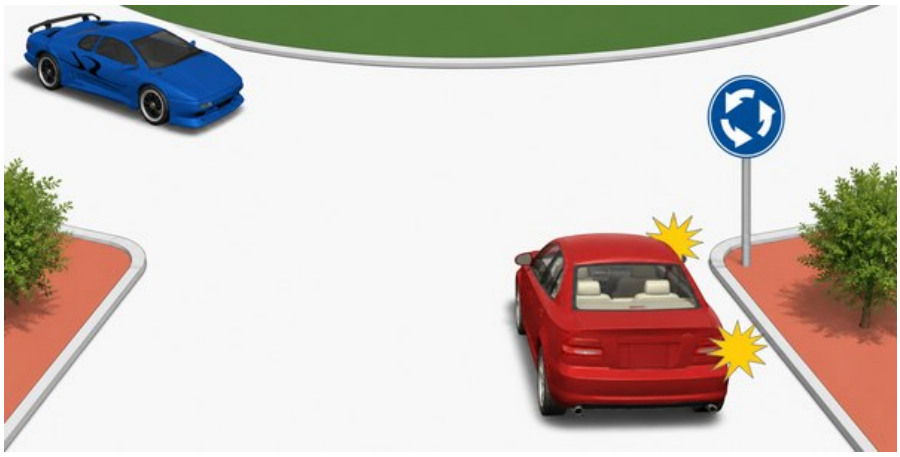

38. **Which driver is entering the roundabout correctly?**

1. **Both drivers.**
2. Only the bus driver.
3. Only the passenger car driver.

Answer: 1

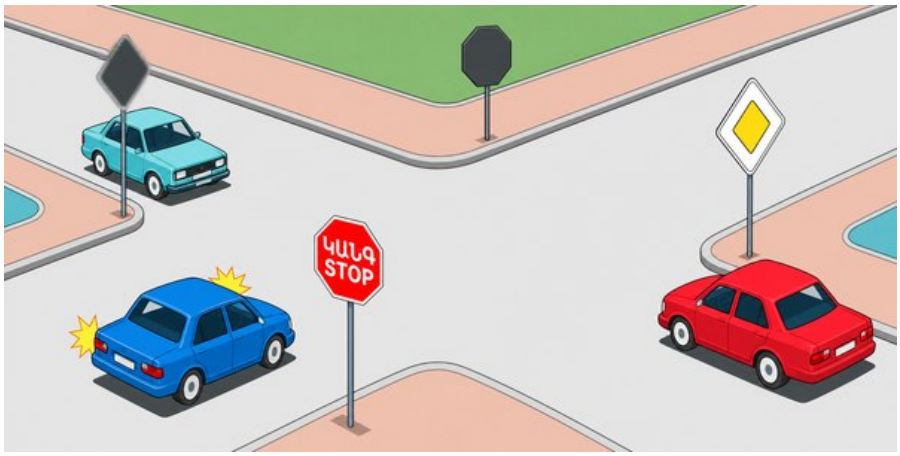

39. **Which vehicle has the right of way?**

1. The red car, because it enters the roundabout from the right of the blue car.
2. **The blue car, because it is already travelling around the roundabout.**

Answer: 2

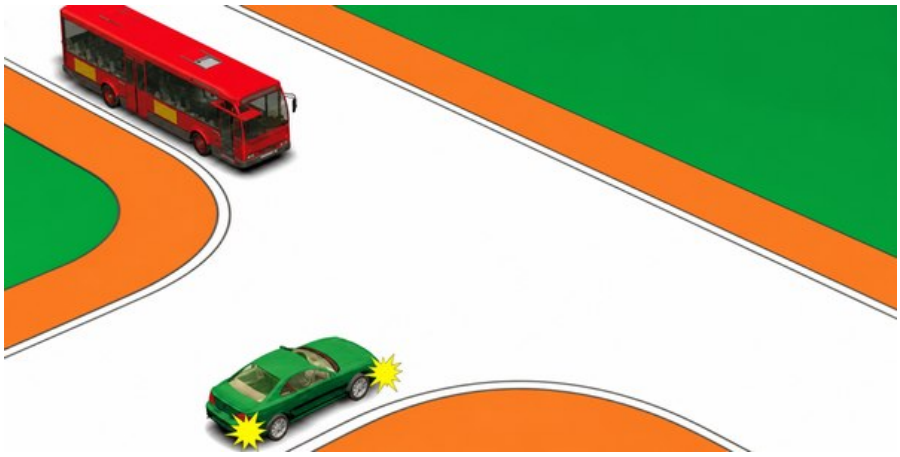

40. **Indicate the order in which the vehicles will pass through the intersection.**

1. The blue car, followed by the red and green cars at the same time.
2. The red car, the blue car, the green car.
3. **The red and green cars at the same time, followed by the blue car.**

Answer: 3

41. The driver of the green car:

1. **Has the right of way.**
2. Must yield the right of way.

Answer: 1

---

42. Which car will be the last to pass through the intersection?

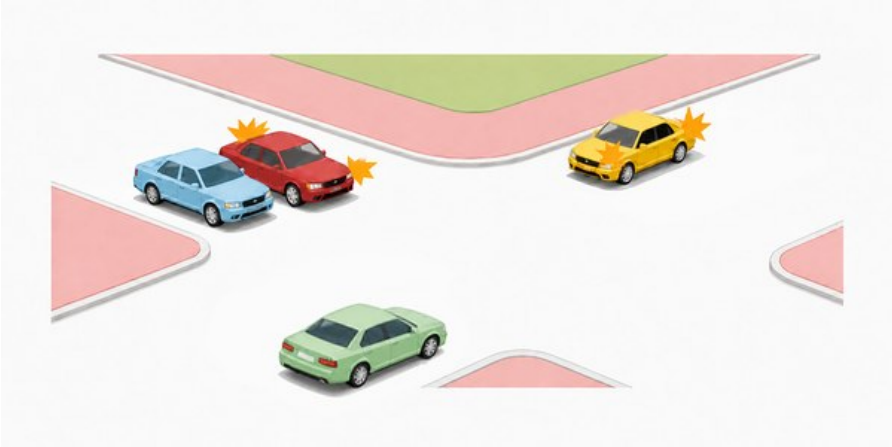

1. The red car.
2. The blue car.
3. **The green car.**

Answer: 3

---

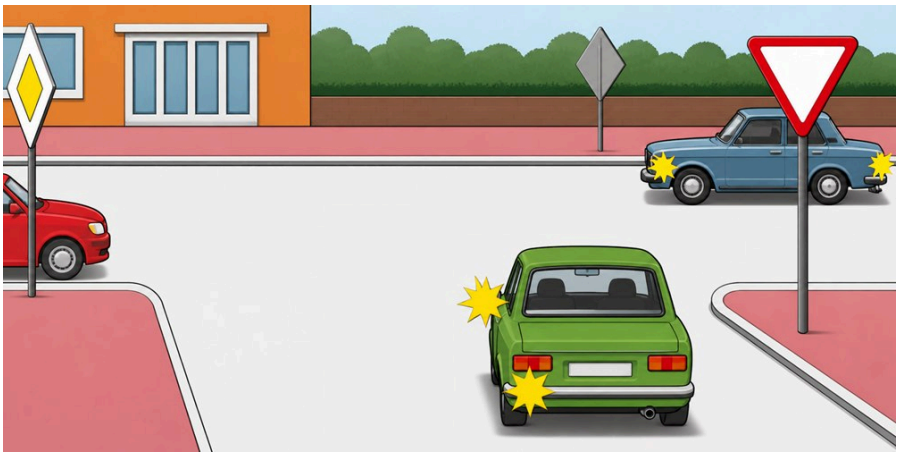

43. **Which car will be the second to pass through the intersection?**

1. The green car.
2. **The red car, at the same time as the blue car.**
3. The yellow car.

Answer: 2

44. **In which order will the cars pass through the intersection?**

1. The blue car, the green car, the red car.
2. **The red car, the blue car, the green car.**
3. The green car, the red car, the blue car.

Answer: 2

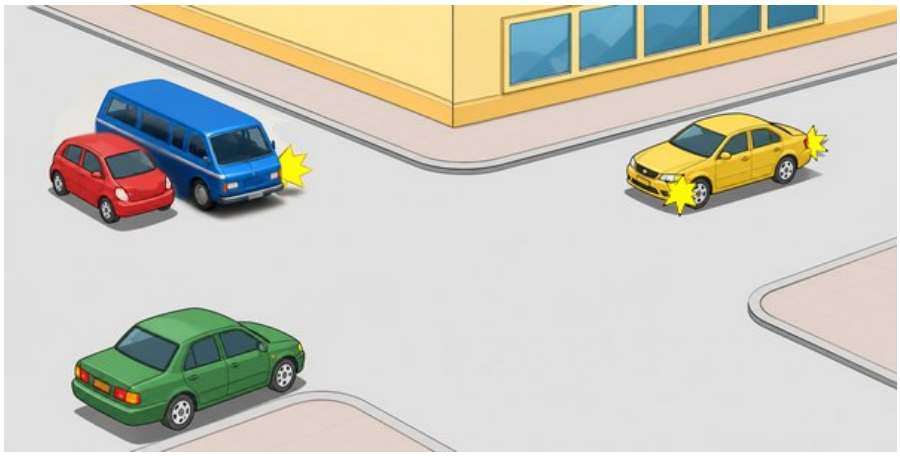

45. **Which car will be the second to pass through the intersection?**

1. **The green car.**
2. The blue car.
3. The red car.

Answer: 1

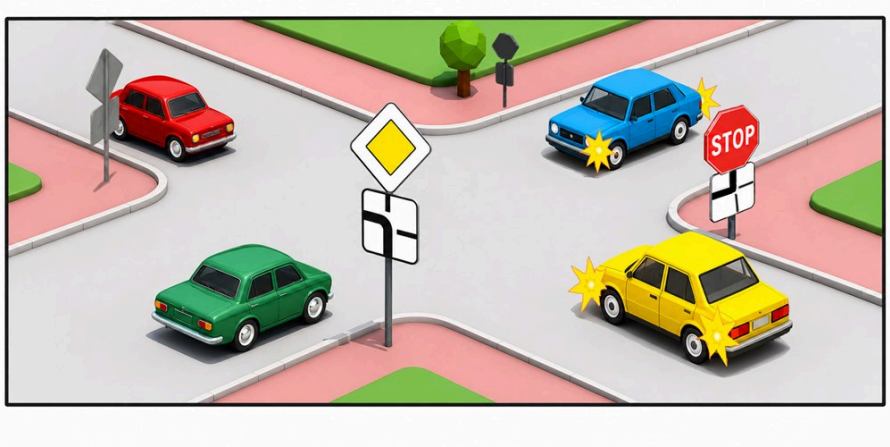

46. **When will the red car pass through the intersection?**

1. **Second, at the same time as the blue car.**
2. Second, after the yellow car.
3. Third, after the green and yellow cars.

Answer: 1

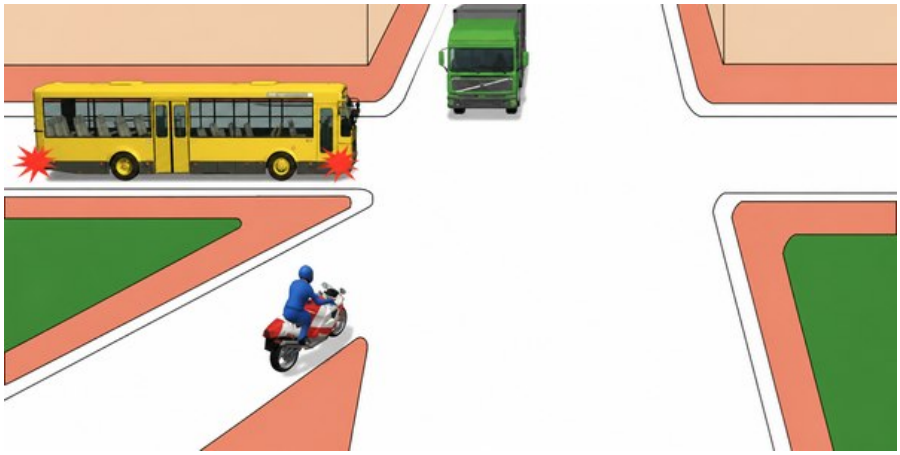

47. When will the yellow car pass through the intersection?

1. First.
2. Second.
3. Third.
4. **Last.**

Answer: 4

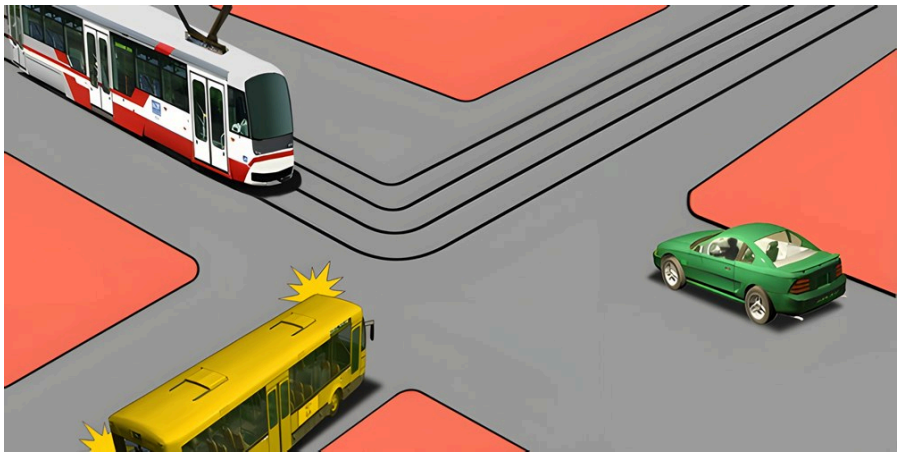

48. Which answer gives the correct order in which the vehicles will pass?

1. **The motorcycle, the bus, the truck.**
2. The bus, the motorcycle, the truck.
3. The bus, the truck, the motorcycle.

Answer: 1

49. **In which order will the vehicles pass through the intersection?**

1. The passenger car, the bus, the tram.
2. The tram, the bus, the passenger car.
3. **The tram, the passenger car, the bus.**

Answer: 3

50. **Which vehicle driver must yield the right of way?**

1. The passenger car driver.
2. **The bus driver.**

Answer: 2

51. **Which vehicle must yield the right of way?**

1. The blue car.
2. **The red car.**

Answer: 2

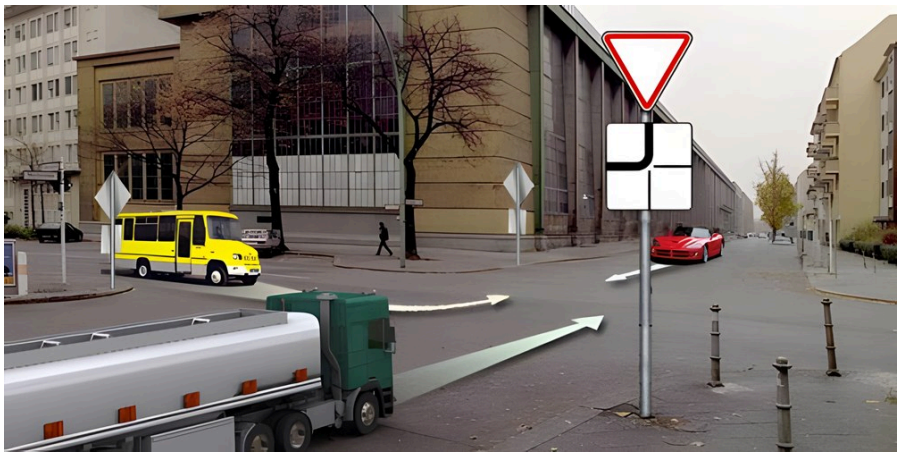

52. **In which order will the vehicles pass through the intersection?**

1. The yellow bus, the truck, the green bus.
2. **The truck, the yellow bus, the green bus.**
3. The yellow bus, the green bus, the truck.

Answer: 2

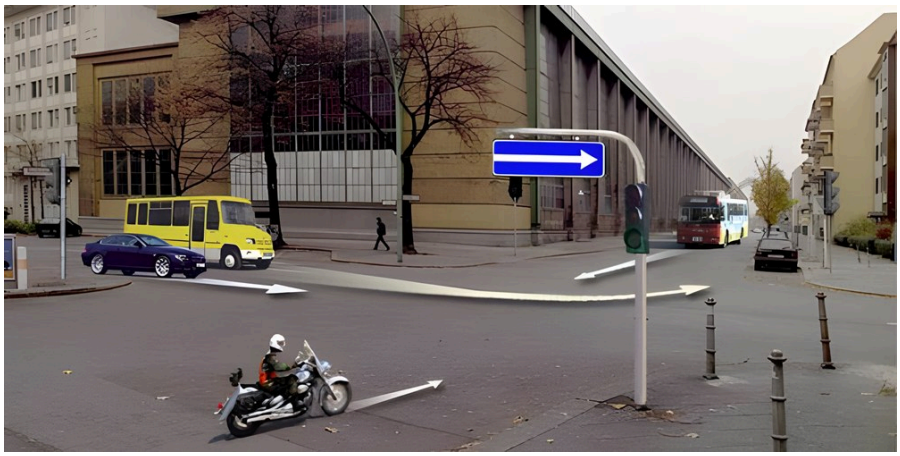

53. In which order will the vehicles pass through the intersection?

1. **The bus, followed by the passenger car and the truck at the same time.**
2. The passenger car and the truck at the same time, followed by the bus.

Answer: 1

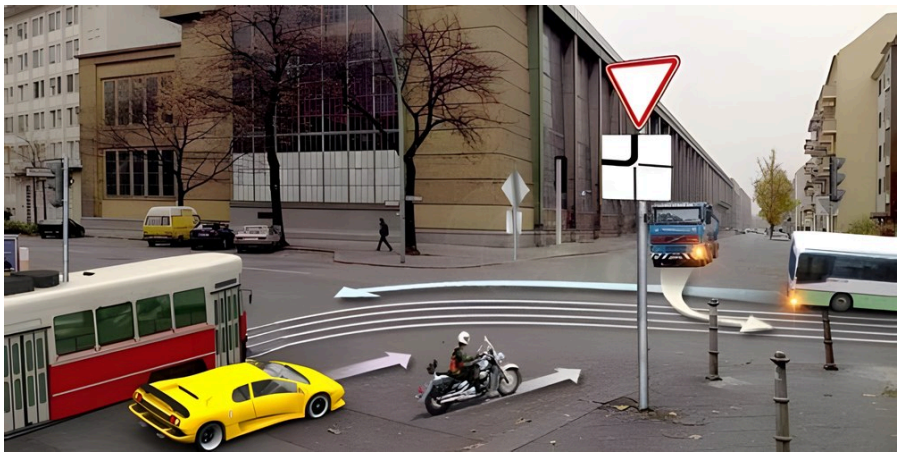

54. In which order will the vehicles pass through the intersection if the traffic lights are not working?

1. The trolleybus and the motorcycle, followed by the bus and the passenger car.
2. **The motorcycle, followed by the bus and the passenger car, then the trolleybus.**
3. The bus and the passenger car, followed by the trolleybus and the motorcycle.

Answer: 2

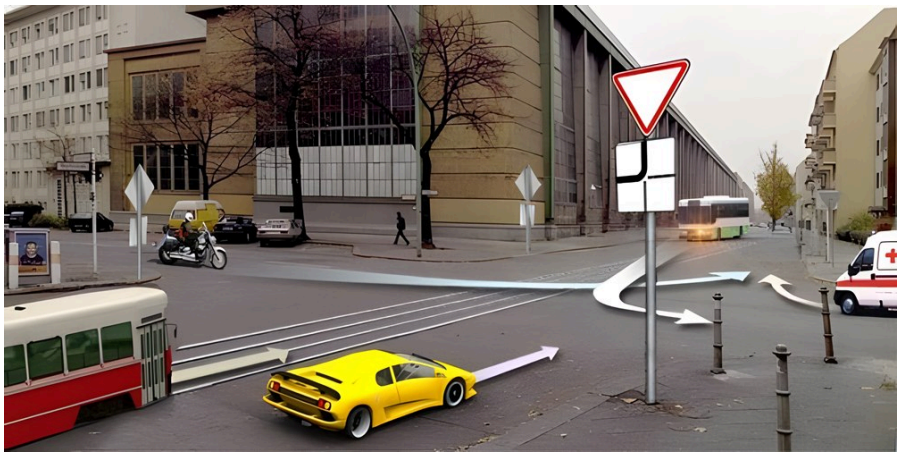

55. In which order will the vehicles pass through the intersection?

1. **The truck, followed by the tram and the bus, then the motorcycle and the passenger car.**
2. The tram and the bus, followed by the motorcycle and the passenger car, then the truck.

Answer: 1

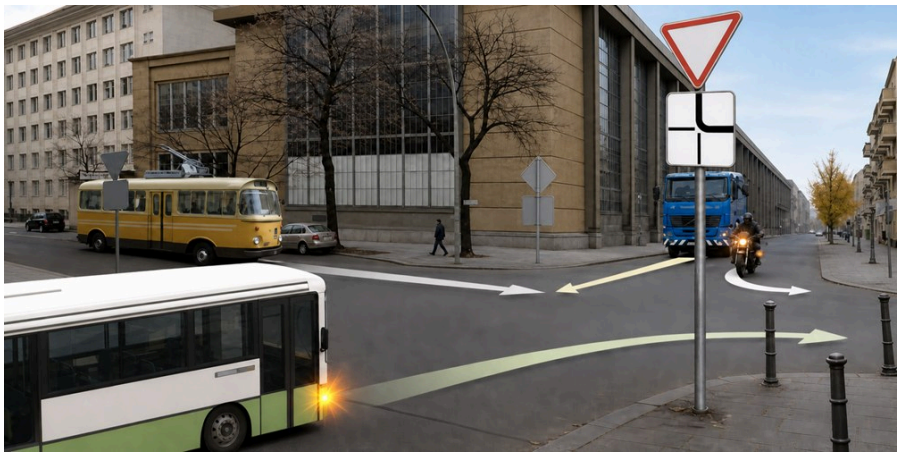

56. In which order will the vehicles pass through the intersection?

1. The ambulance, the tram, the motorcycle, the bus, the passenger car.
2. **The motorcycle, the bus, followed by the tram and the ambulance at the same time, then the passenger car.**

Answer: 2

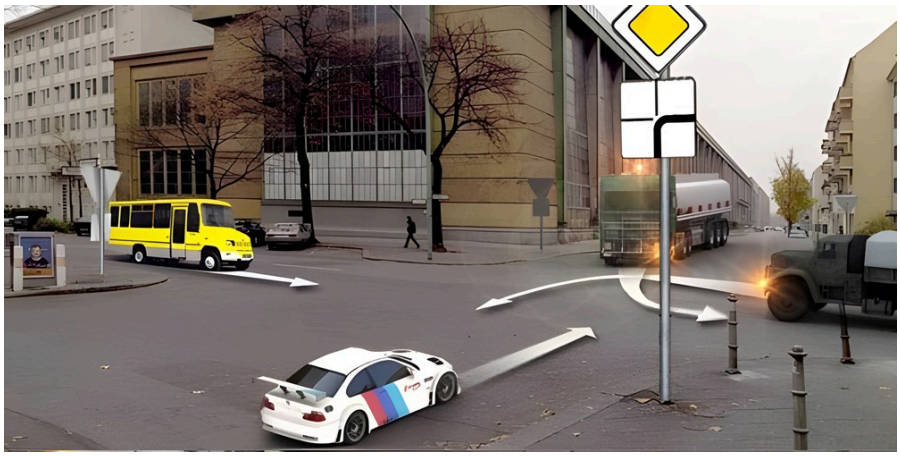

57. In which order will the vehicles pass through the intersection?

1. **The truck and the motorcycle, followed by the bus, then the trolleybus.**
2. The truck and the bus, followed by the motorcycle, then the trolleybus.

Answer: 1

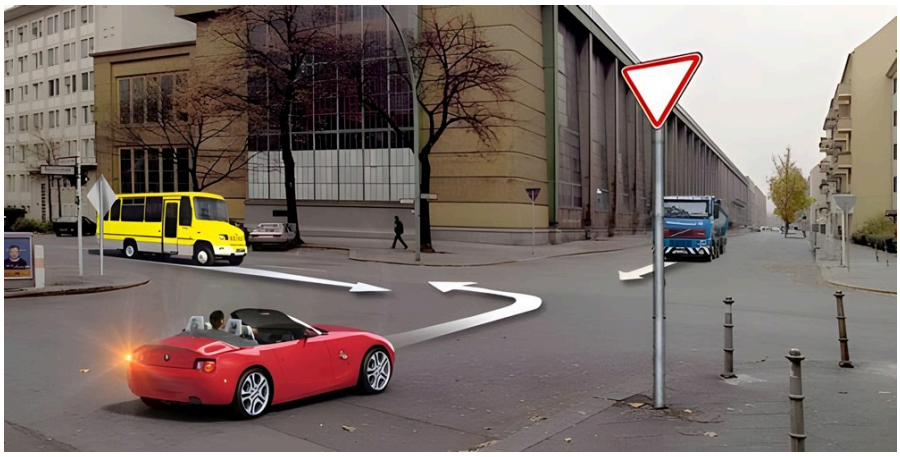

58. In which order will the vehicles pass through the intersection?

1. **The truck, the passenger car, the bus, the tanker truck.**
2. The truck, the bus, the passenger car, the tanker truck.

Answer: 1

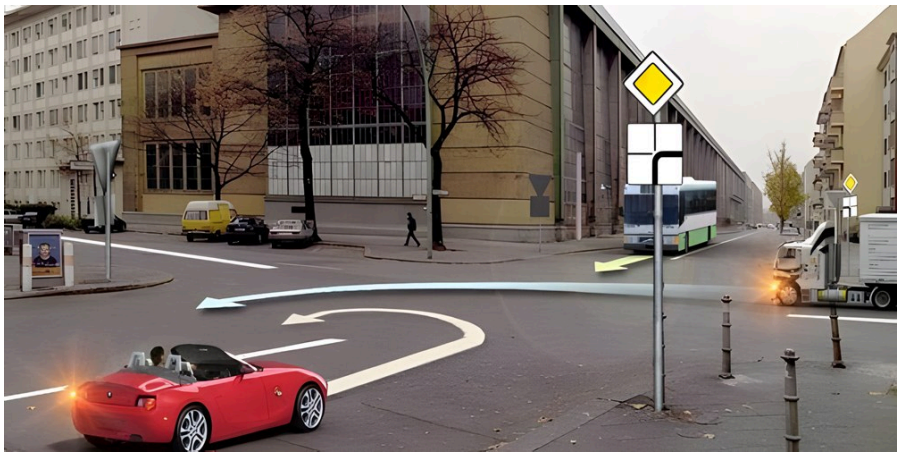

59. In which order will the vehicles pass through the intersection?

1. The passenger car, the bus, the truck.
2. **The bus, the truck, the passenger car.**
3. The bus, the passenger car, the truck.

Answer: 2

60. In which order will the vehicles pass through the intersection?

1. **The truck, the passenger car, the bus.**
2. The bus, the truck, the passenger car.
3. The bus, the passenger car, the truck.

Answer: 1

61. To whom must you yield the right of way in this situation?

1. Only to the bus driver.
2. To the passenger car driver.
3. **To no one.**

Answer: 3

62. When turning left in this situation, you:

1. **Will pass through the intersection first.**
2. Must yield the right of way to the truck driver.

Answer: 1

63. When turning right in this situation, you:

1. **Will pass through the intersection first.**
2. Must yield the right of way to the passenger car driver.

Answer: 1

64. When turning left, you must yield the right of way to:

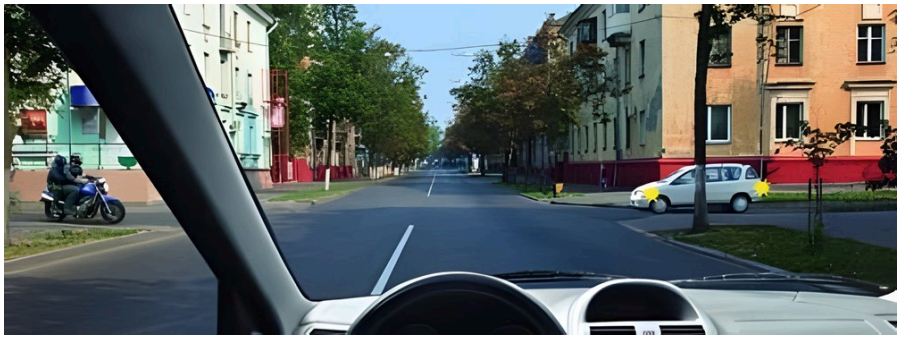

1. The drivers of the passenger car and tram A.
2. **Only the driver of tram A.**
3. The drivers of both trams.
4. No one.

Answer: 2

---

65. If you continue straight ahead, you will:

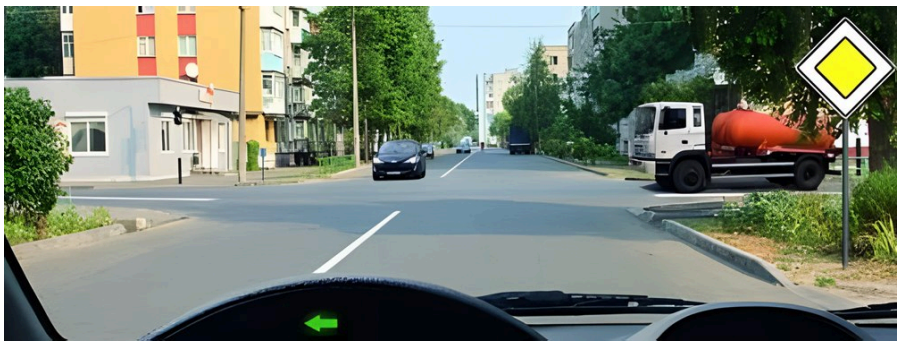

1. Pass through the intersection first.
2. **Pass through after the passenger car.**

Answer: 2

---

66. When making a U-turn in this situation, you must yield the right of way to:

1. **The passenger car driver.**
2. Both drivers.

Answer: 1

---

67. In this situation, are we required to avoid obstructing pedestrians?

1. Yes, we are.
2. No, we are not.

Answer: 1

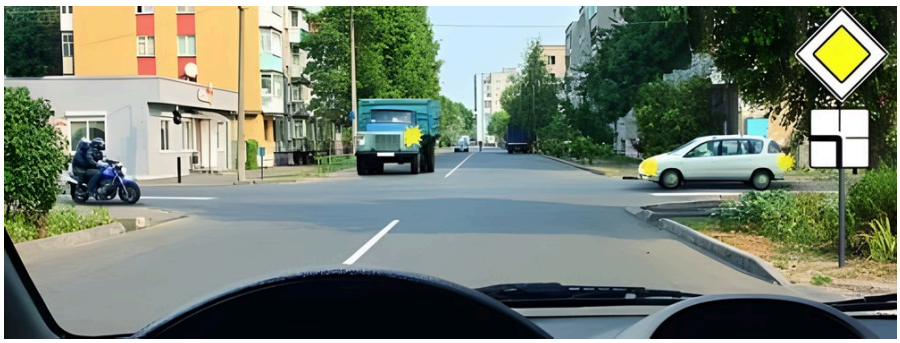

68. If there is a traffic jam immediately beyond the intersection, entering the intersection is permitted:

1. If you intend to continue straight ahead.
2. If you intend to turn or make a U-turn.
3. In all the cases listed.

Answer: 2

69. We must yield the right of way to:

1. The motorcycle rider.
2. The passenger car driver.
3. No one.

Answer: 3

70. When passing through the intersection, the driver must yield the right of way to:

1. Only the tram drivers.
2. **The passenger car driver and the driver of tram B.**
3. No one.
4. All other drivers.

Answer: 2

---

71. When turning left in this situation, we must yield the right of way to:

1. The passenger car driver.
2. The bus driver.
3. **No one.**

Answer: 3

---

72. We must yield the right of way to:

1. Only the tram driver.
2. The truck driver.
3. **Both drivers.**

Answer: 3

---

73. **We must yield the right of way to:**

1. The bus driver.
2. Both drivers.
3. **No one.**

Answer: 3

74. **When passing through the intersection in this situation, are you required to yield the right of way?**

1. Yes.
2. **No.**

Answer: 2

75. **When passing through the intersection in this situation, we:**

1. **Have the right of way and may proceed first.**
2. Must yield the right of way to the tram driver.
3. Must yield the right of way to the truck driver.
4. Must yield the right of way to all other drivers.

Answer: 1

76. When entering a roundabout marked with the “Roundabout” sign, the driver of a vehicle:

1. **Must yield the right of way to vehicles already circulating on the roundabout.**
2. Has priority over vehicles already circulating on the roundabout.

Answer: 1

---

77. When turning left in this situation, we must yield the right of way to:

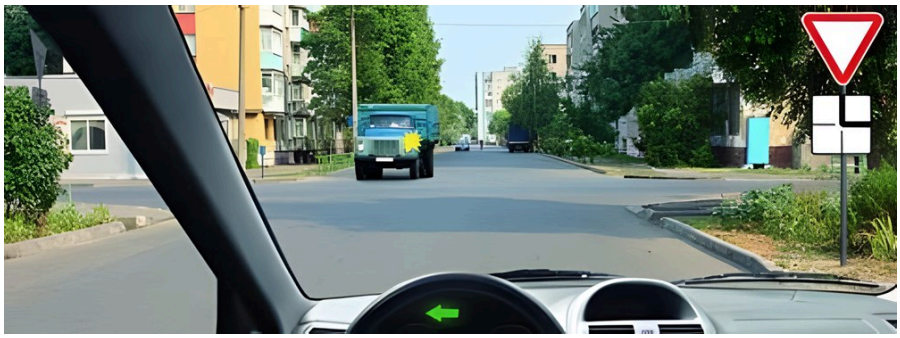

1. All other drivers.
2. Only the passenger car driver.
3. **The bus driver and the passenger car driver.**

Answer: 3

---

78. May the driver turn left in this situation?

1. Yes.
2. **Yes, provided they do not obstruct the truck driver.**
3. No.

Answer: 2

---

79. When turning left in this situation, the driver:

1. **Must yield the right of way.**
2. Will pass through the intersection first.

Answer: 1

---

80. These signs indicate that:

1. **In 200 m, you must yield the right of way to traffic on the intersecting road.**
2. You must yield the right of way to all vehicles along the next 200 m.

Answer: 1

---

81. When turning left at the second junction, the driver:

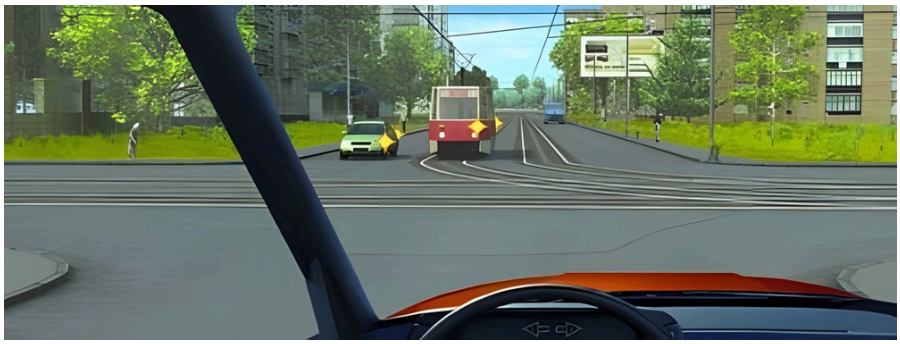

1. Has the right of way.
2. Must yield the right of way to the other drivers.
3. **Must yield the right of way to the bus driver.**

Answer: 3

---

82. When proceeding straight ahead through the intersection, the driver:

1. May proceed first.
2. **Must yield the right of way to the tram.**
3. Must yield the right of way to both drivers.

Answer: 2

83. When turning left, to whom must the driver yield the right of way?

1. **To the bus driver.**
2. To the passenger car driver.
3. To no one.

Answer: 1

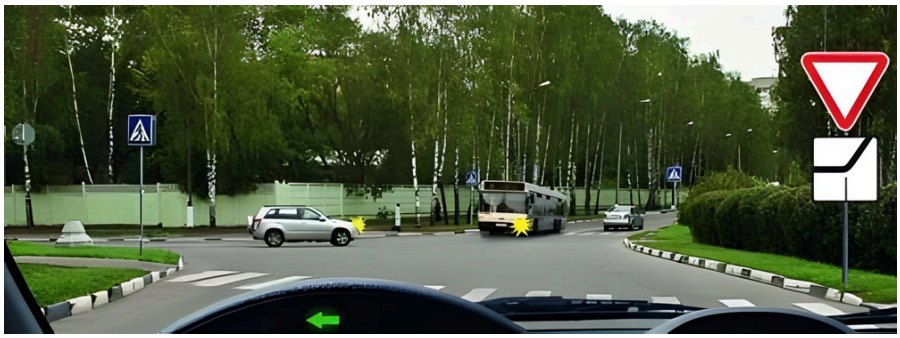

84. When entering this intersection, the driver:

1. Has the right of way.
2. Must yield the right of way to the truck driver.
3. **Must yield the right of way to both drivers.**

Answer: 3

85. When turning left, to whom must the driver yield the right of way?

1. To both drivers.
2. To the passenger car driver.
3. To the bus driver.

Answer: 1

---

86. In this situation, we must yield the right of way to:

1. Both drivers.
2. Only the truck driver approaching from the opposite direction.

Answer: 1

---

87. When turning left, you:

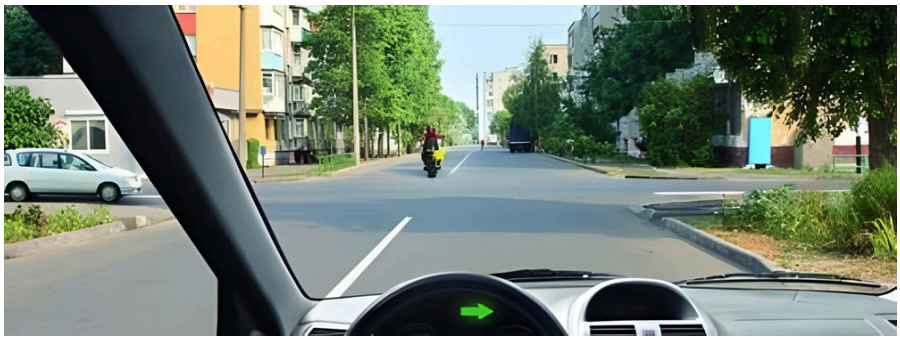

1. Will pass through the intersection first.
2. Must yield the right of way.

Answer: 1

---

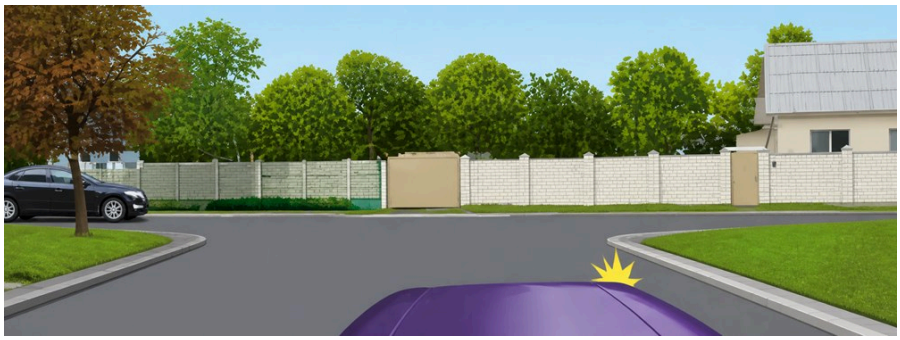

88. In this situation, we turn right by:

1. **Passing through the intersection first.**
2. Yielding the right of way to the passenger car driver.
3. Yielding the right of way to both drivers.

Answer: 1

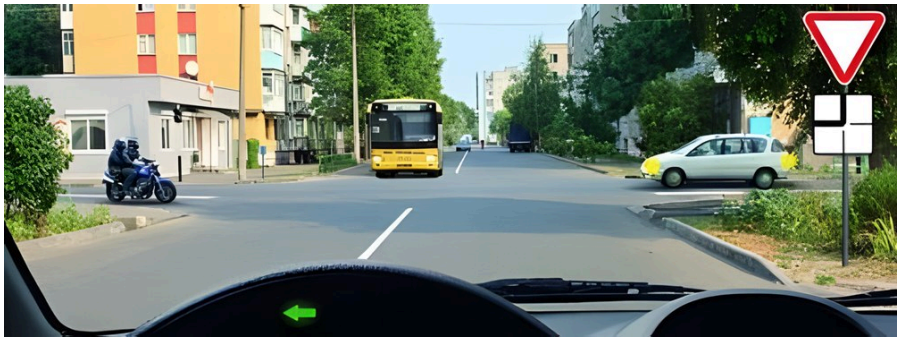

89. When turning right, you:

1. Must yield the right of way.
2. **May proceed first.**

Answer: 2

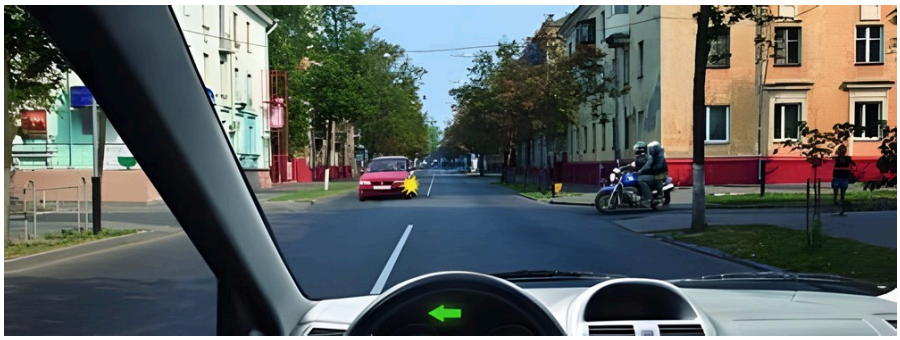

90. When turning left, you must yield the right of way to:

1. The bus driver and the motorcycle rider.
2. The bus driver.
3. **All other road users.**

Answer: 3

91. When turning left, you:

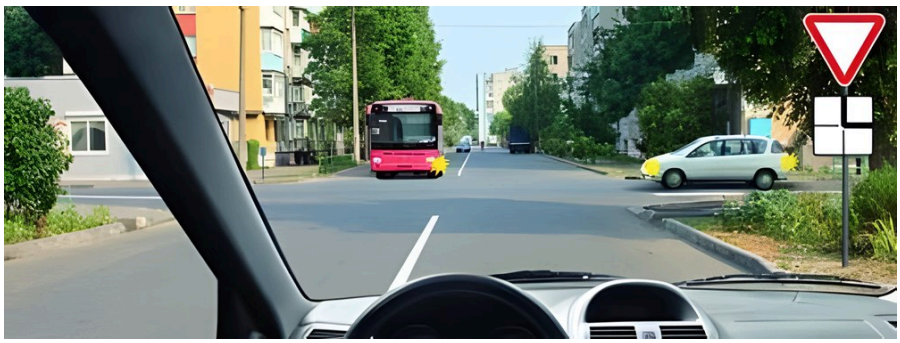

1. Will proceed first, at the same time as the passenger car.
2. **Will proceed after the motorcycle.**

Answer: 2

---

92. When proceeding straight ahead, you must yield the right of way to:

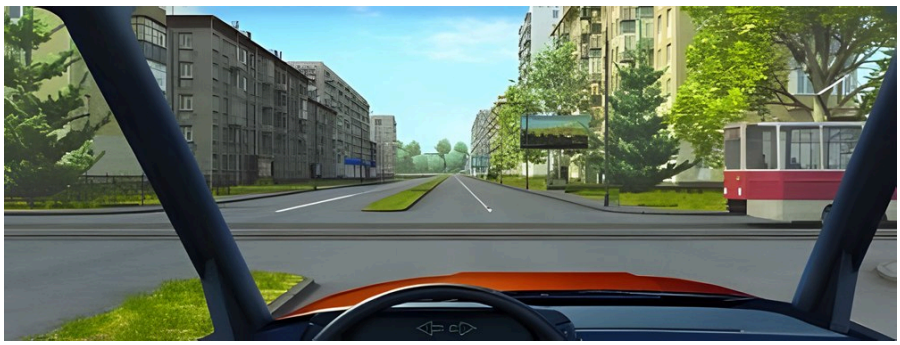

1. **Both drivers.**
2. Only the passenger car driver.
3. No one.

Answer: 1

---

93. Are we required to yield the right of way to the tram?

1. **Yes, we are.**
2. No, we are not.

Answer: 1

---

94. When is it permitted to turn right in this situation?

1. Immediately.
2. **At the same time as the truck passes, provided you do not obstruct it.**
3. After the truck has passed.

Answer: 2

95. When proceeding straight ahead through the intersection, you must yield the right of way to:

1. Only the driver of tram A.
2. Only the driver of tram B.
3. **Both tram drivers.**
4. No one.

Answer: 3

96. When turning left, you must yield the right of way to:

1. **Only the bus driver.**
2. Both drivers.
3. No one.

Answer: 1

97. **Who will pass through the intersection first?**

1. The truck driver.
2. The trolleybus driver.
3. **The traffic rules do not regulate this situation. The drivers should proceed with mutual consideration.**

Answer: 3

---

98. **When must the driver avoid obstructing pedestrians?**

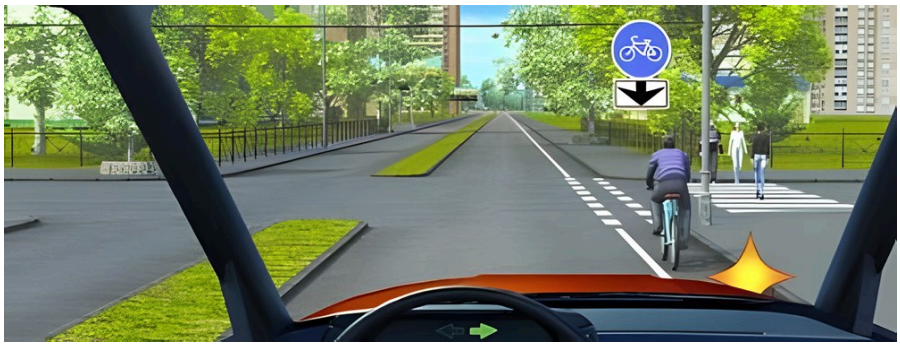

1. Only when turning left.
2. Only when turning right.
3. **In both cases.**

Answer: 3

---

99. **When turning right, you must yield the right of way to:**

1. **Pedestrians and cyclists.**
2. Pedestrians only.

Answer: 1

---

100. When turning left, you must yield the right of way to:

1. Only the passenger car driver.
2. The passenger car and bus drivers.
3. No one.

Answer: 1

---

101. If a driver cannot determine whether a road has a paved surface (due to darkness, mud, snow, etc.) and there are no priority signs,:

1. The driver must assume that they are on a minor road.
2. The driver must follow the rules for negotiating an intersection of roads of equal priority.

Answer: 1

---

102. In this situation, we must yield the right of way to:

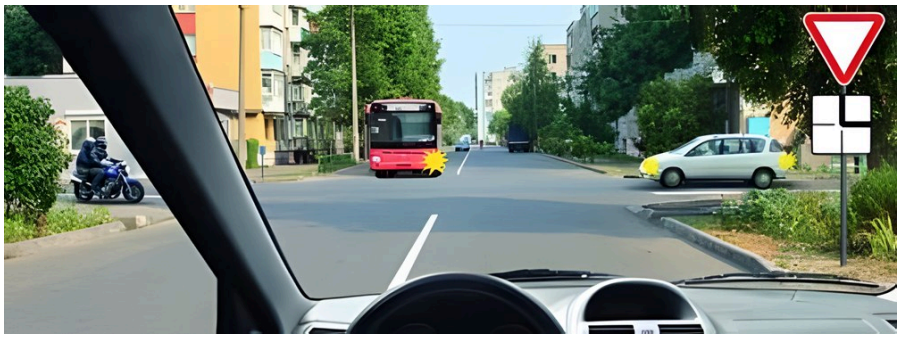

1. All drivers.
2. Only the truck driver.
3. Only the passenger car driver.

Answer: 1

---

103. **We must yield the right of way to:**

1. The passenger car driver.
2. **The bus and passenger car drivers.**
3. All drivers.

Answer: 2

---

104. **When making a U-turn at this intersection,:**

1. I will perform the manoeuvre first.
2. **I must yield the right of way to the other driver.**

Answer: 2

---

105. **When proceeding straight ahead through an intersection while the traffic light is flashing yellow, we must:**

1. Stop and wait for the green signal.
2. **Yield the right of way to the passenger car driver.**
3. Yield the right of way to the tram driver.

Answer: 2

---

106. When proceeding straight ahead,:

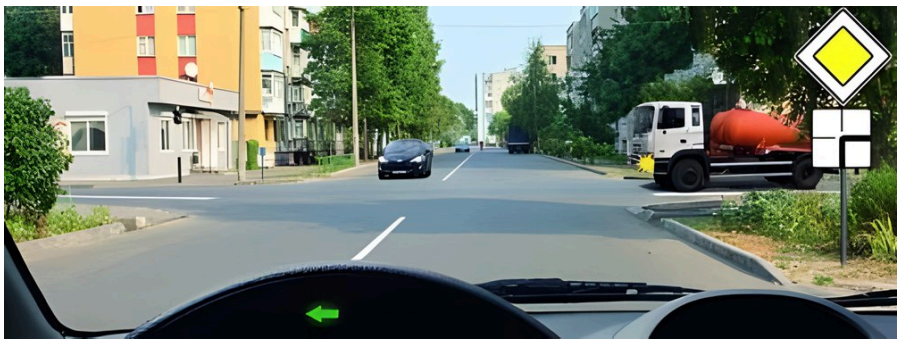

1. We may pass through the intersection first.
2. **We must yield the right of way.**

Answer: 2

---

107. When making a U-turn, to whom must you yield the right of way?

1. **To the truck driver.**
2. To the passenger car driver.
3. To both drivers.

Answer: 1

---

108. When turning left, must we yield the right of way to the tram?

1. **Yes, we must.**
2. No, we must not.

Answer: 1

---

109. At this intersection, must we yield the right of way to the truck approaching from an unpaved road?

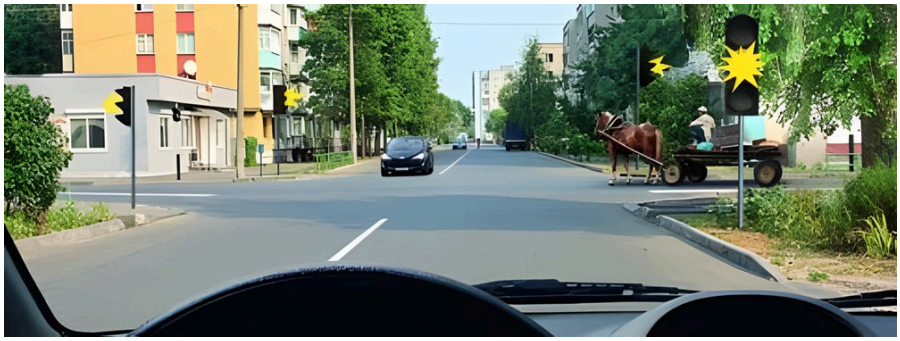

1. Yes, because it is approaching from our right.
2. **No, because a paved road has priority over an unpaved road.**

Answer: 2

---

110. When the traffic light is flashing yellow,:

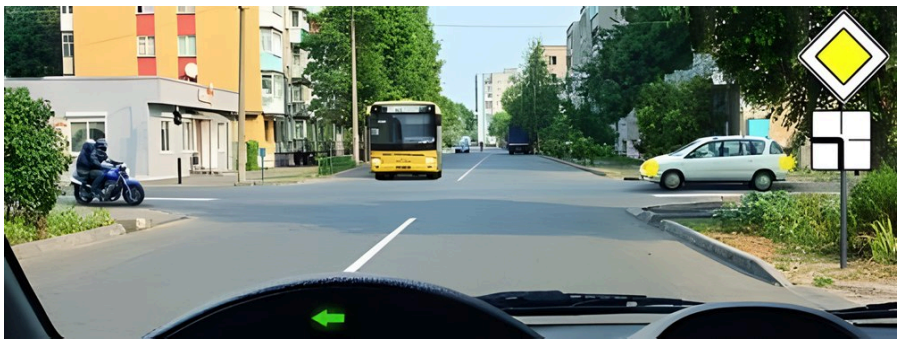

1. We must wait for the green signal.
2. **We will pass through the intersection after yielding the right of way to the driver of the horse-drawn cart.**
3. We will pass through the intersection at the same time as the passenger car.

Answer: 2

---

111. When turning left, we must yield the right of way to:

1. The passenger car driver.
2. The bus driver.
3. The motorcycle rider.
4. **No one.**

Answer: 4

---

112. In this situation,:

1. **We must yield the right of way to the truck driver.**
2. We may pass through the intersection at the same time as the tram.

Answer: 1

---

113. When passing through the intersection, we must yield the right of way to:

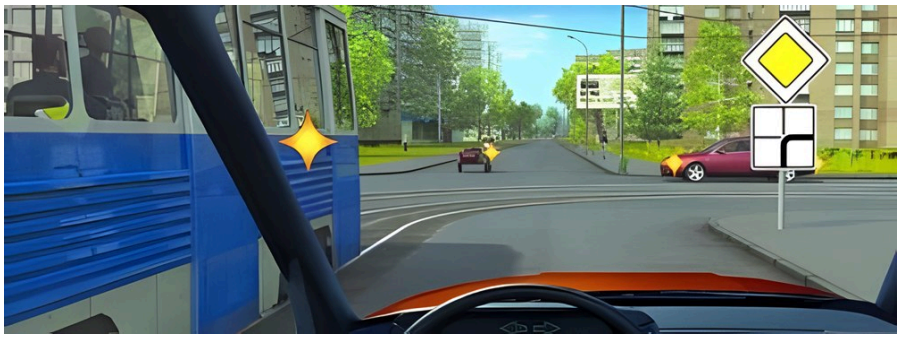

1. The motorcycle rider.
2. The motorcycle rider and the bus driver.
3. The bus and passenger car drivers.
4. **All drivers.**

Answer: 4

---

114. In this situation, you must yield the right of way to:

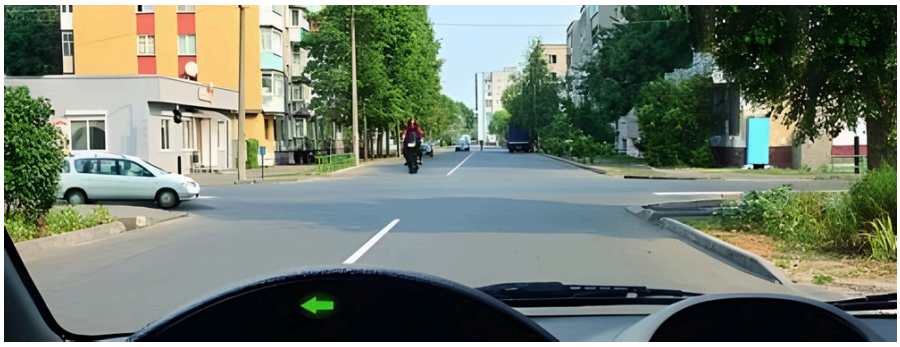

1. Only the tram driver.
2. The passenger car driver.
3. **The passenger car and tram drivers.**
4. All drivers.

Answer: 3

---

115. When turning left in this situation,:

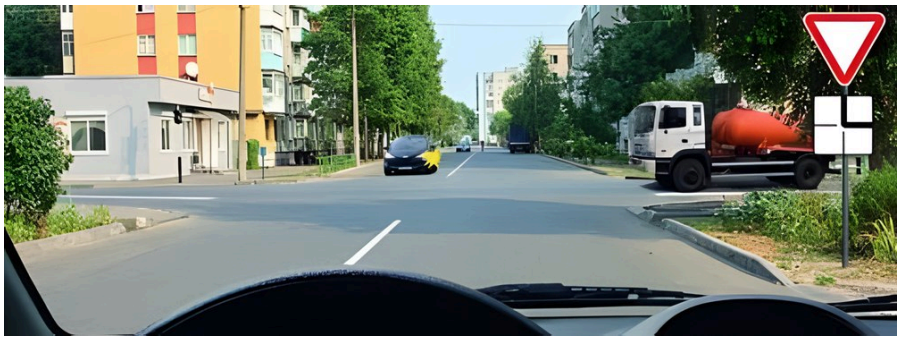

1. You will pass through the intersection first.
2. **You will enter the intersection, yield the right of way to the motorcycle rider, and then complete the manoeuvre.**

Answer: 2

---

116. When proceeding straight ahead through the intersection, you must yield the right of way to:

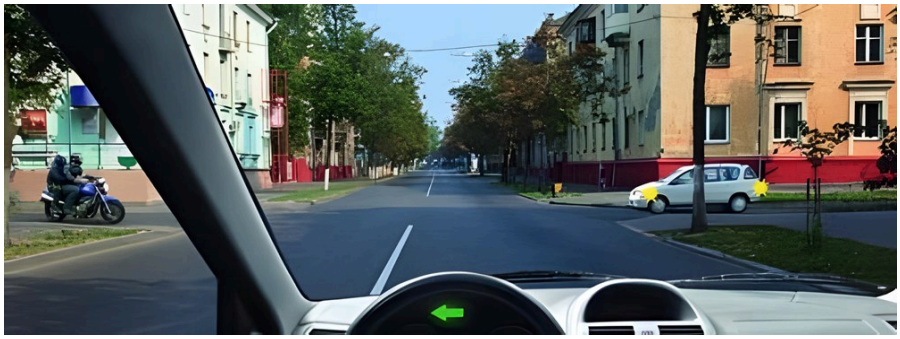

1. The truck driver.
2. The passenger car driver.
3. **Both drivers.**

Answer: 3

---

117. In this situation,:

1. You will pass through the intersection first.
2. **You will yield the right of way to the passenger car driver.**
3. You will yield the right of way to both drivers.

Answer: 2

---

118. We must yield the right of way to:

1. **Both drivers.**
2. The passenger car driver.
3. The bus driver.

Answer: 1

---

119. At this intersection, you must:

1. Proceed through the intersection first.
2. **Yield the right of way to the truck driver.**

Answer: 2

---

120. Must we yield the right of way to the tram driver?

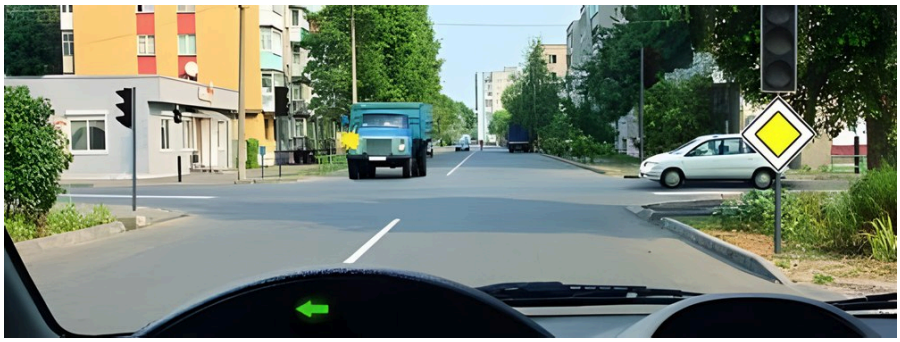

1. **Yes, we must.**
2. No, we must not.

Answer: 1

---

121. When turning left, we must yield the right of way to:

1. **The truck driver.**
2. Both drivers.
3. No one.

Answer: 1

122. At this intersection, you must:

1. Yield the right of way.
2. **Proceed through the intersection first.**

Answer: 2

123. When proceeding straight ahead, must we yield the right of way to the tram?

1. **Yes, we must.**
2. No, we must not.

Answer: 1

124. Must we yield the right of way to the tram?

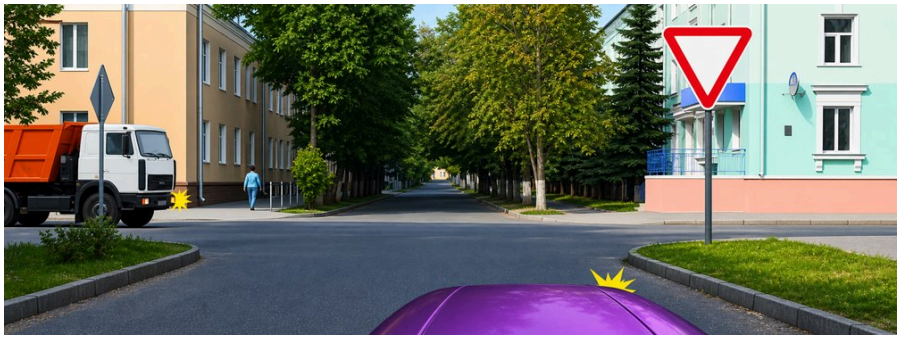

1. **Yes, we must.**
2. No, we must not.

Answer: 1

---

125. In this situation, turning right is permitted:

1. Only after the truck has passed.
2. **At the same time as the truck, provided this does not obstruct the truck driver.**

Answer: 2

---

126. To which tram driver must we yield the right of way?

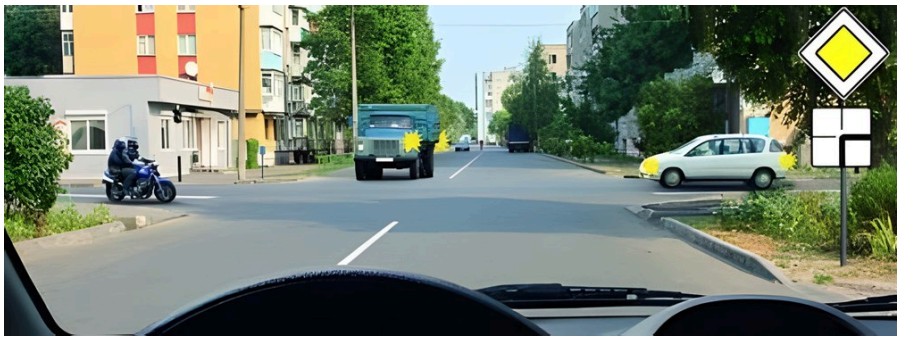

1. Only tram A.
2. Only tram B.
3. **Both trams.**

Answer: 3

---

127. When proceeding straight ahead, we must yield the right of way to:

1. The passenger car driver.
2. All other drivers.
3. No one.

Answer: 1

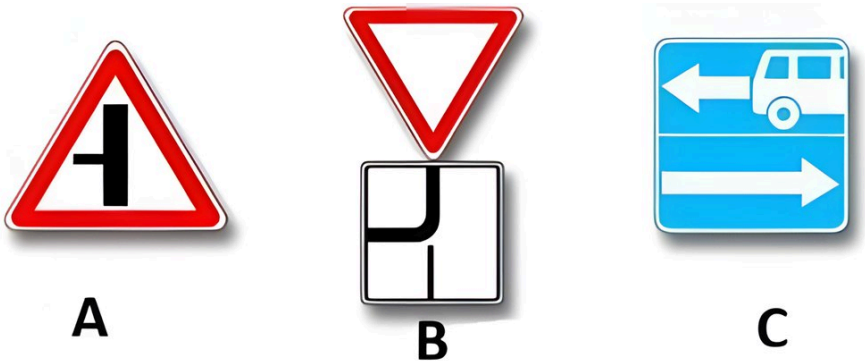

128. In this situation, we must yield the right of way to:

1. The bus driver.
2. The truck driver.
3. Both drivers.

Answer: 3

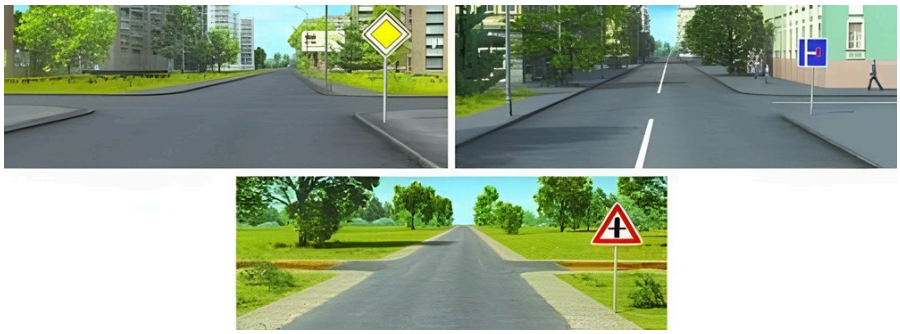

129. Which sign requires drivers to yield the right of way to vehicles approaching from the left at an intersection?

1. Only A.
2. Only B.
3. Both A and B.
4. All of them.

Answer: 2

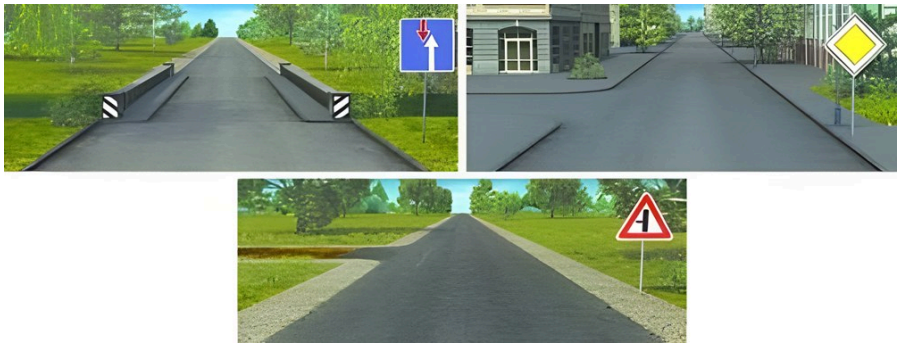

130. Which illustration shows the priority road?

1. Only the illustration on the left.
2. **The illustrations at the bottom and on the left.**
3. All of them.

Answer: 2

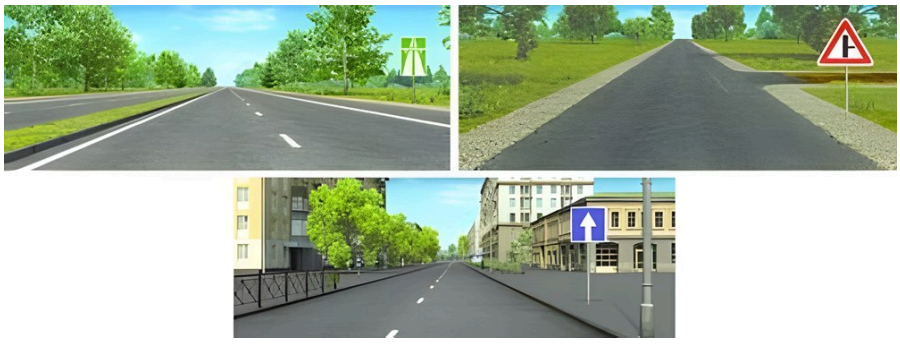

131. Which illustration shows the priority road?

1. Only the illustration on the right.
2. **The illustrations on the right and at the bottom.**
3. All of them.

Answer: 2

132. Which illustration shows the priority road?

1. The upper-left illustration.
2. The upper-right illustration.
3. **Both upper illustrations.**
4. All of them.

Answer: 3

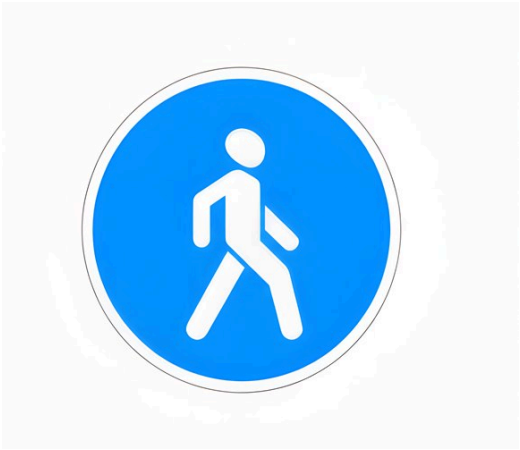

133. At an intersection, which road is considered the priority road?

1. **A road with a hard surface (asphalt concrete, cement concrete, stone materials, etc.) in relation to an unpaved road.**
2. A three-lane road in relation to a road with one lane in each direction.
3. An asphalt-concrete road in relation to a road paved with blocks.

Answer: 1

---

134. Who is permitted to use a pedestrian path?

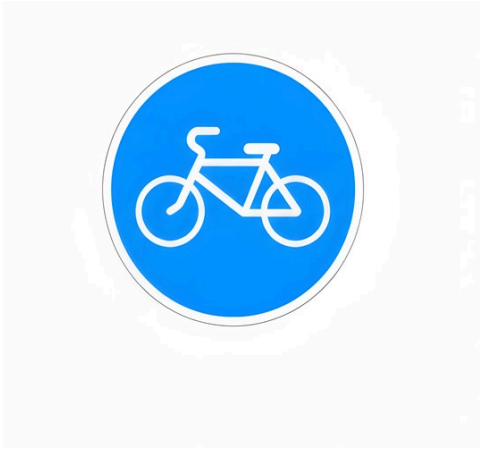

1. Pedestrians only.
2. Only persons pushing bicycles or motorcycles.
3. Persons riding bicycles or motorcycles.
4. **Pedestrians and persons pushing bicycles or motorcycles.**

Answer: 4

---

135. Who is permitted to use a path marked with the 'Cycle Track' sign?

1. Cyclists, as well as pedestrians where there are no pavements or pedestrian paths.
2. Moped riders.
3. Motorcycle riders.
4. **Both 1 and 2.**

Answer: 4

---

136. When turning right or left, must a bus driver yield the right of way to cyclists travelling on a cycle track?

1. Yes, in all cases.
2. No, because a bus is a larger vehicle and has priority.
3. Only if the cyclist is approaching from the right.

Answer: 1

---

137. Does a bus driver have priority over a cyclist at an uncontrolled crossing between a cycle track and a road outside an intersection?

1. Yes.
2. No.

Answer: 1

---

138. Before turning or making a U-turn, a bus driver must position the bus in advance:

1. In any lane from which the manoeuvre can conveniently be performed.
2. In the second lane and perform the manoeuvre from that lane to allow a wider turning radius.
3. In the appropriate outermost lane of the carriageway for the intended direction of travel.

Answer: 3

---

139. When may a bus driver turn without first moving into the appropriate outermost lane?

1. When the traffic lanes are separated by continuous road markings.
2. When entering a roundabout.
3. In both cases.

Answer: 2

---

140. May a bus driver cross a continuous line separating traffic lanes when turning if the bus is too large to complete the turn from the outermost lane?

1. Yes, if the driver uses the turn indicator and ensures safety.
2. No, crossing a continuous line is prohibited; the driver must change lanes in advance where the road markings permit it.
3. Yes, if the bus is a public transport vehicle.
4. In all the cases listed.

Answer: 2

---

141. When may a bus driver turn without first moving into the appropriate outermost lane?

1. When the dimensions of the bus make it impossible to turn from the outermost lane.
2. When there are no horizontal road markings on that section of road.
3. In both cases.

Answer: 1

---

142. From which lane must a bus driver turn if road signs or markings also permit the manoeuvre from lanes other than the outermost lane?

1. Only from the outermost lane, because a bus must always travel as far to the right as possible.
2. From any lane from which the manoeuvre is permitted by the road signs or markings.
3. In both cases.

Answer: 2

---

143. From where must a bus driver turn left or make a U-turn if tram tracks run in the same direction at the same level on the left side of the carriageway, unless signs or markings prescribe otherwise?

1. From the leftmost lane of the carriageway, without entering the tram tracks.
2. **From the tram tracks running in the same direction, provided this does not obstruct tram traffic.**
3. In both cases.

Answer: 2

---

144. How must a bus driver make a turn to comply with traffic rules?

1. **The bus must not enter the side of the road intended for oncoming traffic when leaving the intersection of carriageways.**
2. The bus must not enter the side of the road intended for oncoming traffic when leaving the intersection area.
3. In both cases.

Answer: 1

---

145. A bus driver turns left onto a road with two lanes in the same direction. Which lane may the driver occupy on completing the turn?

1. **Any lane, provided it is not a lane intended for oncoming traffic.**
2. Only the leftmost lane, to avoid obstructing vehicles turning from the right.
3. Only the rightmost lane, because a bus must always travel as far to the right as possible.

Answer: 1

---

146. A bus driver turns right onto a road with three lanes in the same direction. Which lane must the driver occupy on completing the turn?

1. **The rightmost lane, wherever possible.**
2. Any lane, provided the bus does not enter the side intended for oncoming traffic.
3. Only the second or third lane, leaving the rightmost lane clear for other vehicles approaching a stop.

Answer: 1

---

147. A bus driver is travelling through a three-lane roundabout. From which lane must the driver exit if road signs or markings do not prescribe otherwise?

1. **Only from the rightmost lane.**
2. From any lane.

Answer: 1

---

148. May a bus driver enter a reversible traffic lane immediately after turning if the traffic signal currently permits travel in that lane?

1. Yes, but only after a left turn.
2. **No, it is not permitted.**
3. Only if the bus is a public transport vehicle.

Answer: 2

---

149. **How must a bus driver proceed when turning or making a U-turn, at or outside an intersection, if the dimensions of the bus make it impossible to manoeuvre from the appropriate outermost lane?**

1. Switch on the hazard warning lights and perform the manoeuvre first, relying on the size of the bus.
2. Switch on the hazard warning lights, yield the right of way to vehicles approaching from the opposite direction, and then manoeuvre.
3. **Switch on the hazard warning lights and yield the right of way to vehicles approaching in both the same and opposite directions.**

Answer: 3

---

150. **What must a bus driver do if a deceleration lane is provided before a turn?**

1. Reduce speed in the main traffic lane before moving into the deceleration lane.
2. **Move into the deceleration lane in advance and reduce speed only within that lane.**
3. Act at the driver's discretion.

Answer: 2

---

151. **What must a bus driver do if an acceleration lane is provided?**

1. Stop at the beginning of the acceleration lane, wait until the road is clear, and then enter the adjacent lane.
2. **Travel along the acceleration lane and merge into the adjacent lane, yielding the right of way to vehicles already travelling on that road.**

Answer: 2

---

152. **Is a bus permitted to reverse on a one-way road?**

1. Yes, if it is safe and does not obstruct other road users.
2. **No, it is prohibited.**
3. Only if it is a scheduled-service bus.

Answer: 2

---

153. **What is the purpose of a deceleration lane?**

1. **To allow a driver intending to turn to move into that lane in good time and reduce speed only within it.**
2. To accommodate slow-moving vehicles that obstruct the main traffic flow.
3. To connect a motorway to an ordinary road.
4. To provide parking for buses.

Answer: 1

---

154. **Where are vehicles, including buses, prohibited from making a U-turn?**

1. At any uncontrolled intersection.
2. **On one-way roads.**
3. At any intersection.

Answer: 2

---

155. A bus is prohibited from making a U-turn:

1. **Where visibility is less than 100 metres in at least one direction.**
2. At intersections.
3. In both cases.

Answer: 1

156. A bus is prohibited from making a U-turn:

1. **At railway level crossings.**
2. In built-up areas where visibility is 150 metres.
3. In both cases.

Answer: 1

157. A bus is prohibited from reversing:

1. When entering a road from an adjoining area.
2. At intersections.
3. On pedestrian crossings.
4. **In all the cases listed.**

Answer: 4

158. A bus is prohibited from reversing:

1. On a steep uphill gradient.
2. **In tunnels.**
3. In both cases.

Answer: 2

159. A bus is prohibited from making a U-turn:

1. **On and under bridges, viaducts and flyovers.**
2. On steep downhill gradients.
3. In both cases.

Answer: 1

160. Which driver has violated the traffic regulations?

1. The driver who travelled at 50 km/h in a residential zone.
2. The driver who yielded to a cyclist when turning off the road into adjacent premises.
3. **Neither driver has violated the regulations.**

Answer: 3

161. What must a bus driver do if congestion beyond a pedestrian crossing would force the bus to stop on the crossing?

1. **Do not enter the pedestrian crossing; stop before it.**
2. The driver may stop on the crossing while the traffic signal is still permitting movement, provided the driver yields the right of way to all pedestrians crossing it.
3. In both cases.

Answer: 1

162. **Is a bus driver permitted to enter a pedestrian crossing if congestion beyond it would force the bus to stop on the crossing?**

1. Yes, if it is a scheduled-service bus approaching a bus stop.
2. **No, the driver must stop before the pedestrian crossing.**
3. Yes, if no pedestrians are present.

Answer: 2

---

163. **What must a bus driver do when the traffic signal changes to permit movement at a signal-controlled pedestrian crossing?**

1. Move off immediately, since pedestrians are prohibited from entering the crossing when the signal permits vehicles to proceed.
2. **Allow pedestrians to finish crossing the carriageway in their chosen direction before proceeding.**

Answer: 2

---

164. **What must a bus driver do when the traffic signal changes to permit movement at a signal-controlled pedestrian crossing?**

1. Move off while sounding the horn to encourage pedestrians to cross faster or turn back.
2. **Allow pedestrians to finish crossing the carriageway in their chosen direction before proceeding.**

Answer: 2

---

165. **What must a bus driver do when approaching an uncontrolled pedestrian crossing?**

1. Yield the right of way to pedestrians who are in the bus's traffic lane.
2. **Not impede pedestrians crossing the carriageway.**

Answer: 2

---

166. **If a vehicle has slowed down or stopped before an uncontrolled pedestrian crossing, the driver of a bus travelling in an adjacent lane may proceed:**

1. If there are no pedestrians in the bus's lane.
2. Only after sounding the horn.
3. **Only after making sure there are no pedestrians in front of that vehicle.**
4. In all of the above cases.

Answer: 3

---

167. **According to traffic regulations, what is a bus driver prohibited from doing on a motorway?**

1. Reversing.
2. Driving lessons.
3. **Both are prohibited.**

Answer: 3

---

168. **In which direction may a tram proceed when a traffic officer has both arms extended sideways or lowered and the tram approaches from the officer's right or left?**

1. Straight ahead and to the right.
2. **Straight ahead only.**
3. In all directions.

Answer: 2

---

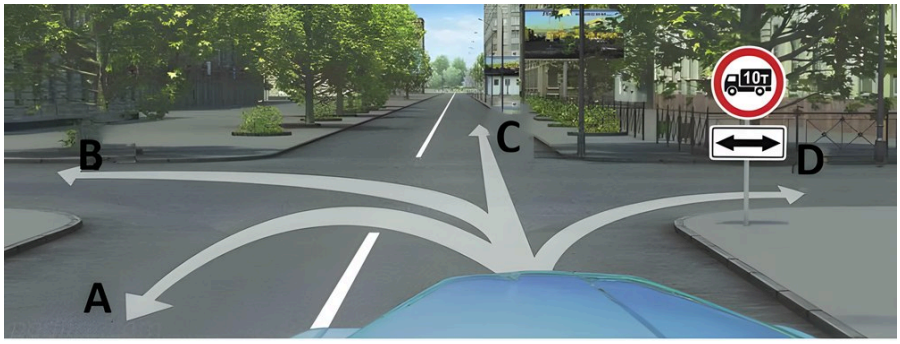

169. In which direction may a tram proceed when a traffic officer has the right arm extended forward and the tram approaches from the officer's left?

1. To the left only.
2. In all directions.
3. Straight ahead and to the left.

Answer: 1

---

170. In which directions may a bus with a maximum permissible mass of 12 tonnes travel?

1. C only.
2. A and C.
3. In all directions.

Answer: 3

---

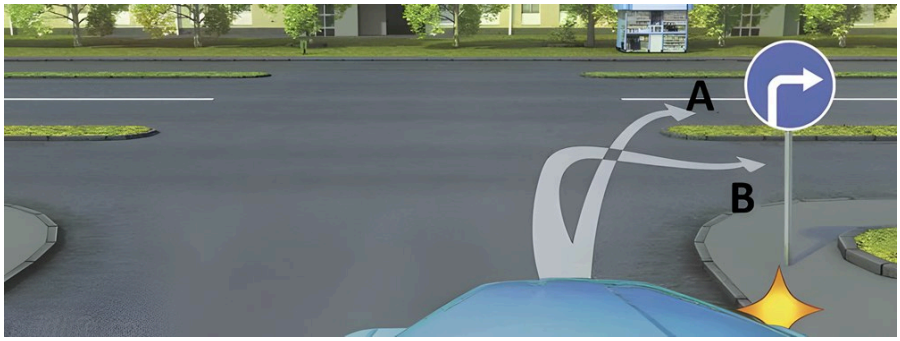

171. In built-up areas, must drivers yield the right of way to public transport vehicles pulling away from designated and marked stops?

1. Yes.
2. No.

Answer: 1

---

172. Taking the vehicle's large dimensions into account, the driver is permitted to proceed:

1. Along either of the two paths.
2. Along path A only.
3. Along path B only.

Answer: 3

---

173. **In which direction may the driver of the route-service bus travelling in a dedicated lane proceed in this situation?**

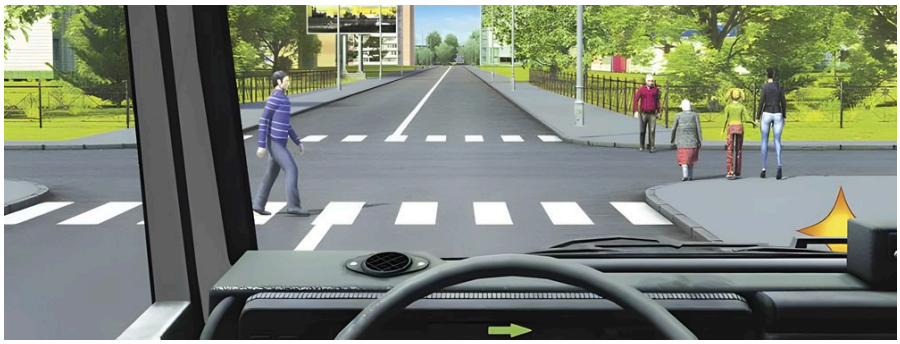

1. **Straight ahead only.**
2. In all directions.

Answer: 1

---

174. **The bus driver must not obstruct:**

1. Only the pedestrian crossing at the pedestrian crossing.
2. Only pedestrians encountered when turning.
3. **Any pedestrians.**

Answer: 3

---

175. **When leaving an intersection after turning right or left, the bus driver must:**

1. Not obstruct pedestrians crossing the carriageway.
2. Yield the right of way to cyclists travelling along a cycle track.
3. **Comply with both requirements.**

Answer: 3

---

176. Is a bus driver permitted to pass the truck by entering the lane for oncoming traffic?

1. Yes.
2. **No.**

Answer: 2

---

177. In this situation, must the driver of the intercity bus yield the right of way to the driver of the route-service bus pulling away?

1. **Yes.**
2. No.

Answer: 1

---

178. Reversing in this situation is:

1. Prohibited.
2. **Permitted.**
3. Permitted only for bus drivers.

Answer: 2

---

179. **In this situation, the driver of the public transport vehicle:**

1. Has priority over the cyclist only.
2. Has priority over both the cyclist and the pedestrians.
3. **Must yield the right of way to the cyclist and must not obstruct the pedestrians.**

Answer: 3

---

180. **Outside built-up areas, must drivers yield the right of way to public transport vehicles pulling away from designated and marked stops?**

1. Yes.
2. **No.**

Answer: 2

---

181. **At an intersection of roads of equal priority, a tram driver must yield the right of way to:**

1. The drivers of all vehicles approaching from the right.
2. **Only the drivers of trams approaching from the right.**

Answer: 2

---

182. **Travelling along the indicated path is, for the bus driver:**

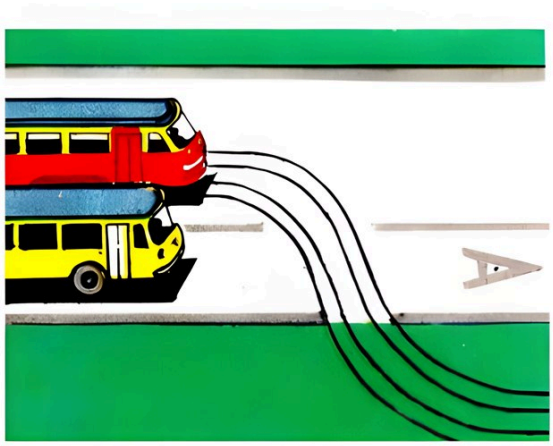

1. Prohibited.
2. Permitted only when overtaking.
3. **Permitted only when making a U-turn or turning left.**

Answer: 3

---

183. Must the tram driver yield the right of way to a bus operating on a scheduled route?

1. Yes, the driver must yield.
2. **No, the driver is not required to yield.**

Answer: 2

---

184. On roads with four lanes for traffic travelling in the same direction, are public transport vehicles permitted to use the leftmost lane?

1. Permitted when overtaking.
2. **Permitted when turning left or making a U-turn.**
3. Permitted in all cases.

Answer: 2

---

185. Must the driver of the route-service bus yield the right of way to the passenger car before moving off in this situation?

1. **No, the driver is not required to yield.**
2. Yes, the driver must yield.

Answer: 1

---

186. **If a traffic controller extends both arms sideways, which public transport vehicles are permitted to proceed straight ahead only?**

1. Buses only.
2. Buses and trolleybuses.
3. **Trams only.**
4. All of the above.

Answer: 3

---

187. **Must the bus driver yield the right of way to the cyclist?**

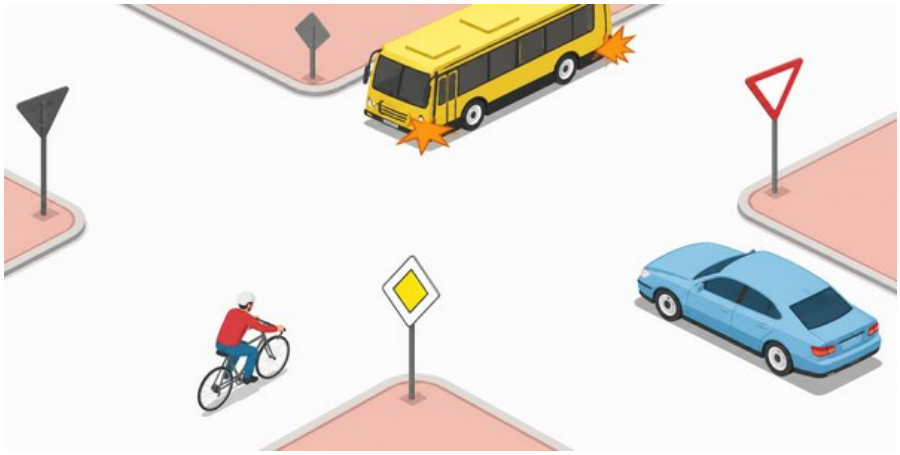

1. **Yes, the driver must yield.**
2. No, if the bus operates on a scheduled route.
3. No, if the bus is large and is travelling straight ahead.

Answer: 1

---

188. **Must the bus driver yield the right of way to the cyclist?**

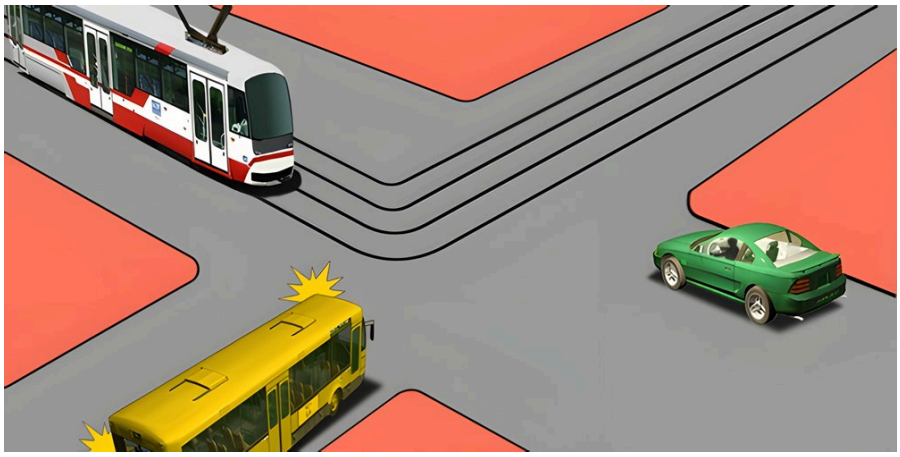

1. No, if the bus is large.
2. No, if the bus operates on a scheduled route.
3. **Yes, the driver must yield.**

Answer: 3

---

189. **Must the bus driver yield the right of way to the tram?**

1. No, because the bus is approaching the tram from the right.
2. **Yes, the driver must yield.**

Answer: 2

---

190. **If a bus driver enters an intersection while the traffic light displays a permissive signal, the driver:**

1. Must stop regardless of the traffic light signals.
2. **Must comply with any traffic light signal where a stop line is marked.**

Answer: 2

---

191. **Before turning or making a U-turn, a bus driver must move into the appropriate outermost lane in advance, except:**

1. When making a U-turn at an intersection.
2. When turning right, provided that no obstruction is caused to other vehicles.
3. **When the bus's dimensions or other circumstances make this impossible.**

Answer: 3

---

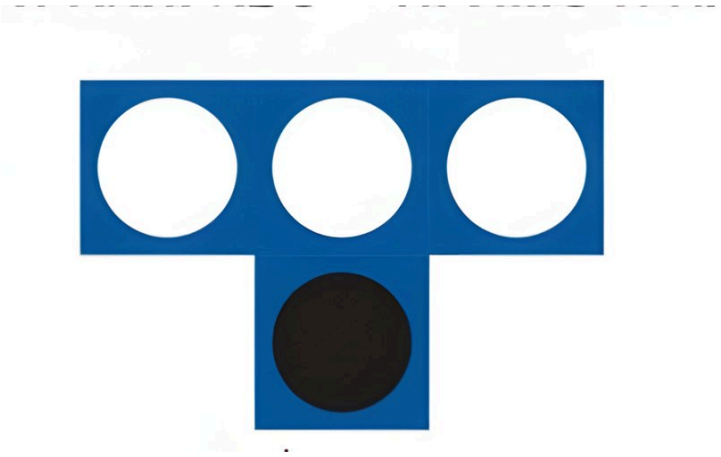

192. **At intersections of roads of equal priority, which public transport vehicles have priority?**

1. Public buses only.
2. Trams and trolleybuses.
3. **Trams only.**

Answer: 3

---

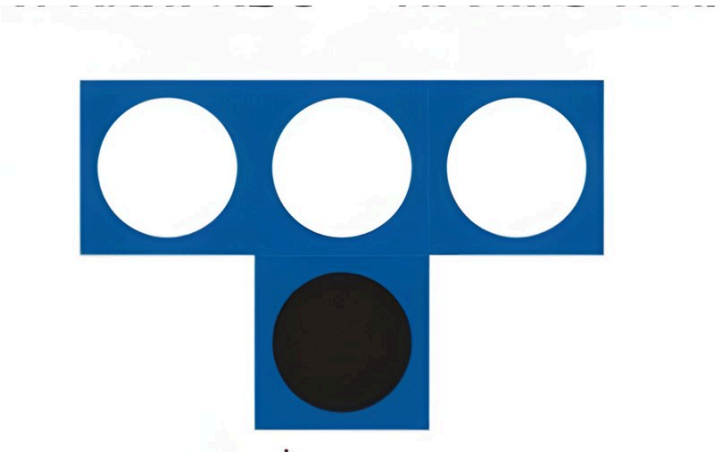

193. **Under this traffic light signal, tram traffic is:**

1. Permitted to the right or left.
2. Permitted in all directions.
3. **Prohibited.**

Answer: 3

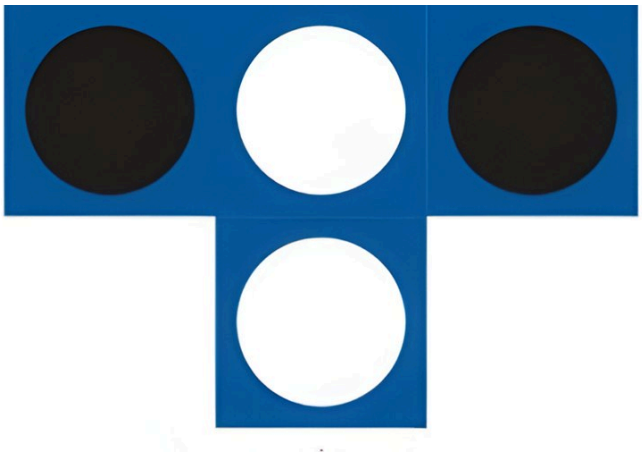

194. **For a public bus travelling in a dedicated lane, movement is prohibited:**

1. When making a U-turn.
2. When turning right, turning left or making a U-turn.
3. **In all directions.**

Answer: 3

195. **In which direction is a public bus travelling in a dedicated lane permitted to proceed?**

1. To the right or left only.
2. **Straight ahead only.**
3. In all directions.

Answer: 2

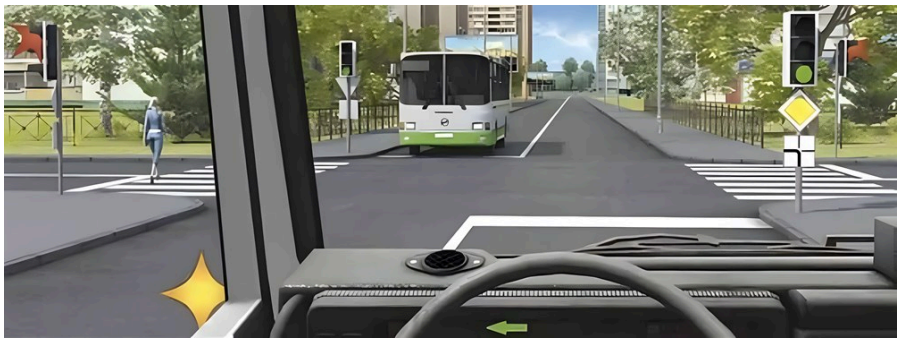

196. **A bus driver travelling in the leftmost lane intends to change to the right lane. Which illustration shows a situation in which the driver must yield the right of way to the passenger car?**

1. The illustration on the left.
2. The illustration on the right.
3. **Both illustrations.**

Answer: 3

197. **You intend to turn left. To whom must you yield the right of way?**

1. Pedestrians only.
2. The bus only.
3. **Both the bus and pedestrians.**

Answer: 3

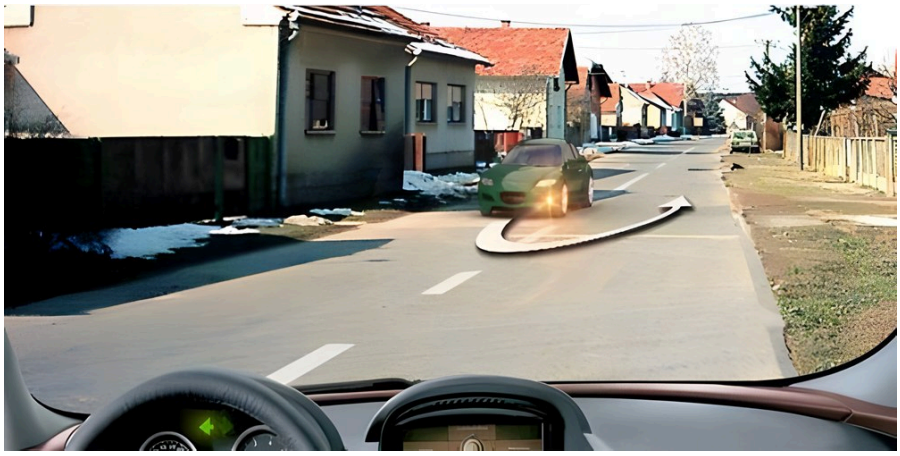

198. **Which vehicles are permitted to proceed?**

1. **The bus and the passenger car.**
2. The bus only.
3. The passenger car only.
4. None of the vehicles.

Answer: 1

199. **Who must yield the right of way in this situation?**

1. **The driver of the bus moving off.**
2. The driver of the passenger car.

Answer: 1

200. **You are driving a route-service bus and intend to turn left in this situation. In what order will you pass through the intersection?**

1. First.
2. Second.
3. **Third.**

Answer: 3

---

201. **You are driving a route-service bus and intend to turn left, while the tram is proceeding straight ahead. Who has priority?**

1. The bus driver, because route-service vehicles always have priority over trams when manoeuvring at intersections.
2. **The tram driver.**

Answer: 2

---

202. You are driving a route-service bus. Which is the correct order of passage through the intersection in this situation?

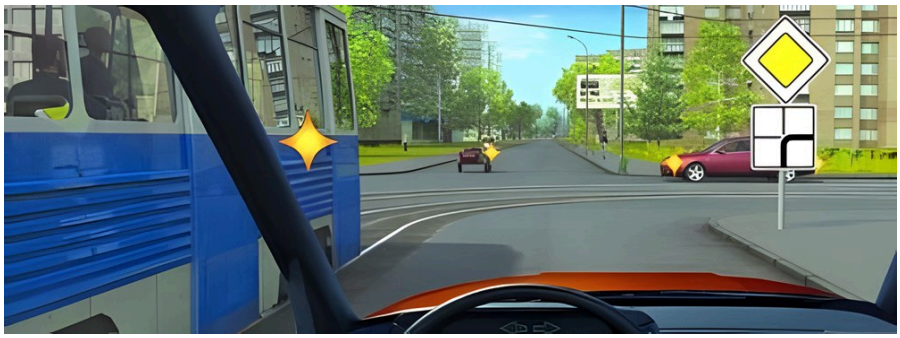

1. The truck first, followed by the tram and the bus simultaneously.
2. The truck, then the tram, then the bus.
3. **The tram, then the truck, then the bus.**

Answer: 3

---

203. You are driving a bus. Which is the correct order of passage through the intersection in this situation?

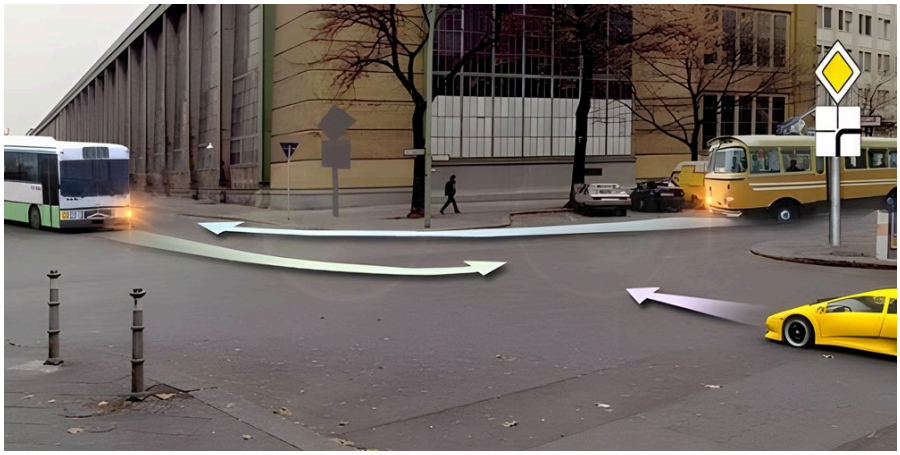

1. The passenger car, then the tram, then the motorcycle, then the bus.
2. **The tram, then the passenger car, then the bus, then the motorcycle.**

Answer: 2

---

204. In what order will the bus pass through the intersection?

1. First, together with the trolleybus.
2. Second.
3. **Last.**

Answer: 3

---

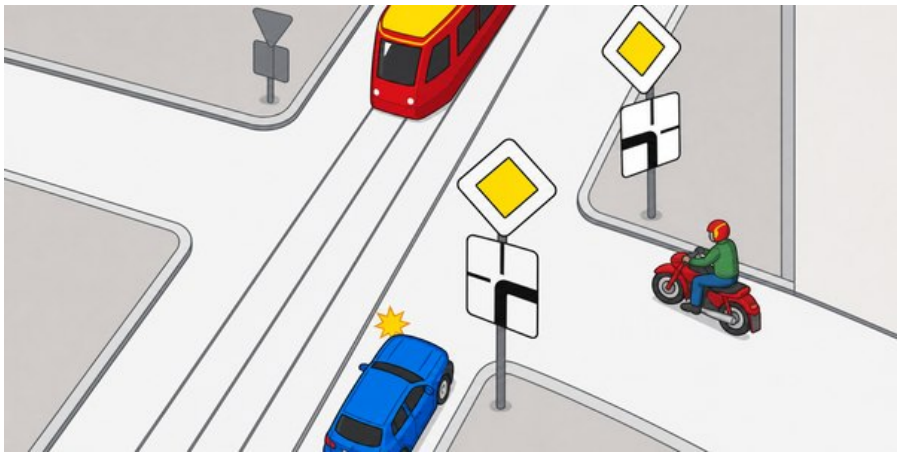

205. **In what order will the tram pass through the intersection?**

1. First, simultaneously with the blue passenger car.
2. **Second.**
3. Third.

Answer: 2

206. **In what order will the tram pass through the intersection?**

1. First.
2. Second, together with the blue passenger car.
3. **Third.**

Answer: 3
