136 questions

1. **Which vehicles are prohibited from proceeding?**

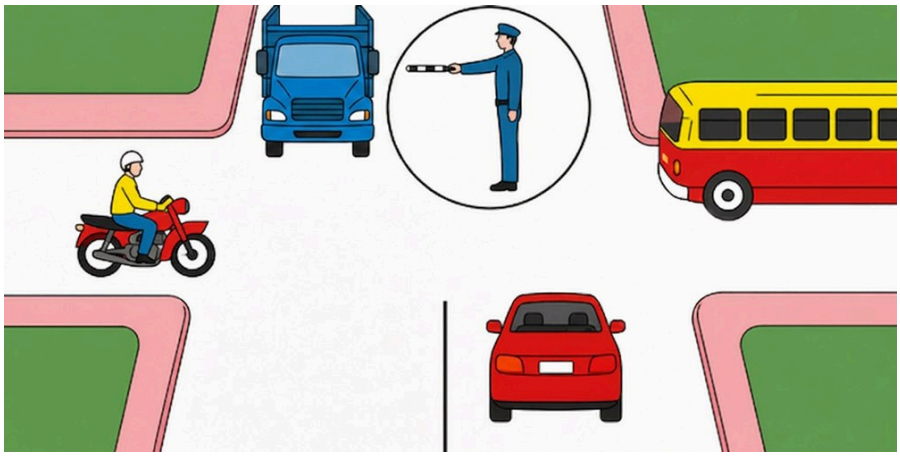

1. The red and white passenger cars.
2. **The blue, green and white passenger cars.**
3. The white, blue and yellow passenger cars.

Answer: 2

---

2. **Which drivers are permitted to proceed straight ahead?**

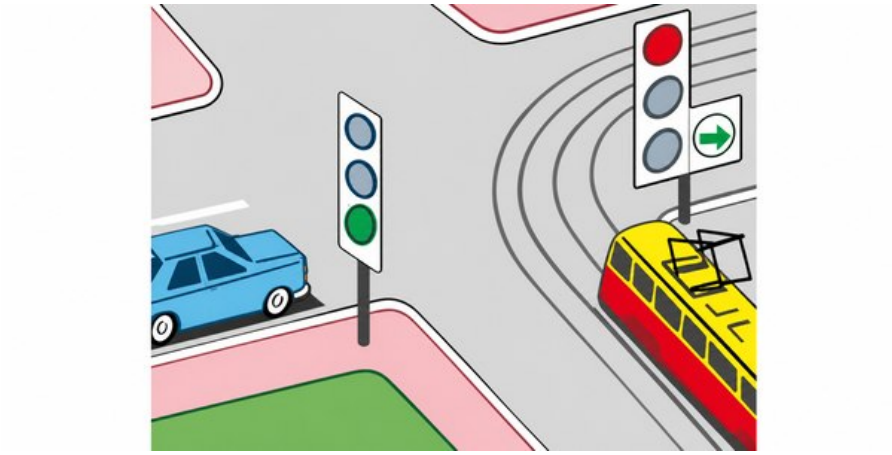

1. The bus and motorcycle drivers.
2. The passenger car and truck drivers.
3. **The passenger car driver.**

Answer: 3

---

3. **Which driver must yield the right of way?**

1. The passenger car driver.
2. **The tram driver.**

Answer: 2

---

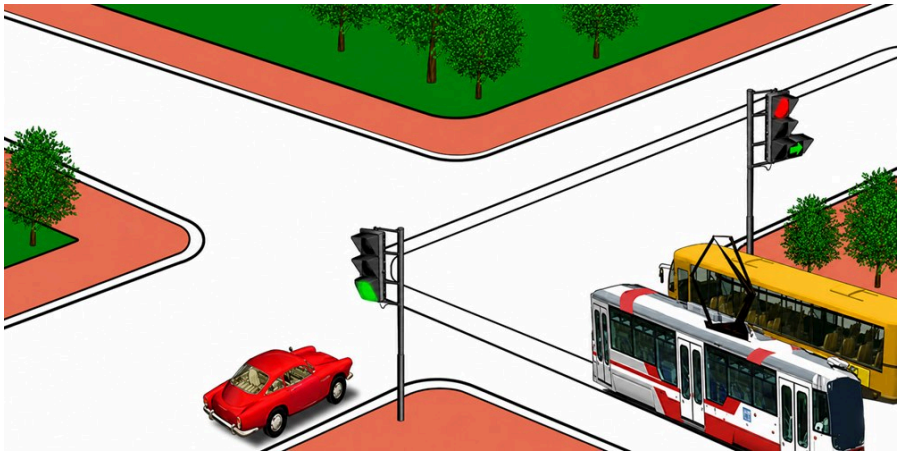

4. **If the traffic controller extends their right arm forward, non-rail vehicles are permitted to proceed:**

1. From the left side, to the left and in the opposite direction (making a U-turn).
2. From the right side, only to the right.
3. **From the left side, in all directions.**
4. From behind, only to the right.

Answer: 3

---

5. **In which order will the vehicles pass through the intersection?**

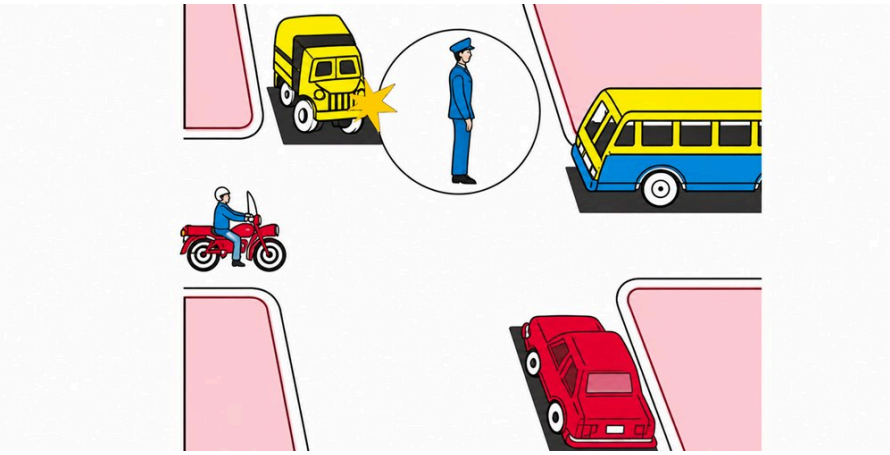

1. The tram and the bus, followed by the passenger car.
2. The tram, the passenger car, the bus.
3. **The passenger car, followed by the tram and the bus.**

Answer: 3

---

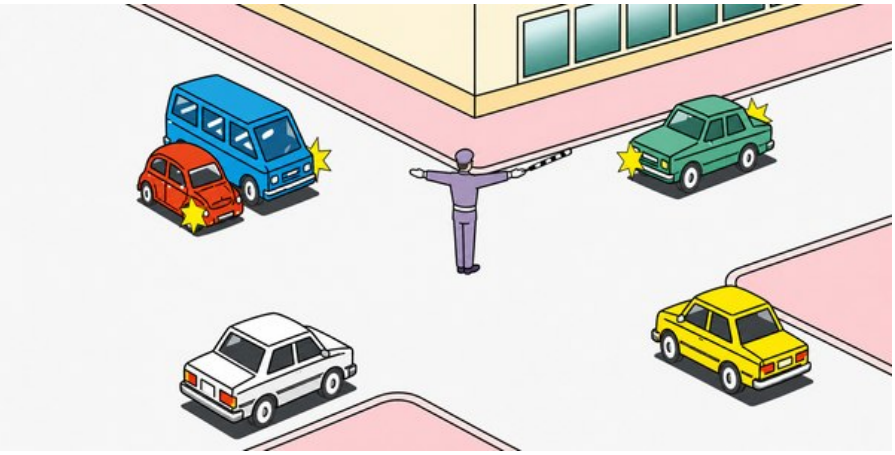

6. **Which answer correctly identifies the vehicles permitted to proceed?**

1. The motorcycle.
2. The truck.
3. The bus.
4. **The passenger car.**
5. The passenger car and the truck.

Answer: 4

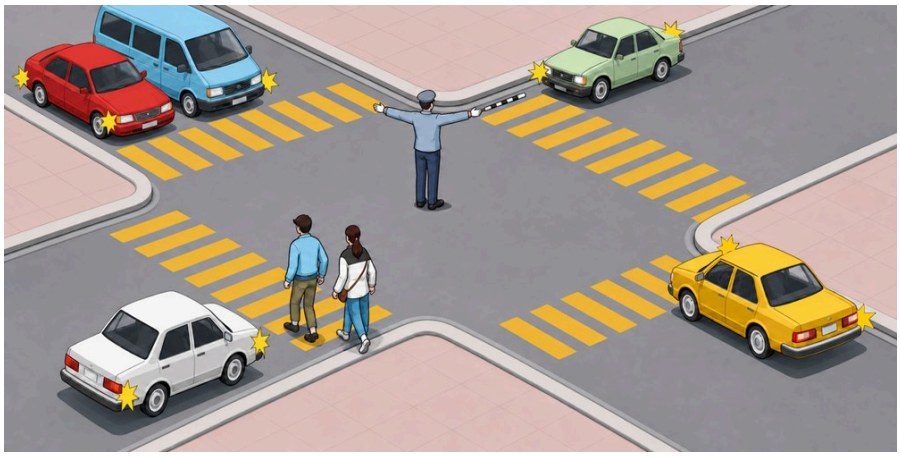

7. **This signal given by the traffic controller means that movement is permitted for:**

1. The blue and green cars, but prohibited for the red, yellow and white cars.
2. **The blue, red and green cars, but prohibited for the yellow and white cars.**

Answer: 2

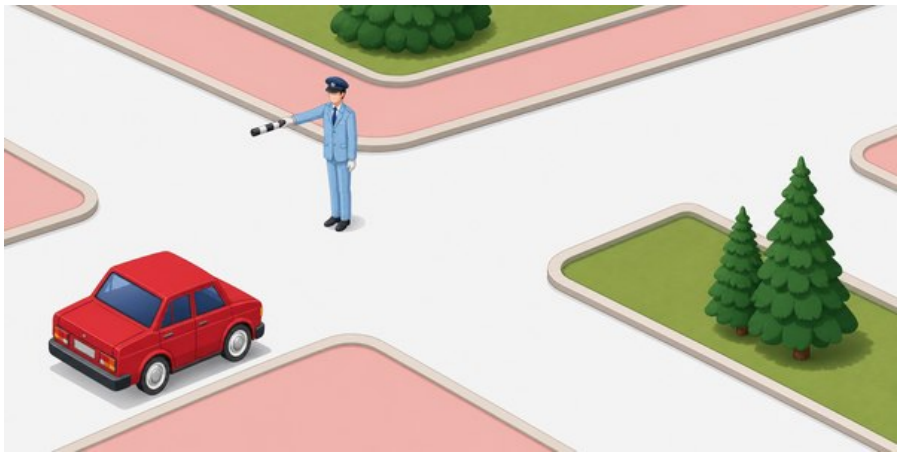

8. **Which vehicles may turn right?**

1. Only the red car.
2. All vehicles.
3. **The red and green cars.**

Answer: 3

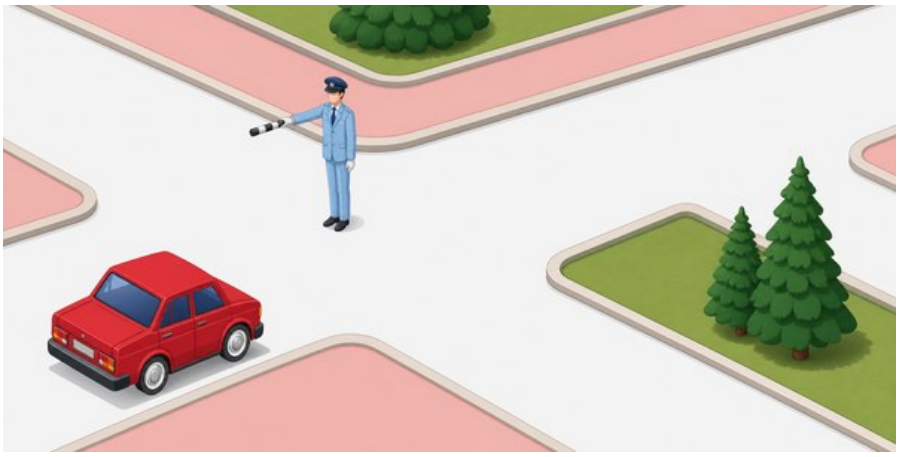

9. **Movement is permitted:**

1. Straight ahead.
2. **To the right at the first junction.**
3. To the right at the second junction.
4. To the right at both the first and second junctions.

Answer: 2

10. Movement is permitted:

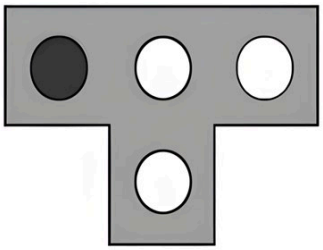

1. **To the right at the first junction.**
2. Straight ahead and to the right at the first junction.

Answer: 1

---

11. This traffic light prohibits movement:

1. **Only to the left.**
2. Straight ahead and to the left.
3. Straight ahead and to the right.
4. Only to the right.

Answer: 1

---

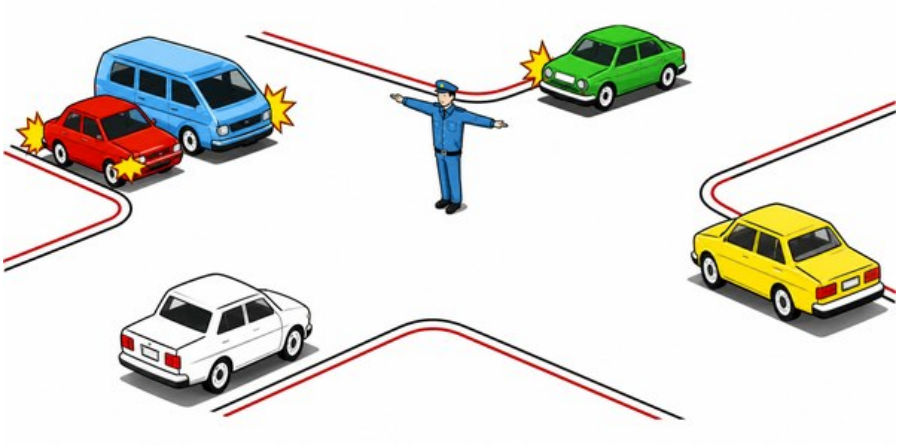

12. If the traffic controller has both arms extended sideways or lowered, non-rail vehicles are permitted to proceed:

1. From the front and rear, only to the right.
2. **From the left and right sides, straight ahead and to the right.**
3. From the left and right sides, straight ahead only.

Answer: 2

---

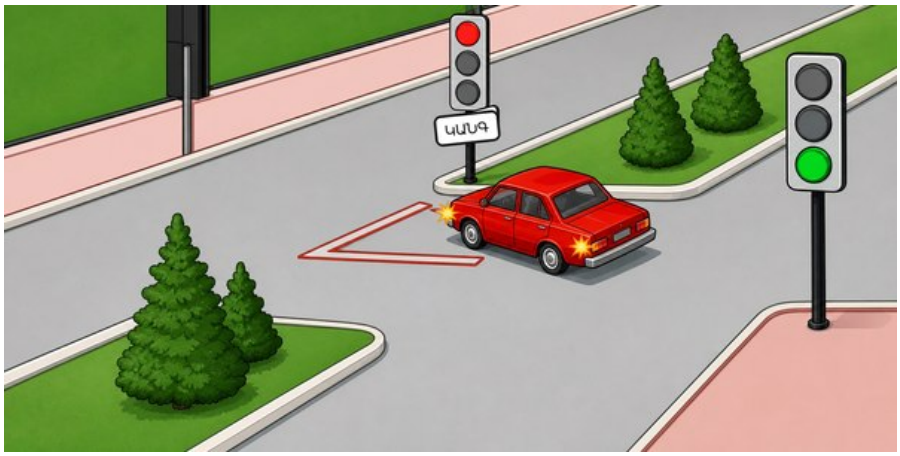

13. **Which vehicles are permitted to proceed?**

1. **The yellow and red cars.**
2. The green, red and white cars.
3. The white and green cars.

Answer: 1

14. **At which traffic light signal may the driver complete the U-turn?**

1. Red.
2. **Green.**
3. Any signal.

Answer: 2

15. **What does the combination of red and amber traffic light signals mean?**

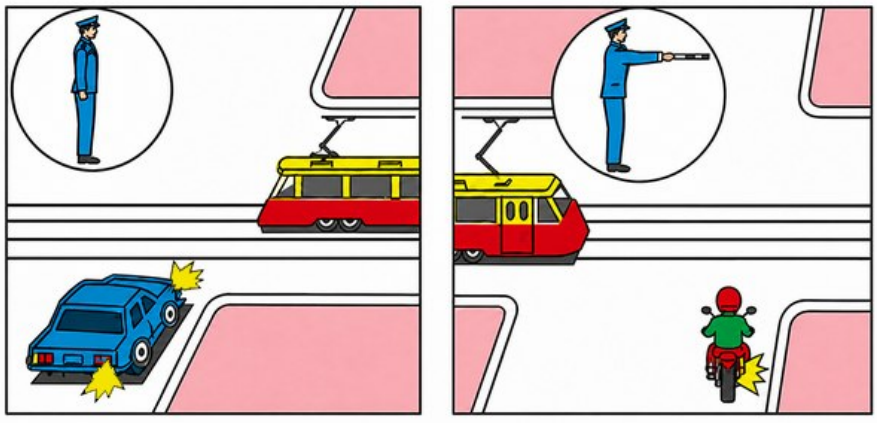

1. Movement may begin.
2. **Movement is prohibited and the green signal is about to appear.**
3. A vehicle with special audible warning signals and flashing beacons activated is approaching the intersection.

Answer: 2

---

16. **In which picture is the driver making the turn correctly?**

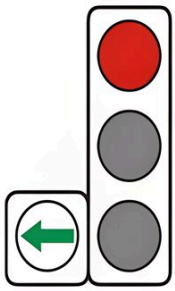

1. **In the picture on the left.**
2. In the picture on the right.

Answer: 1

---

17. When the traffic light shows green, must the tram driver yield the right of way to vehicles approaching from other directions?

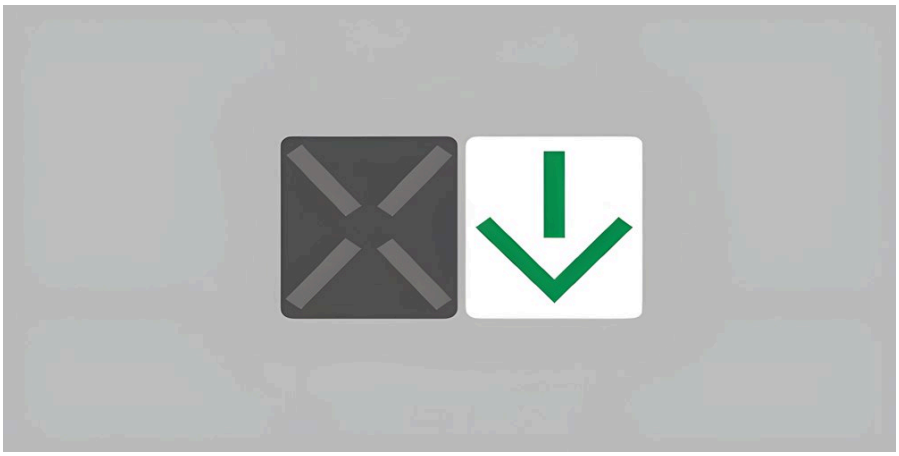

1. **Yes, the driver must yield.**
2. No, the driver is not required to yield.

Answer: 1

---

18. This traffic light is used to control traffic:

1. Across the entire width of the carriageway.
2. **In lanes where the direction of traffic may be reversed.**
3. Only in lanes designated for public transport vehicles.

Answer: 2

---

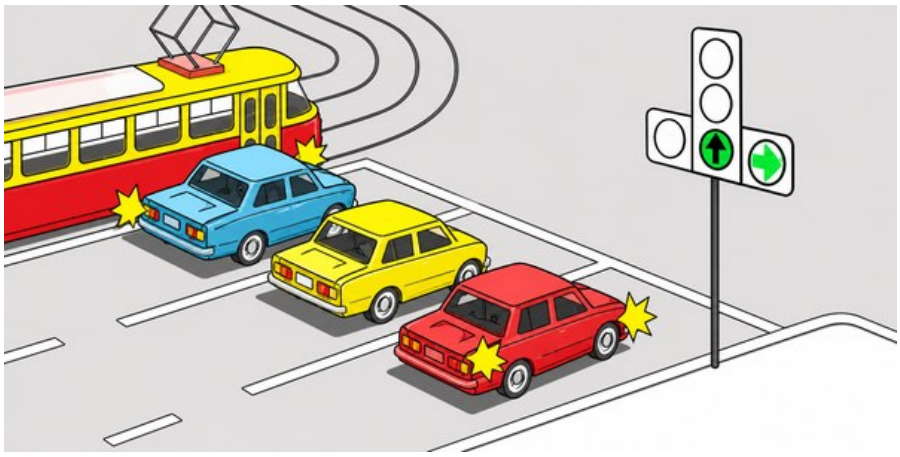

19. If the traffic controller extends their right arm forward, non-rail vehicles approaching from the controller's left side are permitted to proceed:

1. **In all directions.**
2. Only to the left.

Answer: 1

---

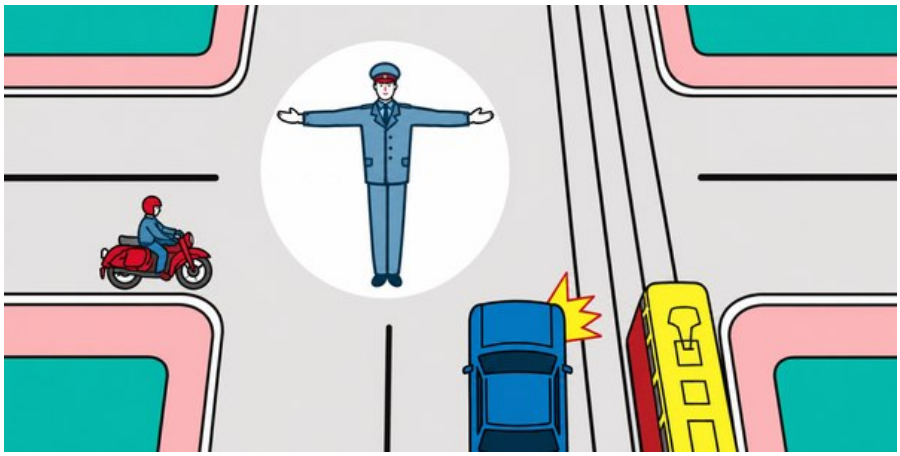

20. **Which vehicles are permitted to proceed under the traffic light signal shown?**

1. The tram and the yellow and red cars.
2. **The yellow and red cars.**
3. All vehicles.

Answer: 2

21. **Movement is permitted for:**

1. All vehicles.
2. **The motorcycle.**
3. The car and the motorcycle.

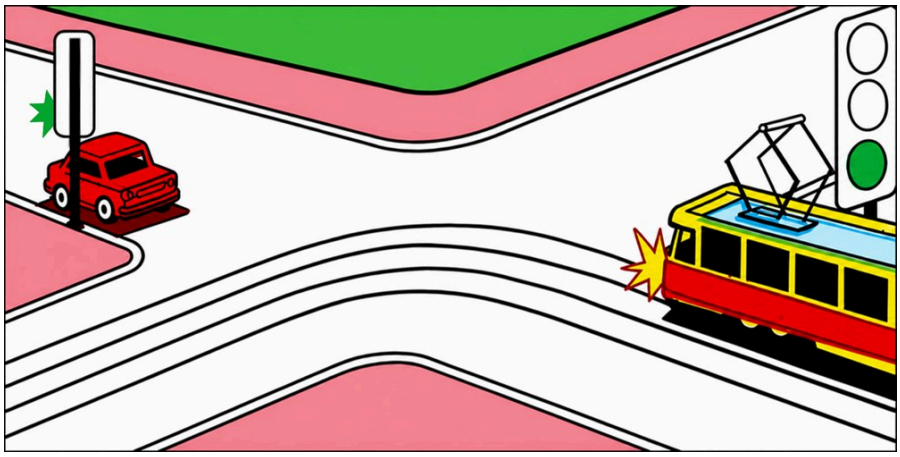

Answer: 2

22. **If the traffic controller has both arms extended sideways or lowered, non-rail vehicles approaching from the controller's left and right sides are permitted to proceed:**

1. **Straight ahead and to the right.**
2. Straight ahead only.

Answer: 1

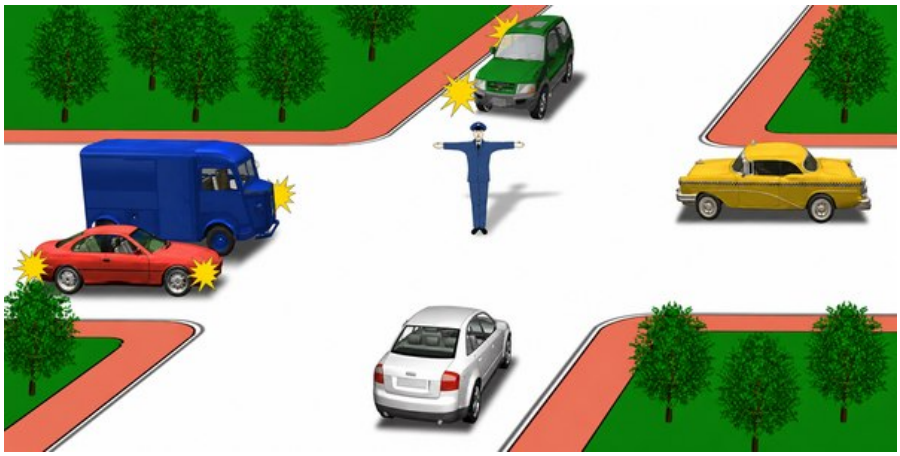

23. **Which vehicle has the right of way?**

1. The driver of the car.
2. **The tram driver.**

Answer: 2

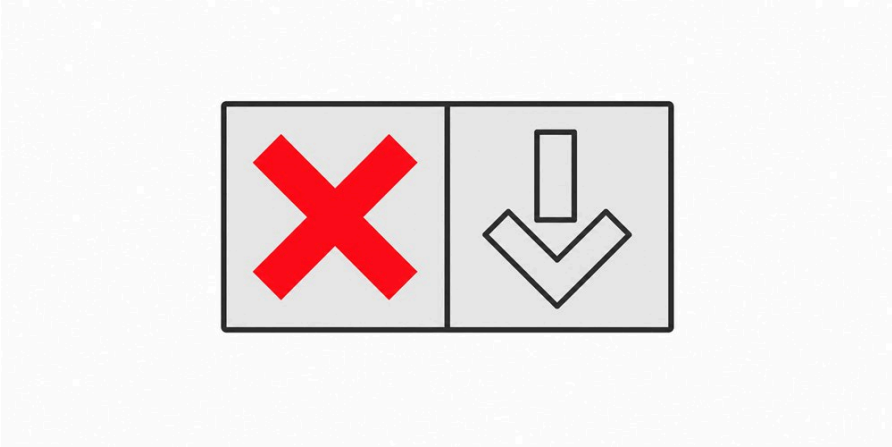

24. **Movement is prohibited for:**

1. The green and white cars.
2. **The white, blue and green cars.**
3. The white and yellow cars.
4. The green and yellow cars.

Answer: 2

25. When this traffic light shows a red signal, movement is prohibited:

1. Across the entire width of the carriageway.
2. At speeds exceeding 50 km/h.
3. **In the lane above which the traffic light is installed.**

Answer: 3

---

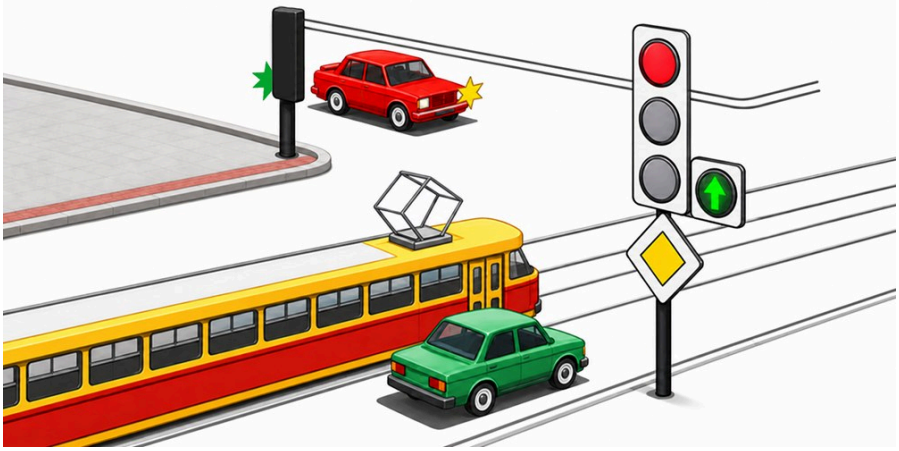

26. What does a flashing circular green traffic light signal mean?

1. It indicates that entering the intersection is prohibited.
2. **It permits movement and indicates that the green signal is about to end and a prohibitory signal will appear shortly.**

Answer: 2

---

27. In which order will the vehicles pass through the intersection?

1. The tram, the red car, then the green car.
2. **The red car, followed by the tram and the green car simultaneously.**
3. The tram and the green car simultaneously, followed by the red car.

Answer: 2

---

28. **Which answer correctly identifies the vehicles permitted to proceed?**

1. **The cars and the motorcycle.**
2. All vehicles.
3. The cars and the tram.

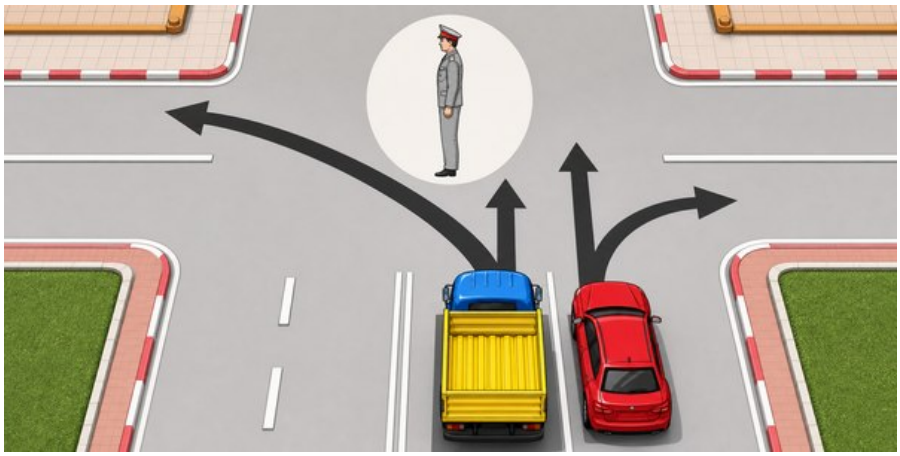

Answer: 1

29. **If the traffic controller extends their right arm forward, non-rail vehicles approaching from the controller's left side are permitted to proceed:**

1. Straight ahead and to the left.
2. **In all directions.**

Answer: 2

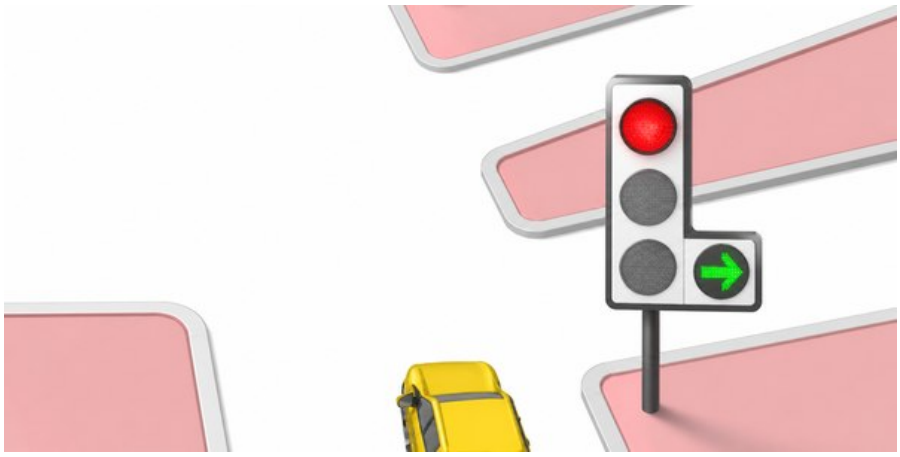

30. **Movement is prohibited for:**

1. **The blue-and-yellow car turning left.**
2. The blue-and-yellow car proceeding straight ahead, and the red car proceeding straight ahead or turning right.
3. The red car.

Answer: 1

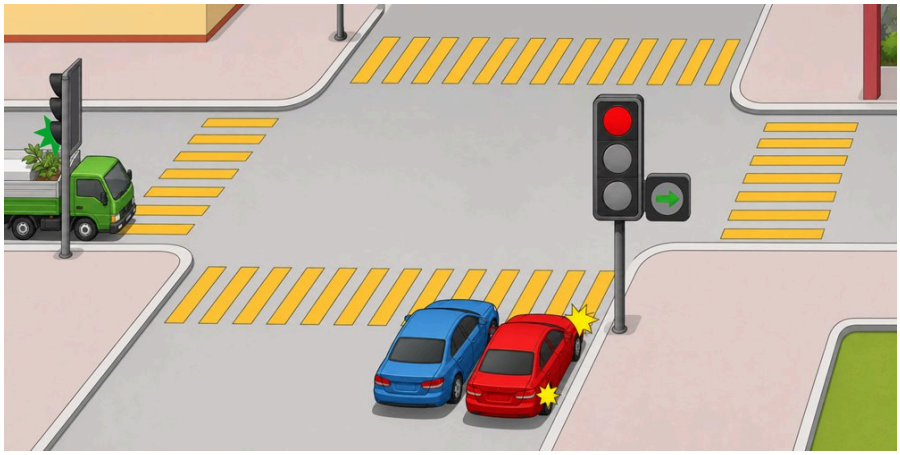

31. **In which direction is movement permitted?**

1. Straight ahead and to the right at the first junction.
2. **To the right at the first junction.**
3. To the right at the second junction.
4. To the right at both the first and second junctions.

Answer: 2

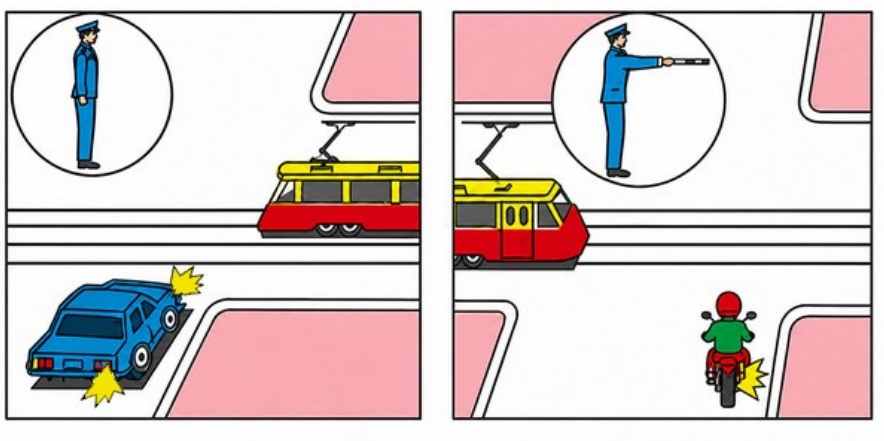

32. **Which car will pass through the intersection first?**

1. The red car.
2. The blue car.
3. **The green car.**

Answer: 3

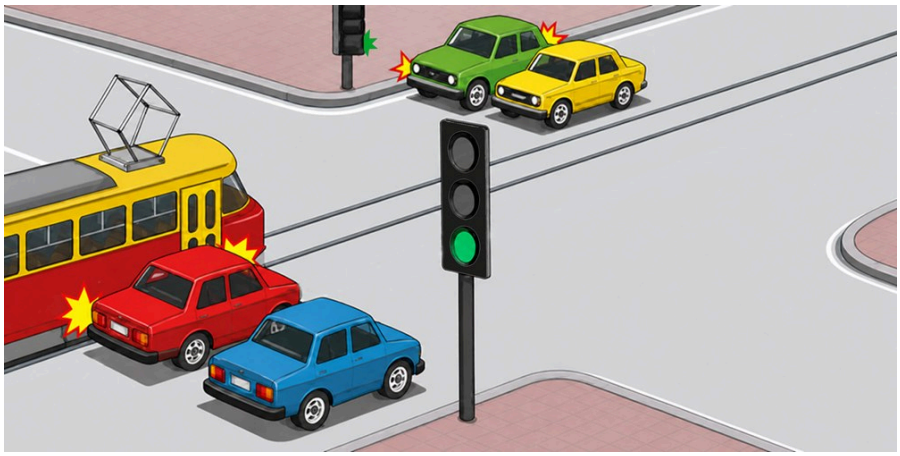

33. In which picture is the driver turning correctly?

1. **In the picture on the left.**
2. In the picture on the right.
3. In both pictures.

Answer: 1

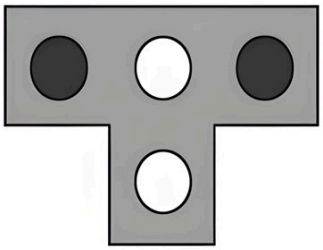

34. The red car will pass through the intersection:

1. First.
2. Second.
3. Third.
4. **Last.**

Answer: 4

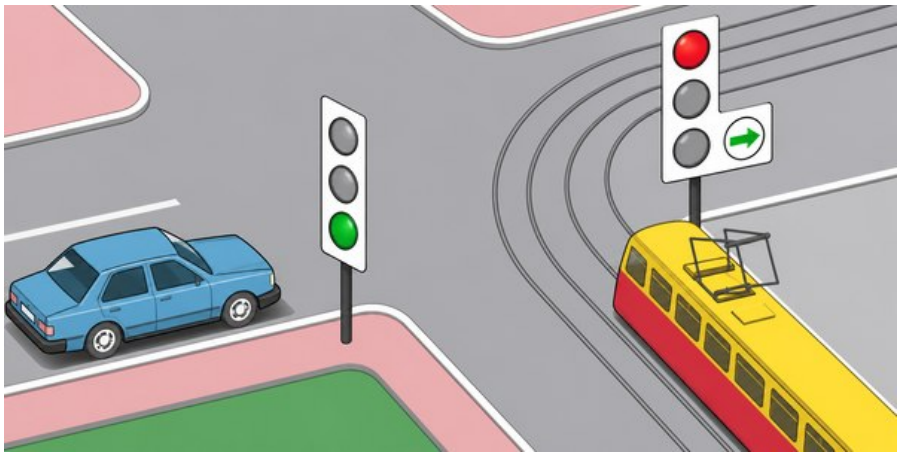

35. This traffic light is used to control:

1. Tram and trolleybus traffic.
2. Tram traffic only.
3. **Tram traffic and other public transport vehicles travelling in designated lanes.**

Answer: 3

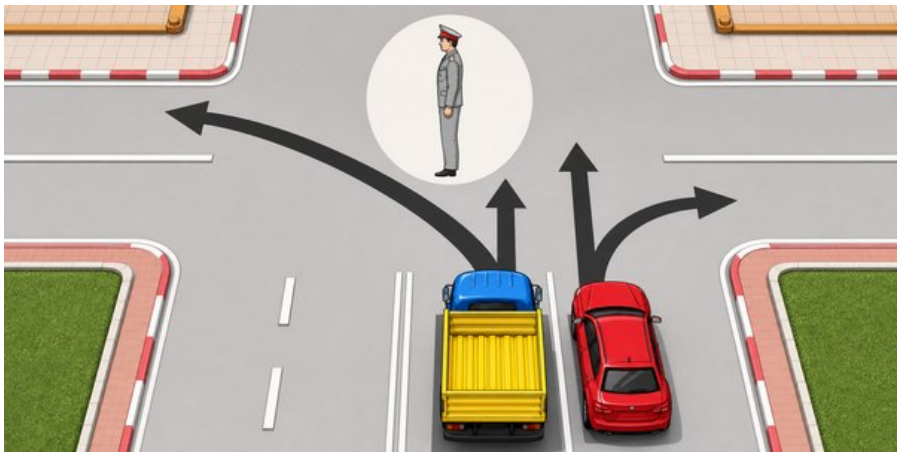

36. The car will pass through the intersection:

1. **First.**
2. Second.

Answer: 1

37. Movement is permitted for:

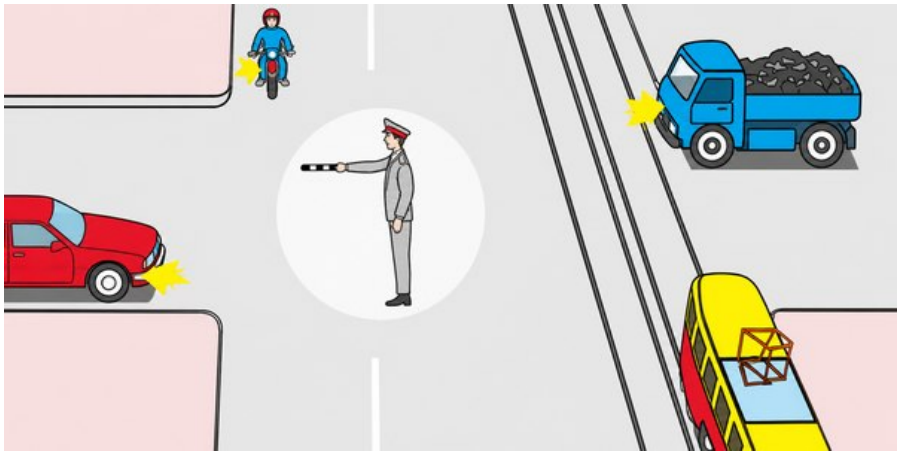

1. The blue-and-yellow car to proceed straight ahead and the red car to turn right.
2. **The red car to proceed straight ahead or turn right, and the blue-and-yellow car to proceed straight ahead.**
3. Both cars to proceed straight ahead only.

Answer: 2

---

38. Movement is permitted for:

1. **The red car.**
2. The motorcycle.
3. The tram and the red car.
4. The tram.
5. The blue car.

Answer: 1

---

39. **Is it permitted to follow the indicated path when the reversible-lane traffic lights are switched off?**

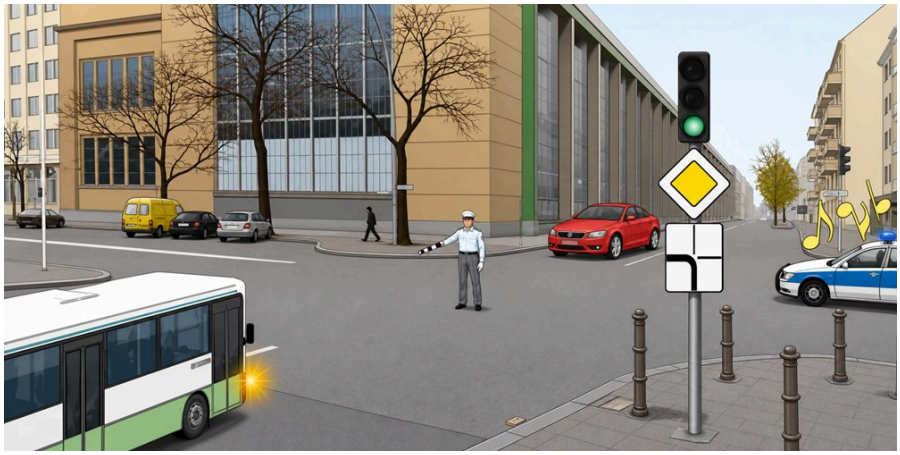

1. Yes, it is permitted.
2. Yes, for the purpose of overtaking.
3. **No, it is prohibited.**
4. Yes, if there are no oncoming vehicles.

Answer: 3

---

40. **In this situation, which vehicles are permitted to proceed?**

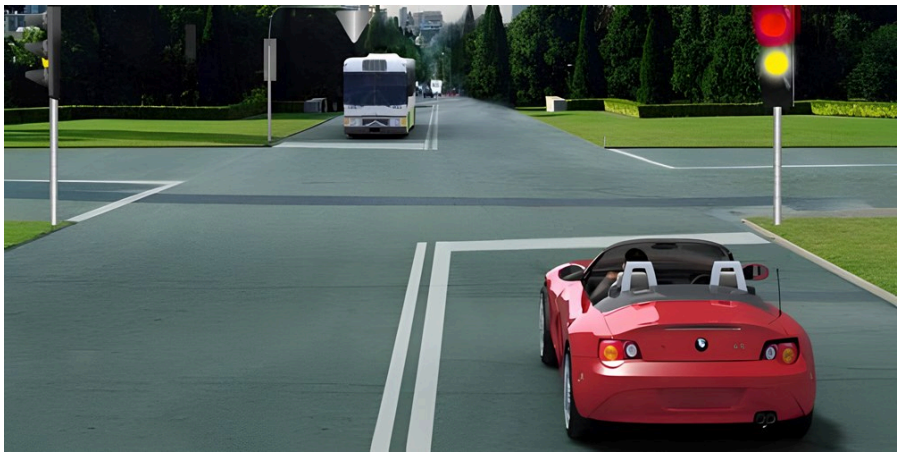

1. The passenger car straight ahead, the patrol car in all directions, and the bus to the right only.
2. Only the patrol car, in all directions.
3. **The patrol car in all directions and the bus to the right only.**

Answer: 3

---

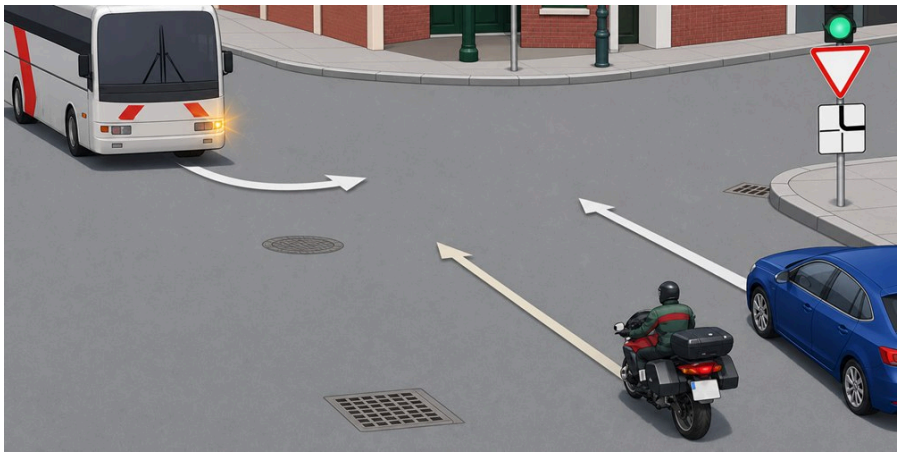

41. What does the traffic light signal indicate?

1. The traffic light is malfunctioning.
2. Drivers must comply with the road signs when passing through the intersection.
3. **Drivers must wait for a permissive traffic light signal.**

Answer: 3

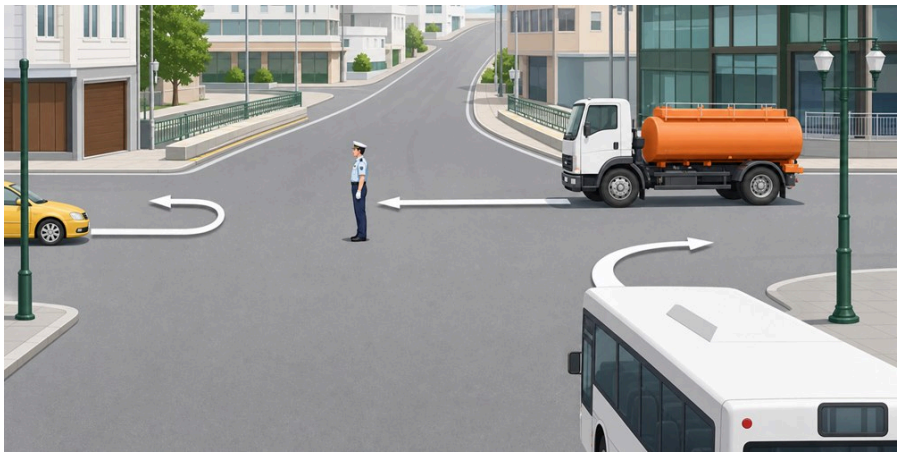

42. Which vehicle must yield the right of way?

1. **The bus.**
2. The motorcycle and the passenger car.

Answer: 1

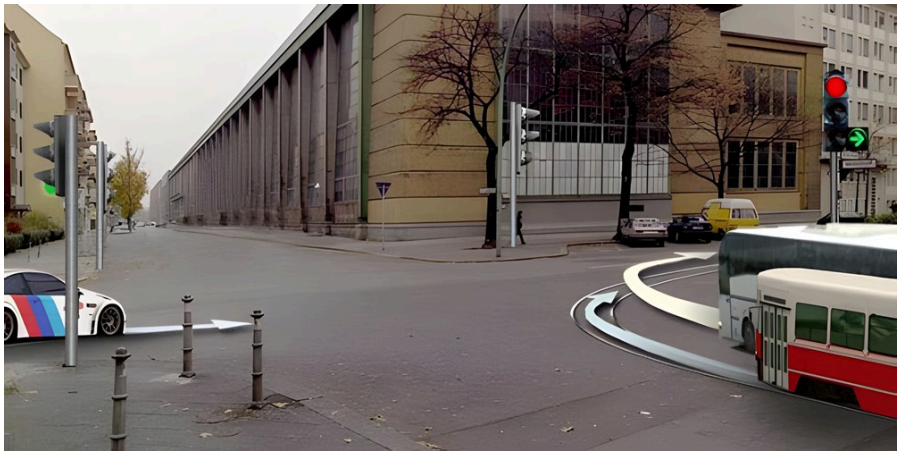

43. **Which drivers are permitted to proceed along the indicated paths?**

1. The truck driver.
2. The bus and truck drivers.
3. The passenger car and bus drivers.
4. **The bus driver.**

Answer: 4

44. **In which order will the vehicles pass through the intersection?**

1. The tram, the passenger car, the bus.
2. **The passenger car, the tram, the bus.**
3. The passenger car, the bus, the tram.

Answer: 2

45. In this situation, is the bus driver permitted to proceed straight ahead?

1. Yes.
2. **No.**
3. Yes, if the bus is operating on an established route.

Answer: 2

46. In which direction may the driver proceed?

1. **To the right at the first junction.**
2. To the right at both the first and second junctions.
3. To the left at the first junction.

Answer: 1

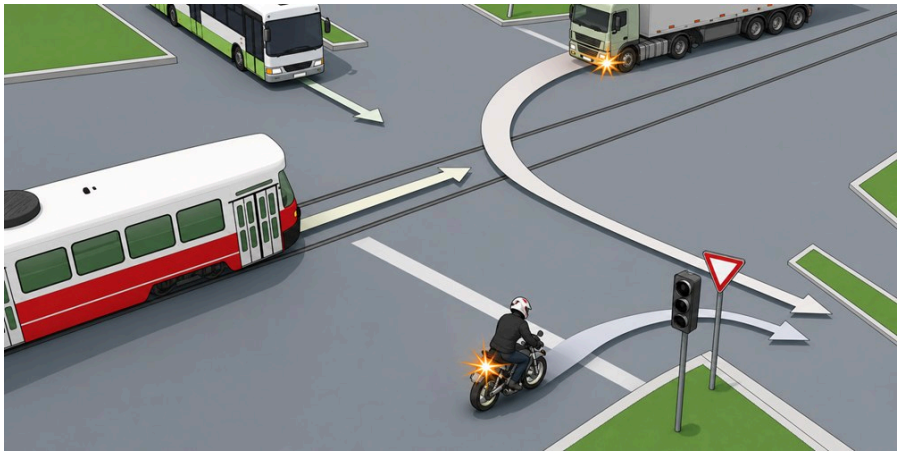

47. When turning right, the driver must yield the right of way to:

1. The cyclist only.
2. The pedestrians only.
3. **Both the pedestrians and the cyclist.**
4. The driver may proceed without stopping.

Answer: 3

48. In which order will the vehicles pass through the intersection?

1. The tram, the bus, the truck, the motorcycle.
2. The bus, the truck, the tram, the motorcycle.
3. **The bus, followed by the tram and the motorcycle, then the truck.**

Answer: 3

49. In this situation, to which tram driver must you yield the right of way?

1. Neither tram driver.
2. **Both tram drivers.**
3. Only tram A.

Answer: 2

50. Which driver has the right of way?

1. The bus driver.
2. **The passenger car driver.**

Answer: 2

51. When turning left in this situation,:

1. I will yield the right of way to the tram.
2. **I will proceed through the intersection first.**

Answer: 2

52. What should you do in this situation?

1. Enter the intersection and proceed through it after yielding the right of way to the passenger car driver.
2. Wait before the stop line until the passenger car driver has passed through the intersection.
3. Proceed through the intersection first.

Answer: 1

53. When turning right in this situation, must you yield the right of way?

1. Yes, you must.
2. No, you must not.

Answer: 1

54. Is turning right permitted in this situation?

1. Yes, provided you do not obstruct pedestrians.
2. No.

Answer: 1

55. Must you yield the right of way to the tram driver in this situation?

1. No, you are not required to.
2. **Yes, you are required to.**

Answer: 2

56. When the green traffic light comes on, the driver:

1. **Must yield the right of way to the truck driver.**
2. Has the right of way.

Answer: 1

57. At this intersection, the driver:

1. **Will proceed through the intersection first.**
2. Must yield the right of way to the tram.

Answer: 1

58. When proceeding straight ahead through the intersection, the driver:

1. May proceed first.
2. **Must yield the right of way to the tram.**
3. Must yield the right of way to both drivers.

Answer: 2

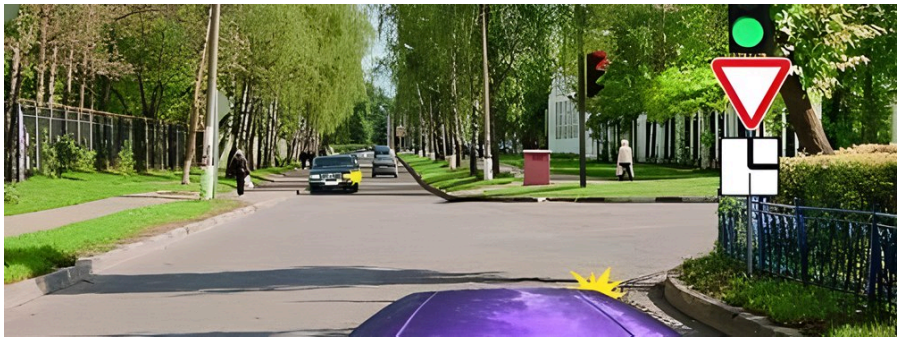

59. When turning, the driver must yield the right of way to:

1. Pedestrians only.
2. The cyclist.
3. **Both the cyclist and pedestrians.**

Answer: 3

60. When turning right, must you yield the right of way to the driver approaching from the opposite direction?

1. Yes.
2. **No.**

Answer: 2

61. When proceeding straight ahead through the intersection,:

1. We may proceed first.
2. **We must yield the right of way to the passenger car driver.**

Answer: 2

62. When turning left, you must yield the right of way to:

1. The passenger car driver only.
2. Pedestrians only.
3. **Both the passenger car driver and pedestrians.**

Answer: 3

63. Is turning right permitted in this situation?

1. No.
2. **Yes, provided you do not obstruct the pedestrian.**

Answer: 2

64. When turning left,:

1. **You must yield the right of way to the tram driver.**
2. You may proceed through the intersection first.

Answer: 1

---

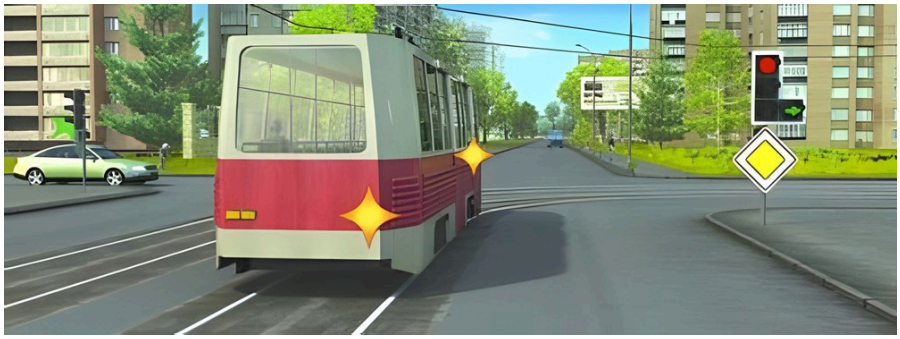

65. Which road signs do not apply when their requirements conflict with traffic light signals?

1. **Priority signs.**
2. Prohibitory signs.
3. Mandatory signs.
4. All of the above.

Answer: 1

---

66. In this situation, who must yield the right of way?

1. The passenger car driver.
2. **The tram driver.**

Answer: 2

---

67. When turning right,:

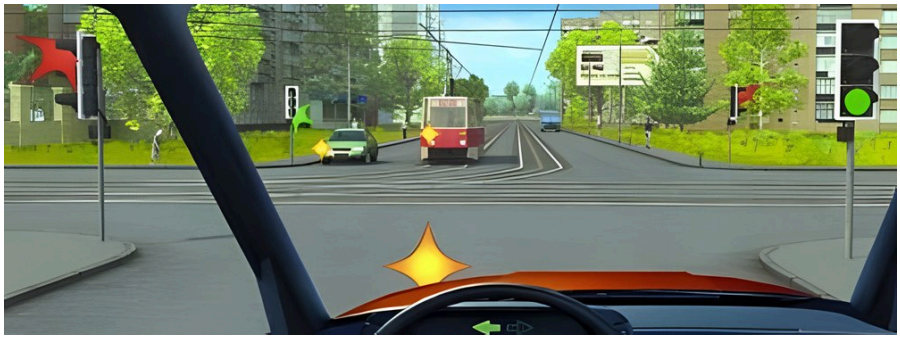

1. We must yield the right of way to the tram driver.
2. **We will proceed through the intersection first.**

Answer: 2

---

68. You intend to turn left. To whom must you yield the right of way?

1. Only the tram driver.
2. No one.
3. **Both the passenger car driver and the tram driver.**

Answer: 3

---

69. When turning left,:

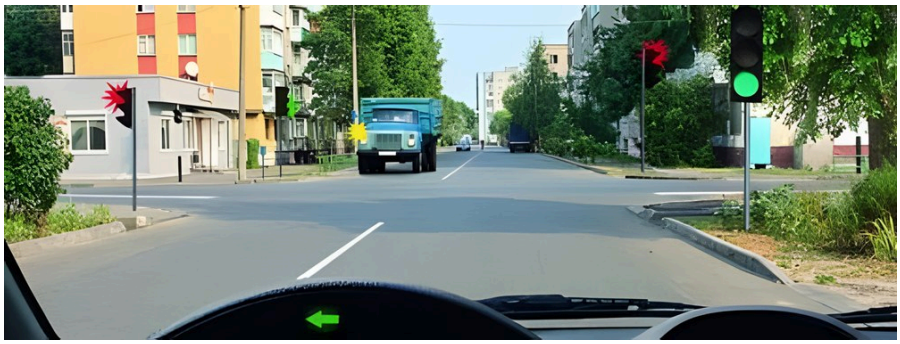

1. I will complete the manoeuvre without stopping.
2. **After entering the intersection, I will stop before the second stop line and wait for the green traffic light.**

Answer: 2

---

70. **Must we yield the right of way to the truck driver in this situation?**

1. **Yes.**
2. No.

Answer: 1

---

71. **When turning left in this situation, you must:**

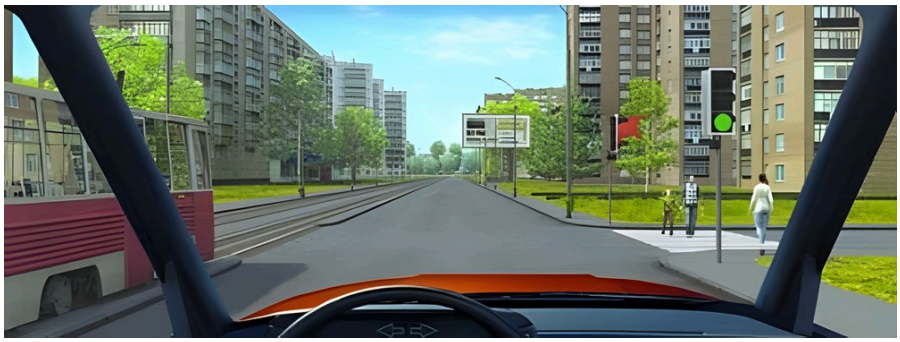

1. Enter the intersection and wait for the traffic officer's signal permitting a left turn.
2. **Stop before the stop line marking and wait for the traffic officer's signal permitting a left turn.**
3. Enter the intersection and proceed through it after yielding the right of way to the driver approaching from the opposite direction.

Answer: 2

---

72. **When may you proceed through the intersection without yielding the right of way to another road user?**

1. **When proceeding straight ahead.**
2. When turning right.
3. When turning left.

Answer: 1

---

73. When turning right, you must:

1. Stop before the stop line to avoid obstructing pedestrians.
2. **Enter the intersection and stop to avoid obstructing pedestrians.**
3. Proceed through the intersection without stopping.

Answer: 2

---

74. When turning right,:

1. You must yield the right of way to the passenger car driver.
2. **You may proceed through the intersection first.**

Answer: 2

---

75. After the traffic light displays a signal permitting movement, we may enter the intersection:

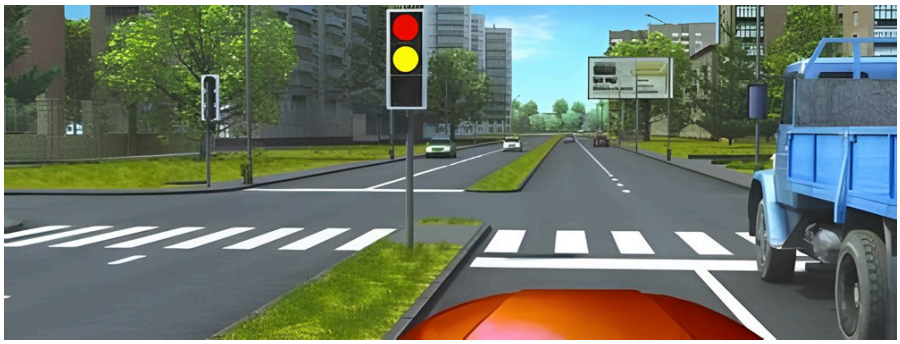

1. **Only when making a turn or a U-turn.**
2. In all cases.

Answer: 1

---

76. When the traffic light turns green, we must:

1. **Make sure that there are no pedestrians who have not finished crossing in the part of the pedestrian crossing that is not visible.**
2. Start moving immediately in accordance with the traffic light signal.

Answer: 1

---

77. When making a U-turn in this situation, must we yield the right of way to the other driver?

1. No, we are not required to.
2. **Yes, we are required to.**

Answer: 2

---

78. In which direction may the driver continue in this situation?

1. **Straight ahead only.**
2. Straight ahead or right.
3. Straight ahead or left.
4. In any direction.

Answer: 1

---

79. **Which driver may continue driving?**

1. Neither driver.
2. Only the bus driver.
3. **Both drivers.**

Answer: 3

80. **Crossing the railway level crossing is:**

1. **Permitted.**
2. Prohibited.

Answer: 1

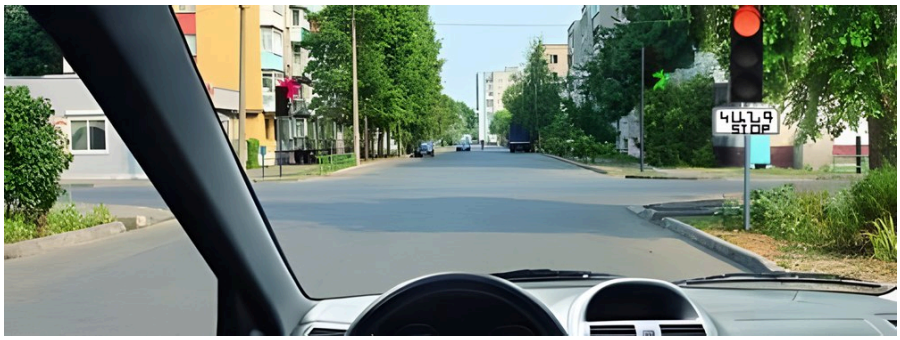

81. **Proceeding through the intersection is:**

1. Prohibited.
2. Permitted in all cases.
3. **Permitted if the driver cannot stop before the stop line without braking sharply.**

Answer: 3

82. Where must you stop in accordance with the traffic light signal?

1. **Before the traffic light.**
2. Before the intersecting carriageway.
3. Anywhere.

Answer: 1

---

83. Turning left is permitted:

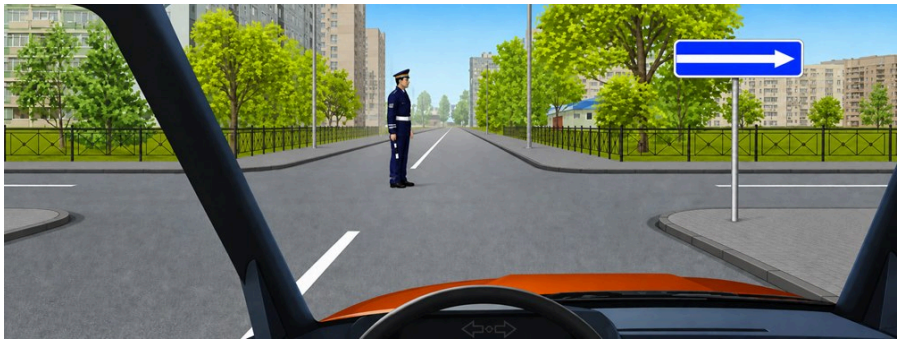

1. From the reversible traffic lane.
2. **From the lane indicated in the illustration.**

Answer: 2

---

84. Driving is permitted:

1. Straight ahead only.
2. Right only.
3. **Straight ahead or right.**

Answer: 3

---

85. Driving is permitted:

1. Straight ahead or right.
2. Straight ahead only.
3. **Right only.**

Answer: 3

---

86. The arrows shown on the green traffic light signal indicate that:

1. Turning right is prohibited.
2. **Traffic moving to the right is controlled by an additional traffic light section.**

Answer: 2

---

87. Is overtaking the truck permitted?

1. Yes.
2. **No.**

Answer: 2

---

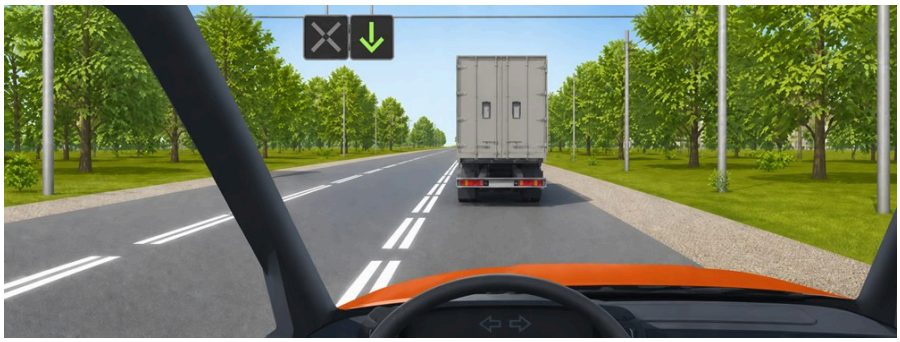

88. **In which direction may the driver proceed in this situation?**

1. Left only.
2. The driver must wait for a signal permitting movement.
3. **Left or by making a U-turn.**

Answer: 3

89. **Entering the reversible traffic lane in this situation is:**

1. **Permitted.**
2. Permitted only for overtaking.
3. Prohibited.

Answer: 1

90. **Proceeding straight ahead from the indicated lane is:**

1. Permitted.
2. Permitted only after the main green traffic light signal comes on.
3. **Prohibited.**

Answer: 3

91. **Driving is permitted:**

1. Straight ahead or right.
2. Right only.
3. **In all directions.**

Answer: 3

---

92. **Driving in this situation is:**

1. Permitted.
2. **Prohibited.**

Answer: 2

---

93. **Before moving off or performing a manoeuvre, a bus driver must make sure that:**

1. There are no other vehicles in the same lane at that moment.
2. **The manoeuvre is safe and will not obstruct other road users.**
3. The manoeuvre can be completed as quickly as possible to clear the road.

Answer: 2

---

94. **Is it permitted to travel on tram tracks on the left-hand side of the carriageway, at the same level and in the same direction as traffic, when all lanes in that direction are occupied?**

1. **Yes, provided that the relevant road signs do not prescribe a different traffic arrangement and that this does not obstruct tram traffic.**
2. Only if the vehicle is overtaking.
3. No, it is prohibited in all cases because tram tracks are intended exclusively for rail vehicles.

Answer: 1

---

95. If the carriageway is divided into lanes by road markings, when may a driver cross the broken lines separating the lanes?

1. **Only when changing lanes.**
2. At any time, a driver may cross or drive along a broken line if there are no other vehicles on the road.
3. In both cases.

Answer: 1

---

96. What distance must a bus driver maintain from the vehicle travelling ahead?

1. **A sufficient distance to avoid a collision with that vehicle.**
2. A distance that allows other vehicles overtaking the bus to complete the manoeuvre and move back into the lane ahead of it without obstruction.

Answer: 1

---

97. What lateral clearance must a bus driver maintain from a vehicle travelling alongside the bus?

1. **Sufficient clearance to avoid a collision with that vehicle.**
2. At least 0.5 metres.
3. At least 1 metre.

Answer: 1

---

98. Outside built-up areas, on two-way roads with one lane in each direction, what distance must drivers of buses longer than 7 metres maintain from the vehicle ahead?

1. At least 50 metres, regardless of speed and road conditions.
2. **A distance sufficient to allow drivers overtaking them to move back into their original lane without obstruction if necessary.**
3. A distance at their discretion, taking road safety into account.

Answer: 2

---

99. Before overtaking, a bus driver must, among other requirements, make sure that:

1. **After completing the overtaking manoeuvre, the bus can return to its original lane without obstructing the vehicle being overtaken.**
2. The driver of the vehicle ahead has noticed the manoeuvre and is yielding the right of way by reducing speed.
3. Both conditions apply.

Answer: 1

---

100. Before overtaking, a bus driver must, among other requirements, make sure that:

1. Vehicles behind are maintaining a sufficient distance and the vehicle ahead has already begun to slow down to give way.
2. **The vehicle travelling behind in the same lane has not begun overtaking, and the vehicle ahead has not signalled an intention to overtake, turn left or make a U-turn.**
3. Both conditions apply.

Answer: 2

---

101. Is it permitted to overtake non-rail vehicles on the right?

1. **Yes, if the driver of the vehicle ahead has signalled a left turn and begun the manoeuvre.**
2. No, overtaking on the right is prohibited in all cases because overtaking must be carried out exclusively on the left for safety reasons.

Answer: 1

102. Outside built-up areas, if a large bus is difficult for other vehicles to overtake, what must its driver do?

1. **Keep as far to the right as possible and, if necessary, stop to allow vehicles behind to pass.**
2. Switch on the hazard warning lights and continue at the same speed until reaching a section where overtaking is permitted.

Answer: 1

103. Is a bus driver permitted to overtake several vehicles in a single manoeuvre?

1. **Yes, if the manoeuvre is safe for other road users.**
2. No, the driver must return to the original lane after overtaking each vehicle before beginning the next overtaking manoeuvre.
3. Only when overtaking slow-moving vehicles.

Answer: 1

104. Is it permitted to begin overtaking a vehicle whose driver has signalled a left turn and begun the manoeuvre?

1. Yes, it is permitted.
2. No, it is prohibited.
3. **Only if overtaking is carried out on the right.**

Answer: 3

105. Are U-turns prohibited where visibility is less than 100 metres in at least one direction?

1. Only in built-up areas.
2. Only outside built-up areas.
3. **On all roads.**
4. No, they are not prohibited.

Answer: 3

106. What must a bus driver do to ensure safety when reversing?

1. Sound the horn continuously.
2. Switch on the position lights and reverse at the lowest possible speed.
3. **Seek assistance from other persons if necessary.**
4. Take all the actions listed.

Answer: 3

107. How must a driver determine the number of traffic lanes if road markings and mandatory direction signs are absent?

1. In the absence of markings, the road is considered to have one lane regardless of its width.
2. **The number of lanes is determined by the width of the carriageway, the dimensions of vehicles and the necessary lateral clearance between them.**

Answer: 2

---

108. On roads with three or more lanes in the same direction, when may buses operating regular services use the leftmost lane?

1. In heavy traffic, if all other lanes are occupied.
2. Only to overtake other vehicles or pass an obstruction.
3. **Only to turn left or make a U-turn.**
4. In any circumstances.

Answer: 3

---

109. If a bus cannot exceed 40 km/h for technical reasons, may its driver leave the rightmost lane to stop on the left?

1. No, vehicles travelling at no more than 40 km/h must remain exclusively in the rightmost lane and may not leave it.
2. **Yes, if the bus stops at a location where stopping is permitted under the traffic rules.**

Answer: 2

---

110. In heavy traffic within a built-up area, when is changing lanes permitted?

1. Only when turning left or right.
2. Only when making a U-turn.
3. Only before passing an obstruction or stopping.
4. **In all the cases listed.**
5. Only in cases 1 and 3.

Answer: 4

---

111. Is it prohibited for buses to travel on road shoulders, pavements and pedestrian paths even when no other route is available?

1. Yes, it is prohibited.
2. **Buses operated by road maintenance and municipal services may do so, provided they do not obstruct pedestrians and ensure road safety.**

Answer: 2

---

112. Which part of the carriageway must buses use outside built-up areas?

1. **As close as possible to the right-hand edge of the carriageway.**
2. Any lane except the leftmost lane.
3. At the driver's discretion, provided road safety is ensured.

Answer: 1

---

113. **Which lane must buses use on a road marked with the 'Road for Motor Vehicles' sign within a built-up area?**

1. **As close as possible to the right-hand edge of the carriageway.**
2. Any lane except the leftmost lane.

Answer: 1

---

114. **Which lanes may buses providing regular passenger services use on a road with three lanes in the same direction?**

1. **Only the first and second lanes, unless turning left or making a U-turn.**
2. Any lane when traffic is heavy and the other lanes are occupied.

Answer: 1

---

115. **Is a bus driver permitted to overtake a vehicle that has slowed down immediately before an intersection?**

1. Yes, if no pedestrians are crossing the carriageway at that moment.
2. **No, overtaking is prohibited.**
3. Yes, if visibility at the intersection is sufficient to complete the manoeuvre safely.

Answer: 2

---

116. **Is a bus driver permitted to overtake near the crest of a hill without entering the lane of oncoming traffic?**

1. **Yes, it is permitted.**
2. No, it is prohibited.

Answer: 1

---

117. **Is a bus driver permitted to overtake near the crest of a hill by entering the lane of oncoming traffic?**

1. Yes, it is permitted.
2. **No, it is prohibited.**
3. Yes, if there are no other vehicles in the oncoming lane.

Answer: 2

---

118. **Is a bus driver permitted to overtake on a road section with limited visibility by entering the lane of oncoming traffic?**

1. Yes, it is permitted.
2. **No, it is prohibited.**
3. Yes, if the driver is confident the manoeuvre can be completed safely.

Answer: 2

---

119. **Is a bus driver permitted to overtake on a road section with limited visibility without entering the lane of oncoming traffic?**

1. **Yes, it is permitted.**
2. No, it is prohibited.

Answer: 1

---

120. **Is a bus driver permitted to overtake on a road section with limited visibility?**

1. **Yes, if the overtaking manoeuvre does not involve entering the lane of oncoming traffic.**
2. No, regardless of visibility and whether the oncoming lane is entered.
3. Yes, at any time.

Answer: 1

---

121. **Is a bus driver permitted to overtake where the road narrows?**

1. Yes, if the overtaking manoeuvre does not involve entering the lane of oncoming traffic.
2. **No, it is prohibited.**
3. Yes, if the driver is confident the manoeuvre can be completed safely.

Answer: 2

---

122. **A bus driver is prohibited from overtaking when the driver of the vehicle to be overtaken is:**

1. Overtaking another vehicle.
2. Passing an obstruction.
3. **Doing either of the above.**

Answer: 3

---

123. **Travel is permitted:**

1. In the opposite direction only.
2. Straight ahead only.
3. **Straight ahead and in the opposite direction only.**

Answer: 3

---

124. If you are driving a bus, may you begin overtaking?

1. Yes.
2. **No.**
3. Only after passing the sign.

Answer: 2
